Nationalism, Anti-semitism, and Fascism in France Michel Winock, 1998 In a wide ranging set of essays on political literary and cultural figures this book traces the history of nationalism in France in all its permutations its myths obsessions possibilities and dangers

Antisemitism Without Jews in Germany, France and the U.S. William I. Brustein, Luke Gramith, 2024-09-14 Why does antisemitic messaging strike a chord in certain communities without Jews but fall flat in neighboring communities equally without Jews This book focuses on antipathy towards Jews expressed through successful electoral campaigns where a candidate or political party championed antisemitism in communities located in three different nations where the Jewish population had virtually no history of interaction with the resident majority population of non Jews The cases are the election of antisemitic deputies in the 1893 German Reichstag Elections from eastern Saxony the election of a slate of antisemitic deputies to the French Chamber in 1898 from the southwestern French department of the Gers and the significant proportion of votes for the antisemitic campaign of Gerald B Winrod in the U S Senate Republican Party primary election in 1938 in Kansas Each of these examples illustrates the existence of heightened levels of antisemitism in cases where few if any Jews had engagement with the majority population

The Resurgence of the Radical Right in France Gabriel Goodliffe, 2012-02-13 Recounts the resurgence of significant political movements of the Radical Right in France since the end of the nineteenth century

Racism and Antisemitism in Fascist Italy Francesco Cassata, 2024-06-23 The racism and antisemitism of Fascist Italy have often been described as mild cultural spiritual and essentially non violent especially in comparison with the racial ideology of Nazi Germany This book challenges this simplistic interpretation with a thorough analysis of the texts and images of the magazine *La Difesa della razza* Defence of the race the principal public voice of Fascist biological racism which appeared fortnightly between 1938 and 1943 under the editorship of Telesio Interlandi Mussolini's unofficial mouthpiece with governmental financial support A negative icon of the propaganda of Fascist racism *La Difesa della razza* first appeared in August 1938 shortly before the passing of Italy's Racial Laws but had a long gestation It was the expression of a Fascist cultural milieu journalists writers artists and architects headed by Interlandi whose racism and antisemitism dated back to the end of the First World War By placing the magazine's emergence in this longer timescale and exploring the interrelationships of political action ideological discourse and imagery this book also demonstrates how the project of anthropological revolution building the New Man was a central element of Italian Fascism from the very beginning to the deportation of Italian Jews This new English edition has been thoroughly revised and updated

The Extreme Right in France, 1789 to the Present Peter Davies, 2002-04-12 The Extreme Right in France 1789 to the Present surveys the history of a fascinating but contentious political and intellectual tradition Since 1789 the far right has been an important factor in French political life and in different eras has taken on a range of guises including traditionalism ultra royalism radical nationalism anti Semitism and fascism This book is structured around the five main phases of extreme right activity

French Anti-Americanism (1930-1948) Seth D. Armus,2007-01-01 French Anti Americanism offers a historical exploration of the central role of anti Americanism in French thought and the often compromised position of France s intelligentsia during World War II Dr Seth D Armus examines the cultural stability of French anti Americanism and how it has survived colossal political shifts nearly unchanged

Time and radical politics in France Alexandra Paulin-Booth,2023-05-09 This book investigates how people have thought about and experienced time and how their ideas about time have shaped their political views and actions Using French thinkers and activists of the radical left and right between the Dreyfus Affair and the First World War as a case study it argues that time provides an important means of exploring how concepts such as nationalism revolution and social change were understood at the turn of the century Attending to different experiences of time the speed at which it was perceived to move the extent to which the future was near and graspable the ways in which the past was seen to impinge on the present opens up exciting new possibilities for analysing politics ideologies and worldviews

Roots of Hate William Brustein,2003-10-13 William I Brustein offers the first truly systematic comparative and empirical examination of anti Semitism within Europe before the Holocaust Brustein proposes that European anti Semitism flowed from religious racial economic and political roots which became enflamed by economic distress rising Jewish immigration and socialist success To support his arguments Brustein draws upon a careful and extensive examination of the annual volumes of the American Jewish Year Books and more than 40 years of newspaper reportage from Europe s major dailies The findings of this informative book offer a fresh perspective on the roots of society s longest hatred
