## **Lords Locators Northeast:**

*National Union Catalog* ,1982 Includes entries for maps and atlases      **National Union Catalog, 1982** ,1983      **The Expansion of Central Europe in the Middle Ages** Nora Berend,2017-05-15 This volume brings together a set of key studies on the history of medieval Central Europe Bohemia Hungary Poland along with others specially commissioned for the book or translated and a new introduction This region was both an area of immigration and one of politics in expansion Such expansion included the settlement and exploitation of previously empty lands as well as rulers attempts to incorporate new territories under their rule although these attempts did not always succeed Often German immigration has been prioritized in scholarship and the medieval expansion of Central Europe has been equated with the expansion of Germans Debates then focused on the positive or negative contribution of Germans to local life and the consequences of their settlement This perspective however distorts our understanding of medieval processes On the one hand Central Europe was not a passive recipient of immigrants Local rulers and eventually nobles benefited from and encouraged immigration they played an active role On the other hand German immigration was not a unified movement and cannot be equated with a drang nach osten Finally not just Germans but also various Romance speaking and other immigrant groups settled in Central Europe This volume therefore seeks to present a more complex picture of medieval expansion in Central Europe      **Subject Catalog** Library of Congress,      **The North-Eastern Frontiers of Medieval Europe** Alan V. Murray,2017-05-15 By the mid twelfth century the lands on the eastern coast of the Baltic Sea from Finland to the frontiers of Poland were Catholic Europe s final frontier a vast undeveloped expanse of lowlands forest and waters inhabited by peoples belonging to the Finnic and Baltic language groups In the course of the following three centuries Finland Estonia Livonia and Prussia were incorporated into the Latin world through processes of conquest Christianisation and settlement and brought under the rule of Western monarchies and ecclesiastical institutions Lithuania was left as the last pagan polity in Europe yet able to accept Christianity on its own terms in 1386 The Western conquest of the Baltic lands advanced the frontier of Latin Christendom to that of the Russian Orthodox world and had profound and long lasting effects on the institutions society and culture of the region lasting into modern times This volume presents 21 key studies 2 of them translated from German for the first time on this crucial period in the development of North Eastern Europe dealing with crusade and conversion the establishment of Western rule settlement and society and the development of towns trade and the economy It includes a classified bibliography of the main works published in Western languages since World War II together with an introduction by the editor      Subject Catalog, 1982 Library of Congress,1982      **Geologic Mapping by Means of Graphic Locator** David Joseph Varnes, Frank Charles Schrader, Geological Survey (U.S.), P. J. Shenon, J. C. Reed, 1934      **Subject Guide to Books in Print** ,1983      **Paperbound Books in Print** ,1983      *The Publishers' Trade List Annual* ,1985      *Books in Print Supplement* ,1985      **The Publishers Weekly** ,1981      Everything You Need to Know About Renting But Didn't Know to Ask Jonas
