Elvis changes during these years form a tragic mystery that *Careless Love* unlocks for the first time This is the quintessential American story encompassing elements of race class wealth sex music religion and personal transformation Written with grace sensitivity and passion *Careless Love* is a unique contribution to our understanding of American popular culture and the nature of success giving us true insight at last into one of the most misunderstood public figures of our times *Pop Goes the Decade* Ralph G. Giordano,2017-06-05 Covering significant historical and cultural moments public figures and celebrities art and entertainment and technology that influenced life during the decade this book documents the 1950s through the lens of popular culture On the surface the 1950s was a time of post war prosperity and abundance However in spite of a relaxation of immigration policies the good life in the 50s was mainly confined to white non ethnic Americans A new Cold War with the Soviet Union intended to contain the threat of Communism and the resulting red scare tinged the experience of all U S citizens during the decade This book examines the key trends people and movements of the 1950s and inspects them within a larger cultural and social context By highlighting controversies in the decade readers will gain a better understanding of the social values and thinking of the time The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a broad avenue for change either intentionally or by accident Scotty and Elvis Scotty Moore,2013-07-01 When Elvis Presley first showed up at Sam Phillips s Memphis based Sun Records studio he was a shy teenager in search of a sound Phillips invited a local guitarist named Scotty Moore to stand in Scotty listened carefully to the young singer and immediately realized that Elvis had something special Along with bass player Bill Black the trio recorded an old blues number called That s All Right Mama It turned out to be Elvis s first single and the defining record of his early style with a trilling guitar hook that swirled country and blues together and minted a sound with unforgettable appeal Its success launched a whirlwind of touring radio appearances and Elvis s first break into movies Scotty was there every step of the way as both guitarist and manager until Elvis s new manager Colonel Tom Parker pushed him out Scotty and Elvis would not perform together again until the classic 1968 comeback television special Scotty never saw Elvis after that With both Bill Black and Elvis gone Scotty Moore is the only one left to tell the story of how Elvis and Scotty transformed popular music and how Scotty created the sound that became a prototype for so many rock guitarists to follow Thoroughly updated this edition delivers guitarist Scotty Moore s story as never before **Turn Up the Radio!** Harvey Kubernik,2014-04-15 Combining oral and illustrated history with a connective narrative *Turn Up the Radio* captures the zeitgeist of the Los Angeles rock and pop music world between the years of 1956 and 1972 Featuring hundreds of rare and previously unpublished photographs and images of memorabilia this collection highlights dozens of iconic bands and musicians including the Doors the Beach Boys Buffalo Springfield the Byrds CSN the Monkees the Rolling Stones Ike and Tina Turner Elvis Presley Eddie Cochran Ritchie Valens Neil Young Joni Mitchell Frank Zappa Thee Midnites Sonny and Cher and many others The book also digs deep to

Morgan, 2014-10-22 Television is one of the most significant and notable inventions of the Twentieth century Over the years people have seen an overabundance of glitz and glamour on television Homo sapiens used to turn on televisions in their living rooms to enjoy their TV dinners while watching the early movie now we are pulverized by news and fluff But what is really going on behind the camera Stage manager Daniel Morgan gives you his insight into how the production crew works together to run and direct 412 Craig Bohlin, 2022-05-04 When my experiences began I started writing when I first learned how and when my experiences began where I am from and where I am presently I am excited about an obscurity of suggestion and willing to venture into the unknown to obtain a classification of words and advice for metaphorical composition and creation Resisting spoiled misused commercialized deformed mispronounced and in general degraded words Sensitivity to colloquial speech intrigue with definition and synonyms When there seems like there is no such thing as free verse but only different kinds of rhythm Choice and will are always involved for the use of words can be argued in an illuminating way or a misleading way Direct elegant and vivid sudden transitions connections in logical order conception concise word choice the unrewarding exercise of discovering observation and justification The poetic idiom given to generalization Where discouragement and difficulties follow When words fall densely onto the page imposing upon comprehension of sensibility I have written or have started writing many topical stories including some with difficult vocabulary I have studied poets authors and novelists and have researched their reputable writing concepts I have currently completed working on condensing through editing a book that I have written which is a series of short topical stories if that This is that book When I write I have little problem with punctuation and spelling although I will find some errors in editing My grammar skills are good but I could always use more vocabulary skills Subjective spontaneous words that fall onto the paper and using as few words as possible to express an idea I often find myself reading the dictionary to abstract new words ideas and topics Writing I believe has at least one distinction which entitles me to something A communicational tool used as an explanation for what is to be held true and valued Inventing accomplished expression sets me to musing thinking and searching Amusing melancholy expression that seem to fit justly and harmoniously That which seems to fortify an idea prompt and unfailing Accuracy makes it deliver an explosion Well used words converge to form an especially planned distinction in part losing a special distinction This is what is difficult Arranging words justly and harmoniously which seem to

fit into a theme justly and harmoniously Honest criticism and sensitive appreciation are directed not upon the poet but upon the poetry Starvation for words is always regrettable because I believe writing is the most sophisticated form of communication A writer may have the prolific arrangements of being confined to the surface but by a form and method in which the past and present are constantly faced with each other and resulting in a contrast which fires new interest which is wise and interesting Perfecting truth and sincerity with an endless imagination A strange combination of words to represent the brighter side of things Having judgement with precision and accuracy and written by the testimony of instinct The problem is that so much has been written with strong and persistent vacancies It leaves little room for decision

Disgraceland Jake Brennan,2019-10-01 From the creator of the popular rock n roll true crime podcast *Disgraceland* comes an off kilter hysterical at times macabre book inspired by true stories from the highly entertaining underbelly of music history You may know Jerry Lee Lewis married his thirteen year old cousin but did you know he shot his bass player in the chest with a shotgun or that a couple of his wives died under extremely mysterious circumstances Or that Sam Cooke was shot dead in a seedy motel after barging into the manager s office naked to attack her Maybe not Would it change your view of him if you knew that or would your love for his music triumph Real rock stars do truly insane thing and invite truly insane things to happen to them murder drug trafficking rape cannibalism and the occult We allow this behavior We are complicit because a rock star behaving badly is what s expected It s baked into the cake Deep down way down past

all of our self righteous notions of justice and right and wrong when it comes down to it we want our rock stars to be bad We know the music industry is full of demons ones that drove Elvis Presley Phil Spector Sid Vicious and that consumed the Norwegian Black Metal scene We want to believe in the myths because they re so damn entertaining Disgraceland is a collection of the best of these stories about some of the music world s most beloved stars and their crimes It will mix all new untold stories with expanded stories from the first two seasons of the Disgraceland podcast Using figures we already recognize Disgraceland shines a light into the dark corners of their fame revealing the fine line that separates heroes and villains as well as the danger Americans seek out in their news cycles tabloids reality shows and soap operas At the center of this collection of stories is the ever fascinating music industry a glittery stage populated by gangsters drug dealers pimps groupies with violence scandal and pure unadulterated rock n roll entertainment
