Cycles of Time and Meaning in the Mexican Books of Fate Elizabeth Hill Boone, 2013-05-17 In communities throughout precontact Mesoamerica, calendar priests and diviners relied on pictographic almanacs to predict the fate of newborns, to guide people in choosing marriage partners and auspicious wedding dates, to know when to plant and harvest crops, and to be successful in many of life's activities. As the Spanish colonized Mesoamerica in the sixteenth century, they made a determined effort to destroy these books in which the Aztec and neighboring peoples recorded their understanding of the invisible world of the sacred calendar and the cosmic forces and supernaturals that adhered to time. Today, only a few of these divinatory codices survive. Visually complex, esoteric, and strikingly beautiful painted books such as the famous Codex Borgia and Codex Borbonicus still serve as portals into the ancient Mexican calendrical systems and the cycles of time and meaning they encode. In this comprehensive study, Elizabeth Hill Boone analyzes the entire extant corpus of Mexican divinatory codices and offers a masterful explanation of the genre as a whole. She introduces the sacred divinatory calendar and the calendar priests and diviners who owned and used the books. Boone then explains the graphic vocabulary of the calendar and its prophetic forces and describes the organizing principles that structure the codices. She shows how they form almanacs that either offer general purpose guidance or focus topically on specific aspects of life such as birth, marriage, agriculture, and rain, travel, and the forces of the planet Venus. Boone also tackles two major areas of controversy: the great narrative passage in the Codex Borgia which she freshly interprets as a cosmic narrative of creation and the disputed origins of the codices, which she argues grew out of a single religious and divinatory system.

Alejandro Amenábar Barry Jordan, 2019-01-04 Since the release of his first feature in 1996, Alejandro Amenábar has become the golden boy of Spanish filmmaking, a bankable star director whose brand virtually guarantees quality, big audiences, and domestic box office success. He has directed three of the highest grossing movies in Spanish film history and has enjoyed enormous international and critical acclaim, including an Oscar for Best Foreign Film for *Mar Adentro* (The Sea Inside) in 2004. This book is the first full-length study in English of Amenábar's shorts and feature films. It provides detailed analysis of his engagement with popular film genres as the basis for an auteur cinema and incorporates a reappraisal of his auteurism as fundamentally decentred and shared. An essential resource for students, scholars, and fans of Amenábar, the book will also appeal to a wider readership, including professionals in the film media and culture industries, as well as those who have a general interest in the best of Spanish, European, and world cinema.
