Truth about the universe and everything else What's really going on Why are we here In middle age she rediscovered the journal she had kept during her tumultuous adolescence which records an event so strange so cataclysmic that she had never in all the intervening years written or spoken about it to anyone It was the kind of event that people call a mystical experience and to a steadfast atheist and rationalist nothing less than shattering In *Living With a Wild God* Ehrenreich reconstructs her childhood mission bringing an older woman's wry and erudite perspective to a young girl's impassioned obsession with the questions that at one point or another torment us all The result is both deeply personal and cosmically sweeping a searing memoir and a profound reflection on science religion and the human condition With her signature combination of intellectual rigor and uninhibited imagination Ehrenreich offers a true literary achievement a work that has the power not only to entertain but amaze
