Hayden, 2011-06-20 *Staying Alive A Love Story* is a story of hope and renewal that centers on a woman's search for meaning after the untimely death of her 49 year old husband Coupled with other experiences of loss in her life she is determined to with her children persevere Like Annie Dillard Hayden draws on the rhythms and rituals of the natural world to explore her Brooklyn roots and New England adulthood Wild creatures and domesticated critters seashores and hillsides proffer comfort and understanding as she comes to realize that no more than a hairline and no less than an eternity separate her from the man she loved Even with the wear and tear her faith endures it rarely diminishes Her purpose to usher her two grieving children through a difficult adolescence to a well adjusted adulthood resonates through her own struggles With the precise objectivity reminiscent of Joan Didion's *The Year of Magical Thinking*

and Joyce Carol Oates *A Widow's Story* Hayden recounts the day her husband died and the rituals and obsessions of the bereaved Forced to look at death straight in the eye the author stares back wide eyed without blinking through her tears Hayden also manages to be seriously droll in an Anne Lamott way Never is her humor more honed than in the portrayal of her deceased spouse whose devotion antics and wisdom remain ever present to those who are staying alive without him His death becomes not only the family's heartbreak but the loss of a well executed life for all who knew him or will get to know him through these essays Whether Laura Hayden's writing deals with herself her children or her cadre of loved ones it is clear that she her daughter and her son emerge from their tragic loss survivors not victims of Larry's death an outcome of which he would be very pleased In a culture of intentionally exposed and celebrated self victimization the story of this family may be considered a quiet triumph

**As We Sow** Barry Woods Johnston, 2012-03 As I turned the pages and began reading this odyssey of Barry Johnston as a veteran and artist my interest increased and I was pleased that I had agreed to review it As We Sow is not a book of fiction nor a novel but an autobiography of a modern renaissance man but a man no less with all his foibles his successes failures fears and frustrations laid out with surgical precision in the cold reality of life's twists and turns Viet Nam leaves an open wound Barry struggles to understand He is empathic to the wrongs inflicted on the innocent whether from war or life itself His nature is sculpting figurative art imbued with his concerns for humanity He joins a religious art colony in the Swiss Alps known as L Abri where

Barry argues with the founder Francis Schaeffer over interpretation of scripture and wrestles with his own spirit over the contradictions. Never at peace, he is at odds with the commercial art establishment for commissions and he reflects on failed marriages. After a near heart attack, he barely survives. Barry reveals himself with honesty and a humanity which make this a compelling biography and a historical account of a representational artist, veteran and inventor Daniel Shea. **Catalog of Copyright Entries, Third Series**, 1967. The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim: the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc. **Shooting Polaris** John Hales, 2013-04-24. Shooting Polaris is John Hales's fascinating and far-reaching account of working as a government surveyor in the southern Utah desert. In it, he describes his search for a place in the natural world, beginning with an afternoon spent tracking down a lost crew member who cracked up on the job and concluding with his supervising a group of at-risk teenagers on a backpacking trip in the Escalante wilderness. In between, he depicts a range of experiences in and outside nature, including hostile barroom encounters between surveyors and tourists, weekends spent climbing Navajo Mountain and floating what remains of Glen Canyon, and late night arguments concerning the meaning and purpose of nature with the eccentric polygamist who ran the town in which the surveyors parked their bunk trailers. Although this work is autobiographical, Shooting Polaris is so much more. It is a reflection on man's relationship to nature and work, American history, and the movement into the West, the desire to impose order and the contrary impulse for unmediated experience, the idealistic legacy of the sixties, the influence of the Mormon Church, and the often antagonistic relationship of American capitalism to sound ecological management. Along the way, Hales introduces engaging characters and reveals the art, science, and history of surveying, an endeavor that turns out to be surprisingly profound. **Your Turn** Tyra Manning, 2025-07-30.
