Dreams in Early Modern England Janine Riviere, 2017-04-28 Dreams in Early Modern England shows the variety and complexity of the early modern English discourses on dreams from the role of dreams and dream theory in framing religious scientific and philosophical debates to the way that dreams continued to offer important spiritual and supernatural guidance and lastly how ordinary people exercised agency over their lives through interpreting and using dreams While today we tend to conceptualize dreams and dreaming as largely psychological this study shows how early modern people understood dreams and dreaming as many different things most significantly as political religious medical philosophical and supernatural

Encountering Cruelty: The Fracture of the Human Heart Michael R. Trice, 2011-04-21 Interest in recent years in reconciliation and conflict transformation has witnessed a great deal of attention to building a future through forgiveness and preventative measures in order to impede egregious wrongdoing This effort for a reconciled future is absent reflection on the nature of cruelty Cruelty has always been apparent in massive acts of wrongdoing and yet is repeatedly concealed in our assessment of the acts themselves This book is a theologically honest and deep structure exploration of cruelty in its personal communal and institutional encounters in human life Drawing on Nietzsche's challenge of cruelty to the western tradition the work offers a comprehensive study of how cruelty undermines care trust respect and justice all those elements of human reciprocity that mark our lives as interdependent beings The work concludes with a tightly written Epilogue on interpreting the theological meaning and accessibility of reconciliation today Counseling Under the Cross Bob Kellemen, 2017-08-14 Martin Luther not only reformed theology Luther reformed pastoral counseling Through lively vignettes real life stories and direct quotes from Luther Counseling Under the Cross equips us to apply the gospel richly relevantly and robustly to suffering and sin so that we find our hope and help in Christ alone *God Words Broken theology for broken people* Jacob

Vulnerability and Resilience Jione Havea,2020-01-28 In Vulnerability and Resilience vulnerability is not the final word Rather resilience provides the cutting edge and living breath in the stories of subjects who are vulnerable And they have many stories stories of being trapped in bodies teachings and or situations that make them and others like them vulnerable to discrimination hatred and rejection stories of being trapped because of their bodies theologies and or cultures and stories of being trapped for no good reason For subjects who are vulnerable life is like a maze of traps and stories of resilience keep them going The contributors to Vulnerability and Resilience refuse to be trapped At the intersection of body and liberation theologies they tell their stories in the hope that they will expose cultures that make individuals and communities vulnerable and that those stories will encourage vulnerable subjects to be resilient and bring change to theological institutions that conserve vulnerability Because of the location of the contributors the Americas Africa Asia Europe Caribbean and Oceania this book is a testimony that vulnerability is present all over the world

and that resilience is a liberating alternative *Music and Theology* Daniel Zager,2006-12-13 The scholar Robin A Leaver holds a unique place in sacred music scholarship because of his training in both music and theology He has written widely bringing acute insights on a variety of musical repertoires and topics related to Martin Luther sixteenth century psalmody hymnody and the sacred music of Johann Sebastian Bach In *Music and Theology* twelve scholars influenced by Leaver s work contribute essays in diverse areas of sacred music history and philosophy focusing on the intersection of music and theology Ranging chronologically from the twelfth century writer and composer Hildegard of Bingen 1098 1179 to present day considerations of American church music and worship the volume provides thought provoking new work for all who study church music Reflecting the prominent emphasis in Leaver s own scholarship eight chapters deal with the music of Johann Sebastian Bach including his organ music sacred cantatas and passion settings A final chapter provides a chronological listing of Leaver s own voluminous writings on music and theology **Bach & God** Michael Marissen,2016-04-20 *Bach God* explores the religious character of the music of Johann Sebastian Bach Noted musicologist Michael Marissen offers wide ranging insights from detailed investigations of both words and music Bach is inexhaustible and *Bach God* suggests that through close contextual study there is always more to discover and learn *The Holy Spirit and the Reformation Legacy* Mark J. Cartledge,Mark A. Jumper,2020-09-16 This collection of essays explores the legacy of the Reformation with regard to the person and work of the Holy Spirit Following the five hundredth anniversary of Luther s posting of his ninety five theses these essays consider this legacy with particular reference to the work of Martin Luther and John Calvin as well as broader Reformation themes as they are related to pneumatology and the life of the church today The contribution of this collection is to tease out and reflect on pneumatology historically but also to relate these findings to contemporary discussions especially among scholars of pentecostal and charismatic Christianity Together these essays invite readers to appreciate the contribution that the Protestant Reformation makes to life in the Holy Spirit today as well as offering critical and constructive reflection on this theme It is a timely and significant contribution to the discussions of the person and work of the Holy Spirit and the church *Sculptor Spirit* Leopoldo A. Sánchez M.,2019-02-05 Like the work of an artist who molds a lump of clay the Spirit s sanctifying work lies in shaping people into the image of Christ Avoiding either a Spirit only or a Spirit void theology Leopoldo S nchez carefully crafts a Spirit Christology which considers the role of God s Spirit in the life and mission of Jesus and leads to five distinct models of sanctification that can help Christians discern how the Spirit is at work in our lives **The Place of Judas Iscariot in Christology** Anthony Cane,2017-07-05 Exploring the significance of Judas Iscariot for Christian theology and the difficult issues surrounding Judas Anthony Cane shows that focusing on the tension between providential and tragic interpretations of Judas in the New Testament and in subsequent writing about Judas is the key to understanding his significance Building on the work of Karl Barth and Donald MacKinnon Cane s argument sheds light not simply on the way Judas is understood but on the way Jesus and the whole economy of salvation are understood This book

