## My Two Jungles:

**Two Years in the Jungle** William Temple Hornaday, 1885 Two years in the jungle; the experiences of a hunter and naturalist in India William Temple Hornaday, 1885 My Two Jungles. [An Autobiography.] James Macdonald (Author of "My Two Jungles"), 1957 **Collection of the Best Works of Rudyard Kipling: [The Jungle Book by Rudyard Kipling/ Kim by Rudyard Kipling/ Just So Stories by Rudyard Kipling]** Rudyard Kipling, 2024-06-24 Book 1 Enter the enchanting world of the jungle with The Jungle Book by Rudyard Kipling Kipling's timeless collection of stories introduces Mowgli a boy raised by wolves and other memorable characters such as Baloo and Bagheera Through vivid tales of adventure and moral lessons Kipling weaves a captivating narrative that continues to enchant readers of all ages Book 2 Explore the cultural and spiritual journey of an orphaned boy in Kim by Rudyard Kipling Kipling's novel follows Kimball O'Hara or Kim as he navigates the diverse landscapes of British India This coming of age story combines adventure espionage and philosophical insights offering a rich portrayal of the complexities of identity and destiny Book 3 Delight in the whimsical and imaginative tales of Just So Stories by Rudyard Kipling Kipling's collection of animal fables provides origin stories for various creatures explaining how they came to possess their distinctive traits These captivating stories filled with humor and creativity showcase Kipling's storytelling prowess and his ability to entertain and educate simultaneously **Whiteboard Jungle** Denise Chase Kirejczyk, 2014-04-22 After teaching school for over twelve years Denise Chase has written a hilarious and astonishingly candid journal chronicling one of her years as a middle school teacher Though comedic her journal has a serious side as well It gives vivid and often appalling vignettes of students hopelessly preoccupied with themselves and pop culture officials presiding over a dysfunctional and foundering system teachers grappling with frustrations and sometimes leaving the profession and parents deluded into thinking their kids are blameless angels whose poor grades must be the fault of teachers We meet earnest students who despite grim home lives are determined to succeed and unruly students who with some prodding decide to turn their lives around And at the end we experience the pride in seeing 8th graders cross the stage and go on to new life challenges The Whiteboard Jungle should be read by teachers prospective teachers and perhaps most importantly by parents of students Memories from the Jungle Tristan Garcia, 2025-05 Memories from the Jungle is set in an unspecified future in which Earth has been rendered uninhabitable by pollution and war Most humans live in orbital stations surrounding the globe while only animals still survive on the African continent along with a few scientists who study them in a kind of zoo and experimental laboratory Doogie a chimpanzee has been raised as a human by a zoological researcher Gardner Evans and his daughter Janet Doogie is no ordinary chimpanzee gifted with an exceptional intelligence perhaps the result of a scientific experiment he has been taught a fairly sophisticated version of the human language is capable of human emotions such as love and jealousy and has a highly developed understanding of human behavior After an accident to the spacecraft that was bringing him back to Earth from an orbital station Doogie finds himself alone in the

jungle In order to survive he must rediscover the very animal nature he has been trained to reject     Jungle Surgeon  
Lawrence Mueller, M.D. F.A.C.S.,2021-04-28 I have read through this book and am really inspired by all the works that Dr  
Mueller has done for the Karen hill tribe The works and experiences that he had with the Karen people in the Karen State are  
tremendously amazing This book will bring great understanding for people and foreigners who want to help out especially  
those who are sympathetic to the causes and needy people who still lack many things I enjoyed reading this book It was a  
blessing to us Karens that we had someone like Dr Mueller who helped to bring humanitarian assistance to the remote areas  
in order to spread the gospel and make things better for others I deeply thank him for all the works that he has done for our  
Karen people and other ethnic groups Major General Ner Dah Bo Mya Chief of Staff Karen National Defense Organization Dr

served in the conflict areas of Burma He donated significant professional time over twenty five years serving in the Thai  
Burmese border areas Whether directly treating IDPs internally displaced persons or refugees in the border zones with his  
surgical skill or training medics he has been the most revered doctor in these areas and is considered an angel Dr Mueller is  
a brilliant surgeon who is flexible inventive and above all able to operate successfully in remote locations with very little  
support Through his own surgeries and the training that he has imparted to our medics Dr Mueller has saved hundreds of  
lives and had a direct impact on healing and improving the lives of thousands more David Eubank Founder and Director Free

prowling bears and motorbikes Most touchingly she describes how her relationship with the Orang Rimba develops as she transforms from an outsider to a trusted teacher within the community Her trials and errors are familiar to anyone who has ever been a teacher even though her students often wear loincloths and trap animals for lunch Will learning to read and write be enough to help the Orang Rimba save their rainforest Butet tells the story of her journey from anthropologist to educator to activist She explains how and why she founded SOKOLA to bring literacy to indigenous people in areas too remote to access education The work of this foundation and its adventurous volunteers is an excellent example of how a small number of individuals can effect change The Jungle School is now a film Directed by Riri Riza Praise for The Jungle School The traditional wisdom of the indigenous people of Indonesia is a truth that we must preserve At the same time the dilemma between introducing modernity development and education while protecting their traditional way of life is another truth I greatly appreciate the contribution and dedication of people like Butet Manurung who provide true insights into the Orang Rimba The Jungle School speaks volumes from actual experience recorded not only in an anthropological way but also in a very human and personal way This is a book that not only makes us realize that traditional wisdom and jungles need to be preserved but also warms the heart Mari Pangestu Indonesias Minister of Tourism The Jungle School puts a human face on the results of logging and deforestation practices that directly threaten the existence of the Orang Rimba Although the rights of the often forgotten Rimba people are protected by our laws their aspirations are sometimes ignored in the management of rainforests and their resources Education for the Rimba is truly a gift for life Butets story will change the hearts and minds of those who think otherwise Agus Purnomo Special Staff to the President of the Republic of Indonesia for Climate Change The Jungle School comes at a critical moment in the development of the present civilization It combats all the theoretical complexity of educational developments to smooth the process from literate society to knowledge society welfare society to cultured and civilized society Butet Manurung shows that the impossible is possible by touching the hearts and minds of the Orang Rimba by reaching the unreachable soul of an indigenous community by helping us to understand what it means to be human She inspires readers and takes them on a journey of educational adventure that highlights best practices which can also be applied in any metropolitan jungle that needs intellectual perseverance Butet shows her intellectual courage integrity and her sacrifices to become a hero of education She exercises the intellectual virtues that we all need today to have a healthy mind set in the pursuit of human rights and dignity It is in the minds of men that the defense of peace must be constructed UNESCO Constitution Arief Rachman Professor

always seem more beautiful than our own We should let comparisons with others suggest new approaches to our goals but never focus on comparing our outcomes successes and failures with those of other people Instead we should focus on steadily improving our own levels of mastery of skills in scholarship and in work with students In American academia where both faculty members and students are ethnically and culturally diverse such that we will often find our assumptions challenged reflective thinking is even more essential than in a culturally homogeneous environment Hence reflective systematic approaches to daily practice in reading teaching and writing are powerful survival tactics and are likely to sustain one's vitality and productivity as a member of the academy
