A People Betrayed: A History of Corruption, Political Incompetence and Social Division in Modern Spain Paul

Preston, 2020-06-16 Nowhere does the ceaseless struggle to maintain democracy in the face of political corruption come more alive than in Paul Preston's magisterial history of modern Spain The culmination of a half century of historical investigation A People Betrayed is not only a definitive history of modern Spain but also a compelling narrative that becomes a lens for understanding the challenges that virtually all democracies have faced in the modern world Whereas so many twentieth century Spanish histories begin with Franco and the devastating Civil War Paul Preston's magisterial work begins in the late nineteenth century with Spain's collapse as a global power especially reflected in its humiliating defeat in 1898 at the hands of the United States and its loss of colonial territory This loss hung over Spain in the early years of the twentieth century its agrarian economic base standing in stark contrast to the emergence of England Germany and France as industrial powers Looking back to the years prior to 1923 Preston demonstrates how electoral corruption infiltrated almost every sector of Spanish life thus excluding the masses from organized politics and giving them a bitter choice between apathetic acceptance of a decrepit government or violent revolution So ineffective was the Republic which had been launched in 1873 that it paved the way for a military coup and dictatorship led by Miguel Primo de Rivera in 1923 exacerbating widespread profiteering and fraud When Rivera was forced to resign in 1930 his fall brought forth a succession of feeble governments stoking rancorous tensions that culminated in the tragic Spanish Civil War With astonishing detail Preston describes the ravages that rent Spain in half between 1936 and 1939 Tracing the frightening rise of Francisco Franco Preston recounts how Franco grew into Spain's most powerful military leader during the Civil War and how after the war he became a fascistic dictator who not only terrorized the Spanish population through systematic oppression and murder but also enriched corrupt officials who profited from severe economic plunder of Spain's working class The dictatorship lasted through World War II

during which Spain sided with Mussolini and Hitler and only ended decades later in 1975 when Franco's death was followed by a painful yet bloodless transition to republican democracy. Yet as Preston reveals, corruption and political incompetence continued to have a corrosive effect on social cohesion into the twenty-first century as economic crises, Catalan independence struggles, and financial scandals persist in dividing the country. Filled with vivid portraits of politicians and army officers, revolutionaries and reformers, and written in the absorbing Economist style for which Preston is so revered, *A People Betrayed* is the first historical work to examine the continuities of political unrest and national anxiety in Spain up until the present, providing a chilling reminder of just how fragile democracy remains in the twenty-first century. *Manifiesto al público de José María Covos. [The Chinese Language in European Texts](#) Dinu Luca, 2016-08-19 This detailed chronological study investigates the rise of the European fascination with the Chinese language up to 1615. By meticulously investigating a wide range of primary sources, Dinu Luca identifies a rhetorical continuum uniting the land of the Seres, Cathay, and China in a tropology of silence, vision, and writing. Tracing the contours of this tropology, *The Chinese Language in European Texts: The Early Period* offers close readings of language-related contexts in works by classical authors, medieval travelers, and Renaissance cosmographers, as well as various merchants, wanderers, and missionaries, both notable and lesser known. What emerges is a clear and comprehensive understanding of early European ideas about the Chinese language and writing system.

**Missionary Linguistics VI** Otto Zwartjes, Paolo De Troia, 2021-11-02 This is the sixth volume to be dedicated to the pioneering linguistic work produced by missionaries in Asia. This volume presents research into the documentation, study, and description of Chinese, Japanese, Vietnamese, and Tamil. It provides a selection of papers which primarily concentrate on the Society of Jesus and their linguistic production, but also covers linguistic works written by Franciscans, the Order of Discalced Carmelites, and works of other religious institutions such as the Propaganda Fide and the Missions étrangères de Paris. New insights are provided regarding these works and their reception among European scholars interested in these exotic languages and cultures. Each text is placed in its historical context, and various approaches to some of the most important descriptive problems faced by these linguists *avant la lettre* are analyzed, such as the establishment of an adequate romanization system, the description of typological features of these Asian languages such as tonality and aspiration in Chinese and Vietnamese, agglutination and derivational morphology in Japanese and Tamil, and pragmatics, in particular politeness in Japanese. This volume not only looks at methodology and descriptive techniques but also comments on missionary linguistic policies in Asia and offers articles of interest to historiographers of linguistics, historians, typologists, descriptive linguists, and those interested in translation studies.

[La albariza de los juncos \(Marqués de Sotoancho\)](#) Alfonso Ussía, 2015-01-23 Después de mucho tiempo se recuperan las memorias del marqués de Sotoancho de Alfonso Ussía que comienzan con este volumen. Una lectura placentera y divertida que pone en entredicho un mundo que el autor conoce muy de cerca. Alfonso Ussía es un autor de

renombre con un público muy fiel y sus libros constituyen éxitos de ventas seguros.
