Nationalist Movements K. SYMMONS-SYMONOLEW, 1970-02-01 **National movements and national identity among the Crimean Tatars** Hakan Kırımlı, 1996 This study is the first and only scholarly attempt to cover the process of the formation of the modern national identity among the Crimean Tatars during the first decades of this century It also illuminates similar processes among the other Turkic peoples of the Russian Empire **Nationalism and the State** John Breuilly, 1994-02 Since its publication this important study has become established as a central work on the vast and contested subject of modern nationalism Placing historical evidence within a general theoretical framework John Breuilly argues that nationalism should be understood as a form of politics that arises in opposition to the modern state In this updated and revised edition he extends his analysis to the most recent developments in central Europe and the former Soviet Union He also addresses the current debates over the meaning of nationalism and their implications for his position Breuilly challenges the conventional view that nationalism emerges from a sense of cultural identity Rather he shows how elites social groups and foreign governments use nationalist appeals to mobilize popular support against the state Nationalism then is a means of creating a sense of identity This provocative argument is supported with a wide ranging analysis of pertinent examples national opposition in early modern Europe the unification movement in Germany Italy and Poland separatism under the Hapsburg and Ottoman empires fascism in Germany Italy and Romania post war anti colonialism and the nationalist resurgence following the breakdown of Soviet power Still the most comprehensive and systematic historical comparison of nationalist politics *Nationalism and the State* is an indispensable book for anyone seeking to understand modern politics *Mapping the Nation* Gopal Balakrishnan, 2012-11-13 In nearly two decades since Samuel P Huntington proposed his influential and troubling clash of civilizations thesis nationalism has only continued to puzzle and frustrate commentators policy analysts and political theorists No consensus exists concerning its identity genesis or future Are we reverting to the petty nationalisms of the nineteenth century or evolving into a globalized supranational world Has the nation state outlived its usefulness and exhausted its progressive and emancipatory role Opening with powerful statements by Lord Acton and Otto Bauer the classic liberal and socialist positions respectively *Mapping the Nation* presents a wealth of thought on this issue the debate between Ernest Gellner and Miroslav Hroch Gopal Balakrishnan's critique of Benedict Anderson's seminal *Imagined Communities* Partha Chatterjee on the limitations of the Enlightenment approach to nationhood and contributions from Michael Mann Eric Hobsbawm Tom Nairn and Jürgen Habermas *Nationalist Movements* Konstantin Symmons-Symonolewicz, 1970 *Nationalism and Regionalism in a Colonial Context* David E.F. Henley, 2021-12-06 This book describes and analyses Minahasan regional nationalism in the period up to 1942 Attention is given to precolonial antecedents to the transformations brought about by compulsory coffee cultivation Christian mission activity and Western education to the role of local representative councils to the privileged position which Minahasans came to occupy relative to

other Indonesians within the colonial state and to the ambiguous relationship between Minahasa and the Indonesian nationalist movement Ideas and models drawn from the theoretical literature on nationalism are used throughout the study to illuminate the processes described The concluding chapter also includes brief comparisons with other Indonesian regions and with the Philippines together with an epilogue summarizing the developments of the Japanese occupation and the revolutionary period

At the Crossroads Jacques Kornberg, 2012-02-01 A founding father of modern Israel Ahad Ha'am 1856-1927 was one of the shapers of the contemporary Zionist consciousness His career spanned the era of Russian Jewry's nationalist awakening During the last decade of the nineteenth century he was the leading theorist of the Russian Zionist movement Afterwards he was overshadowed by Theodore Herzl who imposed his own stamp on Zionism With the failure of Herzl's diplomacy and his early death in 1904 Russian Zionists abandoned Herzl's priorities and gradually refashioned the program of the Zionist organization in their own image More than anyone else Ahad Ha'am provided the ideological authority for this shift Until At the Crossroads there were no up to date studies of Ahad Ha'am This long awaited collection includes 14 essays by internationally known scholars in modern Jewish history and literature The essays range from studies of Ahad Ha'am as a literary stylist his role in the revival of Hebrew his political thought and activity his debates with famous contemporaries about the Jewish future and the reinterpretation of his ideas by his Zionist disciples The overall picture presented by this book is a new image of Ahad Ha'am far less Westernized and far more embedded in the nineteenth century Jewish and Russian cultural milieu than was previously thought
