Impresiones de un Surumato en Nuevo M xico by Manuel Sari ana represents a remarkable literary recovery For the first time the novella is presented in its original Spanish and in English painstakingly translated and annotated by Phillip B Gonzales Manuel Sari ana came to the New Mexico territory from Mexico to work as a Spanish language journalist While covering politics he wrote and published *Impresiones de un Surumato en Nuevo M xico* as a picaresque work a common genre in Mexico that uses satire to narrate a drama based on concrete social issues in the author s immediate vicinity In his preface Sari ana makes his intent clear to address the unseemly manner in which New Mexico s Democratic Party attempts to gain leverage in elections But in a caricature of two immigrant peons he surreptitiously takes to task how nuevomexicanos look down on people from Mexico Gonzales provides a critical introduction an interpretation of Sari ana s piece and a historical framework to contextualize the author s experiences and the events alluded to in the novella The result brings this important work of fiction and its sociopolitical background to a new generation of readers **Ambivalent Desires** María Mercedes Andrade,2011-04-01 *Ambivalent Desires* Representations of Modernity and Private Life in Colombia 1890s 1950s is a literary and cultural study of the reception of modernity in Colombia Unlike previous studies of Latin American modernization which have usually focused on the public aspect of the process this book discusses the intersection between modernity and the private sphere It analyzes canonical and noncanonical works that reflect the existing ambivalence toward the modernizing project being implemented in the country at the time and it discusses how the texts in question reinterpret adapt and even reject the ideology of modernity The focus of the study is how the understanding of the relationship between modernity and private life relates to the project of constructing a modern nation and the discontinuities and contradictions that appear in the process The question of what modernity is its implications for everyday life and its desirability or undesirability as a new cultural paradigm were central issues in Colombian texts from the end of the nineteenth century through the first half of the twentieth At stake was the definition of the nation s identity and the project of breaking away from the cultural patterns of the colonial past Considering that the apparently peaceful process of modernization in Colombia was interrupted in the 1950s by the eruption of political violence across the country this study situates itself on the eve of a crisis and asks how representations of modernity in texts from the period evidence the social fragmentation that may have led to it **Triunfo del Santo Rosario y Orden de Santo Domingo en los reinos del Japon, 1617-1624** Francisco Carrero,1868 *Antología de Poetas Hispano-americanos Publicada Por la Real Academia Española: Colombia.
