Narrative Personae and Desire in Modernist Fiction Kevin Ohi, 2025-09-25 Examining modernist fiction in the context of a longer tradition of narrative impersonality Narrative Personae and Desire in Modernist Fiction explores how narrative language renders subjective states of interiority and desire Inspired by linguistic analyses of the speakerless sentences of narrative language and their unoccupied centers of perception Kevin Ohi argues that modernist texts are populated by quasi persons narrative voices that are impersonal while trailing effects of personality and characters whose personhood is suspended the incisive rendering of psychology and desire produced by externalizations of consciousness Certain first person texts highlight the constitutive tension between the functions of narrator and character joined in that first person while in third person texts a charismatic or impervious central voice can be shown nevertheless to hold the psychologies it empties from the characters it describes At stake is the particular way that modernist narrative responds to the question of literature s capacities for addressing psychic life In Virginia Woolf s Jacob s Room William Faulkner s As I Lay Dying Ford Madox Ford s The Good Soldier Eudora Welty s The Golden Apples Ronald Firbank s Concerning the Eccentricities of Cardinal Pirelli and James Purdy s Mourners Below this volume finds a paradoxical merger a humanizing effect achieved by narrative depersonalization and its evocations of psychology and desire *The Office Girls* Sylvester Stephens, 2010-05-11 A topsy turvy ride through corporate America where the male is the minority and must face a comedic blend of sex discrimination and harassment that threatens his sanity Michael Forrester a floundering author has been reduced to writing articles for a local newspaper under a pseudonym When the newspaper runs an article he finds offensive to African American men he writes a rebuttal which offends so many women it gets him fired Michael then sets out to write a book that proves corporate women are just as scandalous competitive and insensitive as their male counterparts But when he manipulates events to get hired into an office that is staffed by all women events quickly spiral out of control As romances sprout like weeds and Michael finds himself fighting for the women he works alongside rather than against them the question is whether he will be able to focus on his work keep his flings a secret and achieve the success he has always dreamed of In turns hilarious sobering and eye opening *The Office Girls* tells the story of every woman who works in the corporate world and the challenges they face on a daily basis The misogyny sexual harassment and gender inequality faced by these characters will ring true for all women who have experienced corporate America **Low Level Hell** Hugh L. Mills, Jr., 2009-01-16 The aerobats of the 1st Infantry Division had three words emblazoned on their unit patch Low Level Hell It was then and continues today as the perfect concise definition of what these intrepid aviators experienced as they ranged the skies of Vietnam from the Cambodian border to the Iron Triangle The Outcasts as they were known flew low and slow aerial
