Lords Of The Night:

The Lords of Night J.C. Cervantes, 2022-10-04 Best selling author Rick Riordan presents J C Cervantes s exciting new spin off from the best selling STORM RUNNER trilogy J C Cervantes is about to take you on a trip you will never forget through the darkest strangest and funniest twists and turns of Maya myth Rick Riordan Fourteen year old Renata Santiago is the most powerful godborn of them all a bruja with a unique combination of DNA The Mexica blood from her dad s side gives her the ability to manipulate shadows Her mom Pacific a Maya goddess gifted her a magical rope that controls time and Ren recently used it to save a few gods from getting stuck forever in 1987 She brought them back to the present but her BFF Ah Puch the once fearsome god of death darkness and destruction is now a teenager with no divine powers Ren is also a girl with ordinary hopes and dreams She wishes for example that her blog about alien sightings would garner more respect She s always been absolutely convinced that there s a connection between aliens and the Maya civilization Plenty of online haters feel differently and they call her a fake a liar and a loser When Ren receives an email about an alien sighting in Kansas she thinks it may support her theory She also suspects that the cinco five renegade godborns are up to no good Soon she finds herself embroiled in a quest to prevent the troublemakers from awakening the nine Aztec Lords of Night Problem is none of Ren s friends are available to help her hunt down the cinco and the dangerous gods they are resurrecting Ren has no choice but to team up with two strangers recruited by Ah Puch Edison a teen hybrid demon and Montero an eleven year old Aztec hunter Succeeding in this quest will prove that Ren is no fake liar or loser But it isn t just another challenge It could well be an impossible one that leaves Ren questioning her very existence [Time, History, and Belief in Aztec and Colonial Mexico](#)

Ross Hassig, 2001-04-15 Based on their enormously complex calendars that recorded cycles of many kinds the Aztecs and other ancient Mesoamerican civilizations are generally believed to have had a cyclical rather than linear conception of time and history This boldly revisionist book challenges that understanding Ross Hassig offers convincing evidence that for the Aztecs time was predominantly linear that it was manipulated by the state as a means of controlling a dispersed tribute empire and that the Conquest cut off state control and severed the unity of the calendar leaving only the lesser cycles From these he asserts we have inadequately reconstructed the pre Columbian calendar and so misunderstood the Aztec conception of time and history Hassig first presents the traditional explanation of the Aztec calendrical system and its ideological functions and then marshals contrary evidence to argue that the Aztec elite deliberately used calendars and timekeeping to achieve practical political ends He further traces how the Conquest played out in the temporal realm as Spanish conceptions of time partially displaced the Aztec ones His findings promise to revolutionize our understanding of how the Aztecs and other Mesoamerican societies conceived of time and history [Lord Night](#) E.L. Purgatory is starting to swell with bad things so bad in fact that the mighty Order tasked to keep things in line is struggling As fortresses fall and the darkness creeps closer to Earth s boundary an old uneasy alliance must reunite to save the day

otherwise all is lost Meanwhile in the mortal world wannabe monster hunter Henrick Christin takes a case he believes will skyrocket his career And skyrocket it will as he s drawn into a conflict that span across worlds and take him on a journey of realizations His discovery will rock reality itself **Cycles of Time and Meaning in the Mexican Books of Fate**

Elizabeth Hill Boone,2013-05-17 In communities throughout precontact Mesoamerica calendar priests and diviners relied on pictographic almanacs to predict the fate of newborns to guide people in choosing marriage partners and auspicious wedding dates to know when to plant and harvest crops and to be successful in many of life s activities As the Spanish colonized Mesoamerica in the sixteenth century they made a determined effort to destroy these books in which the Aztec and neighboring peoples recorded their understanding of the invisible world of the sacred calendar and the cosmic forces and supernaturals that adhered to time Today only a few of these divinatory codices survive Visually complex esoteric and strikingly beautiful painted books such as the famous Codex Borgia and Codex Borbonicus still serve as portals into the ancient Mexican calendrical systems and the cycles of time and meaning they encode In this comprehensive study Elizabeth Hill Boone analyzes the entire extant corpus of Mexican divinatory codices and offers a masterful explanation of the genre as a whole She introduces the sacred divinatory calendar and the calendar priests and diviners who owned and used the books Boone then explains the graphic vocabulary of the calendar and its prophetic forces and describes the organizing principles that structure the codices She shows how they form almanacs that either offer general purpose guidance or focus topically on specific aspects of life such as birth marriage agriculture and rain travel and the forces of the planet Venus Boone also tackles two major areas of controversy the great narrative passage in the Codex Borgia which she freshly interprets as a cosmic narrative of creation and the disputed origins of the codices which she argues grew out of a single religious and divinatory system **Take Back the Night** Candi Macalpine,2005 We have given over the nighttime to the enemy states

Candi MacAlpine author and intercessory prayer leader But I believe there are some roots we need to eradicate and they are hidden in the night she adds as she equips Christians to take an aggressive stance in spiritual warfare in her release Take Back the Night In Take Back the Night MacAlpine gives readers insight into the mechanics of spiritual warfare and a blueprint for successful intercessory prayer particularly in the midnight hour as she asserts when warfare is the most intense She writes God created the night according to Genesis 1 for far to long we Christians have relegated the night to the demonic realm and in all reality a level of fear has kept the church of Jesus Christ from taking back this territory Accompanied with scriptural passages and numerous testimonies Take Back the Night includes a list of names of Jesus in Scripture Also covered in Take Back the Night is the following Can a nonbeliever experience spiritually significant dreams Dream
