Rios, 2020 Melodious panpipes and kena flutes The shimmering strums of a charango Poncho clad musicians playing El Condor Pasa at subway stops or street corners while selling their recordings These sounds and images no doubt come to mind for many world music fans when they recall their early encounters with Andean music groups Ensembles of this type known as Andean conjuntos or pan Andean bands have long formed part of the world music circuit in the Global North In the major cities of Latin America too Andean conjuntos have been present in the local music scene for decades not only in Peru Bolivia and Ecuador i.e. in the Andean countries but also in Argentina Chile Colombia and Mexico It is solely in Bolivia however that the Andean conjunto has represented the

preeminent folkloric popular music ensemble configuration for interpreting national musical genres from the late 1960s onward. Despite its frequent association with indigenous villages, the music of Andean conjuntos bears little resemblance to the indigenous musical expressions of the Southern Andes. Created by urban criollo and mestizo folkloric artists, the Andean conjunto tradition represents a form of mass-mediated folkloric music, one that is only loosely based on indigenous musical practices. Panpipes. Ponchos reveals that in the early to mid-20th century, a diverse range of musicians and ensembles, including *estudiantinas* (female vocal duos), bolero trios, art-classical composers, and mestizo panpipe groups, laid the groundwork for the Andean conjunto format to eventually take root in the Bolivian folklore scene amid the boom decade of the 1960s. Author Fernando Ríos analyzes local musical trends in conjunction with government initiatives in nation-building and the ideologies of *indigenismo* and *mestizaje*. Beyond the local level, Ríos also examines key developments in Bolivian national musical practices through their transnational links with trends in Peru, Argentina, Chile, Mexico, and France. As the first book-length study that chronicles how Bolivia's folkloric music movement articulated on the one hand with Bolivian state projects and on the other with transnational artistic currents for the pivotal era spanning the 1920s to 1960s, Panpipes Ponchos offers new perspectives on the Andean conjunto's emergence as Bolivia's favored ensemble line-up in the field of national folkloric popular music.

American Sabor Marisol Berrios-Miranda, Shannon Dudley, Michelle Habell-Pallan, 2017-12-15. Evoking the pleasures of music as well as food, the word *sabor* signifies a rich essence that makes our mouths water or makes our bodies want to move. *American Sabor* traces the substantial musical contributions of Latinas and Latinos in American popular music between World War II and the present in five vibrant centers of Latin musical production: New York, Los Angeles, San Antonio, San Francisco, and Miami. From Tito Puente's mambo dance rhythms to the Spanglish rap of Mellow Man Ace, *American Sabor* focuses on musical styles that have developed largely in the United States, including jazz, rhythm and blues, rock, punk, hip-hop, country, Tejano, and salsa, but also shows the many ways in which Latin musicians and styles connect US culture to the culture of the broader Americas. With side-by-side Spanish and English text, authors Marisol Berrios-Miranda, Shannon Dudley, and Michelle Habell-Pallan challenge the white and black racial framework that structures most narratives of popular music in the United States. They present the regional histories of Latin communities, including Chicanos, Tejanos, and Puerto Ricans, in distinctive detail and highlight the shared experiences of immigration, migration, racial boundary crossing, contesting gender roles, youth innovation, and articulating an American experience through music. In celebrating the musical contributions of Latinos and Latinas, *American Sabor* illuminates a cultural legacy that enriches us all.