also highlights implications for the way in which issues relating to anti-Semitism and evil and suffering are most effectively explored

Between Biblical Criticism and Poetic Rewriting Samuel Tongue, 2014-04-17 In *Between Biblical Criticism and Poetic Rewriting* Samuel Tongue offers an account of the aesthetic and critical tensions inherent in the development of the Higher Criticism of the Bible. Different types of Bible are created through the intellectual and literary pressures of Enlightenment and Romanticism and as Tongue suggests it is this legacy that continues to orientate the approaches deemed legitimate in biblical scholarship. Using a number of ancient and contemporary critical and poetic rewritings of Jacob's struggle with the angel Gen 32:22-32 Tongue makes use of postmodern theories of textual production to argue that it is the paragon, a parasitical form of writing between disciplines that best foregrounds the complex performativity of biblical interpretation.

Joining Creation's Praise Brian Brock, 2025-08-19 In the beginning God created. Thus begins the Bible's story of a long conversation between God and creatures, one in which humans are often the least edifying contributors. They need to learn what it means to confess themselves creatures if they are to begin to understand what it means to be human and how to live. *Joining Creation's Praise*, a major statement by a leading Christian ethicist, shows how confessing that we are creatures deeply reshapes every aspect of Christian thinking and living. Human beings are made to embody Christ's image in the world, not as dominators but as conduits of divine life. In this comprehensive yet clear volume of theological ethics, Brian Brock follows the first few chapters of Genesis in order to discover the things that the sages of Israel took to be crucial for the ethical life of human beings among other creatures in God's world. Informed by theological rigor and careful exegesis, the many ethical reflections in this volume allow an ancient wisdom to shed fresh light on very postmodern ethical questions about conversion, life with God, knowledge and wisdom, dominion, Sabbath, vocation, economics, human dignity, our relationship with the rest of creation, sexuality, marriage, family, sin, death, and politics.

The Abduction of Dinah Daniel Hankore, 2013-05-30 The process of understanding a text from the narrator's point of view is crucial for the tasks of interpreting and translating the Bible. If the translator's understanding of a narrative from the narrator's point of view is erroneous, then the whole process of translating the message into another language may also fall into error. This poses Bible translators a difficult challenge: How can we understand the narrator's point of view of the biblical stories which are culturally, geographically, and historically remote from our own? Understanding a text from the narrator's point of view must precede the translation process. In this work, Hankore presents an argument for the intended utterance of Genesis 28:10-35:15 before proposing in brief how to translate it. By following this process, Hankore shows that a correct understanding of the concept of the ancient Israelite vow in the framework of a social institution is fundamental to reading and translating Genesis 28:10-35:15 and goes on to show how this same votive framework assists an explanation of the relevance of Genesis 34 to the Jacob story.

Bach Against Modernity Michael Marissen, 2023 In *Bach against Modernity*, author Michael Marissen contests the common perception that J. S. Bach is a modern figure and instead suggests that, by eighteenth-century standards, Bach and

his music in fact reflected and forcefully promoted a premodern world and life view He provides overlooked or misunderstood evidence of Bach s private engagement with religious and social issues that the composer also addressed in his public vocal compositions and exposes intellectual and ethical problems with prevalent anachronistic views of Bach
