the absence of esoteric thought Calling on Christianity Judaism Eastern philosophies the symbolism of the Tarot experimental mysticism the study of dreams hypnotism yoga but also the sciences and in particular ancient physics and modern the author attempts to answer the following questions what form does the world have Is the world a chaos or a system Does the universe exist by accident or was it created according to a plan A new model of the Universe responds to a growing need in late 20th century man to question his origins and the meaning of his existence by having recourse to ancient beliefs and traditions
