Nationalist Revolution In China 1923 1928:

The Nationalist Revolution in China, 1923-1928 C. Martin Wilbur, 1984-11-29 This lively history of China's Nationalist revolution tells the story of a small group of Chinese patriots headed by Sun Yat-sen until his death in 1925. They mobilised men, money and propaganda to create a provincial base from which they launched a revolutionary military campaign to unify the country, end imperialist privilege and bring the Kuomintang to power. Soviet Russia induced the fledgling Chinese Communist Party to join the effort and sent money, arms, military and political experts to guide the revolution. But there was a fatal flaw in this co-operation and when the fighting was over the remnant Communist Party had been driven underground, the Russian experts had been expelled and a faction-riven Nationalist Party led by Chiang Kai-shek could claim to be China's new government. This study of a key period in China's history, reprinted from Volume 12 of *The Cambridge History of China*, is solidly based in Chinese, Russian and Western language sources.

The Chinese Revolution in the 1920s Roland Felber, A.M. Grigoriev, Mechthild Leutner, M.L. Titarenko, 2013-10-11 Based mainly on Russian and Chinese archival sources that have become available only since the early 1990s, the authors of this collection explore the main aspects of the Chinese Revolution in the crucial period of the 1920s, such as the United Front policy, the development of communism, the Guomindang perspective, institutional issues and social movements. The various approaches and interpretative methods employed by the contributors from seven countries have resulted in a collection of articles representing four very different and until now almost independent discourses: the European, the American, the Chinese and the Russian.

Chiang Kai-shek's Politics of Shame Grace C. Huang, 2022-03-07 Once a powerful figure who reversed the disintegration of China and steered the country to Allied victory in World War II, Chiang Kai-shek fled into exile following his 1949 defeat in the Chinese civil war. As attention pivoted to Mao Zedong's communist experiment, Chiang was relegated to the dustbin of history. In *Chiang Kai-shek's Politics of Shame*, Grace C. Huang reconsiders Chiang's leadership and legacy by drawing on an extraordinary and uncensored collection of his diaries, telegrams and speeches stitched together by his secretaries. She paints a new, intriguing portrait of this twentieth-century leader who advanced a Confucian politics of shame to confront Japanese incursion into China and urge unity among his people. In also comparing Chiang's response to imperialism to those of Mao, Yuan Shikai and Mahatma Gandhi, Huang widens the implications of her findings to explore alternatives to Western expressions of nationalism and modernity and reveal how leaders of vulnerable states can use potent cultural tools to inspire their country and contribute to an enduring national identity.

Victorious Insurgencies Anthony James Joes, 2010-11-19 The author of *Resisting Rebellion* examines four of the twentieth century's most consequential rebellions in China: Cuba, Afghanistan and French Indochina. While insurgencies continue to erupt across the globe, most of them fail to meet their intended aims. But in *Four Rebellions that Shaped Our World*, Anthony James Joes analyzes four successful rebellions which permanently altered the global political arena: the Maoists in China against Chiang Kai-shek and

the Japanese in the 1930s and 1940s the Viet Minh in French Indochina from 1945 to 1954 Castro's followers against Batista in Cuba from 1956 to 1959 and the mujahideen in Soviet Afghanistan from 1980 to 1989 Joes illuminates patterns of failed counterinsurgencies highlighting their avoidable political and military blunders as well as the critical influence of the international setting Offering provocative insights that are applicable to twenty first century geopolitics this comprehensive study will be of great interest to policy makers and concerned citizens alike

Women and Their Warlords Kate Merkel-Hess,2024-08-19 Explores the complex history and legacy of elite wives concubines and daughters of warlords in twentieth century China In *Women and Their Warlords* historian Kate Merkel Hess examines the lives and personalities of the female relatives of the military rulers who governed regions of China from 1916 to 1949 Posing for candid photographs and sitting for interviews these women did not merely advance male rulers agendas They advocated for social and political changes gave voice to feminist ideas and shaped how the public perceived them As the first publicly political partners in modern China the wives and concubines of Republican era warlords changed how people viewed elite women's engagement in politics Drawing on popular media sources including magazine profiles and gossip column items Merkel Hess draws unexpected connections between militarism domestic life and state power in this insightful new account of gender and authority in twentieth century China

