National Integration Of Italian Return Migration 1870 1929:

The National Integration of Italian Return Migration, 1870-1929 Dino Cinel, 2002-08-22 This book examines return migration to Italy from the United States from 1870 to 1929 A large number of Italians did not intend to settle permanently in the United States Rather they emigrated temporarily to the United States to make money in order to buy land in Italy The book documents the flow back to Italy of individuals and remittances and discusses the strategies used by returnees in investing American savings Return and Circular Migration in Contemporary European History Sarah Oberbichler, Eva Pfanzelter, Valerio Larcher, 2024-10-21 Migration is often viewed as a one way process from the country of origin to the place of arrival but recent academic research shows that this presumption is fundamentally flawed Migration has always been characterized by return movements as a glance into history reveals from transatlantic returns in the 19th century to the back and forth of migrant workers and refugees in the 20th century and numerous other forced and voluntary migrations This volume invites to reconceptualize studies in migration history by shifting away from the focus on going away to a more complex one revolving around a plurality of issues of leaving returning moving on and traveling again belonging and fluid identities in third spaces Structured in three parts the contributions in this volume shed light on the close connection between power dynamics and return migration as well as how migration processes shape individual planning abilities social relationships and complex spatial dynamics The methodological part of the volume further encourages readers to reflect on growing data collections and possibilities for digital research on return migration *Red Star over the Black Sea* James Meyer, 2023-03-07 N z m Hikmet 1902 1963 is best known as a poet and communist whose daring flight by motorboat from Turkey to the Eastern Bloc captured international headlines in 1951 One of the most important poets to have written in the Turkish language N z m Hikmet s dramatic life story is fascinating in its own right but also intersects with the story of the broader twentieth century James H Meyer situates N z m Hikmet within the broader context of Turkish communist border crossers individuals whose lives would go on to be shaped significantly by their ability inability or need to traverse the frontier Born at the turn of the twentieth century and coming of age in the early 1920s the women and men from N z m Hikmet s generation were the last of the Ottomans Children of empire they had grown up in an era of porous frontiers but by the time they reached their third decade these borders had begun to close Drawing upon an enormous amount of previously untapped archival materials and personal papers from Moscow Istanbul Amsterdam and Washington DC Meyer has written a biography of N z m Hikmet unlike any other A book of world history wrapped inside a life story *Red Star over the Black Sea* shows how changing attitudes toward borders and the people who cross them impacted a late imperial generation all the way up to the final years of the Cold War *Illusive Identity* Thomas J. Edward Walker, 2002-06-17 Illusive Identity is a transnational exploration of the evolution of working class consciousness within modern Western culture The work traces how the rise of popular culture blurred the definition and dulled the influence of class identity in Europe and the United

States in the nineteenth and early twentieth centuries Chapters tackling changing class consciousness in Britain Germany Italy and the United States offer rich insight into the movement from a traditional community based social identity to a modern consumer based culture a mass culture influenced by industrialization new social institutions and the powerful imagery of new media Illusive Identity vividly demonstrates the transformative impact of modernity on the laboring classes as advertising entertainment and the rise of the popular press replaced traditionally shared narratives about the nature of work with a new and liberating cultural paradigm From Paesani to White Ethnicity Stefano Luconi,2001-02-01 Examines the transformations of Italian American ethnic identity in twentieth century Philadelphia *Beyond Cannery Row* Carol Lynn McKibben,2010-10-01 Presenting a nuanced story of women migration community industry and civic life at the turn of the twentieth century Carol Lynn McKibben s *Beyond Cannery Row* analyzes the processes of migration and settlement of Sicilian fishers from three villages in Western Sicily to Monterey California and sometimes back again McKibben s analysis of gender and gender roles shows that it was the women in this community who had the insight the power and the purpose to respond and even prosper amid changing economic conditions Vividly evoking the immigrants everyday experiences through first person accounts and detailed description McKibben demonstrates that the cannery work done by Sicilian immigrant women was crucial in terms of the identity formation and community development These changes allowed their families to survive the challenges of political conflicts over citizenship in World War II and intermarriage with outsiders throughout the migration experience The women formed voluntary associations and celebrated festas that effectively linked them with each other and with their home villages in Sicily Continuous migration created a strong sense of transnationalism among Sicilians in Monterey which has enabled them to continue as a viable ethnic community today **The History of Italy** Charles L. Killinger,2024-12-26 Explore the arts culture and history of Italy Famous for the Colosseum in Rome the canals of Venice the renowned fashion houses of Milan and the beauty of the Tuscan countryside Italy is a vibrant tapestry of ancient landmarks and modern industry In the 21st century Italian history has been shaped by the transformative political influence of media mogul Silvio Berlusconi who served multiple terms as prime minister as well as migrant crises a series of natural disasters and the rise of populism culminating in the 2022 election of Giorgia Meloni the first woman to lead Italy as prime minister This second edition of *The History of Italy* provides readers with an accessible and comprehensive introduction to the long and ever evolving history of Italy and its people Migration Theory Caroline B. Brettell,James F. Hollifield,2022-07-01 The revised fourth edition of *Migration Theory* continues to offer a one stop synthesis of contemporary thought on migration Editors Caroline B Brettell and James F Hollifield remain committed to include coverage that is comparative and global in scope while enhancing similarities and differences between one academic field and the next All chapters have been revised to highlight cutting edge issues in the field of migration studies today The fourth edition welcomes two new authors Professors Marie Price and Francois H ran to offer a fresh approach with their chapters on geography and demography respectively

Designed for undergraduate and graduate courses in migration studies a primary goal of the text is to assist instructors in guiding students who may have little background on migration to understand important issues and the scientific debates This ensures Migration Theory is a highly valuable guide not only to the perspectives of one s own discipline but also to those of cognate fields

Green, Roger Waldinger, 2016-08-15 This collection of articles by sociologically minded historians and historically minded sociologists highlights both the long term persistence and the continuing instability of home country connections Encompassing societies of origin and destination from around the world A Century of Transnationalism shows that while population movements across states recurrently produce homeland ties those connections have varied across contexts and from one historical period to another changing in unpredictable ways Any number of factors shape the linkages between home and destination including conditions in the society of immigration policies of the state of emigration and geopolitics worldwide Contributors Houda Asal Marie Claude Blanc Chal ard Caroline Douki David FitzGerald Nancy L Green Madeline Y Hsu Thomas Lacroix Tony Michels Victor Pereira Monica Raisa Schpun and Roger Waldinger