A Road Is Made Steve Smith,2018-12-07 This is a study of the activities ideas and internal life of the Chinese Communist Party in Shanghai during its formative period It investigates the party's relations to the city's students and teachers women entrepreneurs secret societies and its workers and examines the efforts to transform the CCP into a Leninist party exploring relations between intellectuals and workers men and women Chinese and Russians within the party The book culminates in a detailed analysis of the three armed uprisings which led to the CCP's briefly taking power in March 1927 before being crushed by troops loyal to Chiang Kai shek The study highlights the extent to which the Soviet Union sought to manipulate China's national revolution yet also reveals how divisions at every level of the Comintern allowed the CCP to achieve a degree of independence and to conduct policy at considerable variance with that laid down by Moscow

Politics in China William A. Joseph,2019-04-25 Politics in China is an authoritative introduction to how the world's most populous nation and rapidly rising global power is governed today Written by leading China scholars the book's chapters offers accessible overviews of major periods in China's modern political history from the mid nineteenth century to the present key topics in contemporary Chinese politics and developments in four important areas located on China's geographic periphery Tibet Xinjiang Hong Kong and Taiwan

Britain's Imperial Cornerstone in China Donna Brunero,2006-03-02 This is an in depth account of the Chinese Imperial Maritime Customs Service a uniquely cosmopolitan institution established in the wake of China's defeat in the Opium Wars 1842 to 43 and a central feature of the Treaty Port system The British dominated service was headed by the famous Robert Hart who founded a far reaching customs administration that also encompassed other responsibilities such as marine and harbour maintenance quarantine anti piracy

patrols and postal services This institution sat at a crucial juncture between Chinese and foreign interests and was intimately linked to British interests and fortunes in the Far East Following the establishment of the Republic in 1911 there were grave misgivings as to whether the foreign element of the Service would survive Yet the Service grew in influence and strength ensuring the foreign inspectorate a continued role in China s affairs Delivering an overview of the Service its bureaucracy fiscal responsibilities and life for foreigners in its employ focusing especially on the later years of the Service Donna Brunero draws on the experiences of the foreign administration of the Service as it attempted to negotiate between Chinese and foreign expectations and interests

Confucian Marxism Weigang Chen,2013-09-25 Buttressed by an autocratic system China s colossal economic growth over the past decades seems to have had the paradoxical effect of undermining the foundation of Western domination but at the same time invigorating Eurocentricism In particular it highlights the current relevance of the central conviction of Weber s Orient the absence of civic roots in non Western societies will create a kind of uncivic capitalist system in which one has no choice but to seek to compensate for instabilities through authoritarian institutions Does this mean that the West may alone afford to harmonize political stability with the universalistic ideal of justice as the basic structure of society If not how then is it possible to develop a notion of the primacy of social justice that transcends the limits of liberal democracy This book aims at addressing these timely questions by drawing on Confucian Marxism a distinctive perspective on civil society

Britain's Imperial Retreat from China, 1900-1931 Phoebe Chow,2016-07-15 Britain s relationship with China in the nineteenth and early twentieth century is often viewed in terms of gunboat diplomacy unequal treaties and the unrelenting pursuit of Britain s own commercial interests This book however based on extensive original research demonstrates that in Britain after the First World War a combination of liberal Labour party pacifist missionary and some business opinion began to argue for imperial retreat from China and that this movement gathered sufficient momentum for a sympathetic attitude to Chinese demands becoming official Foreign Office policy in 1926 The book considers the various strands of this movement relates developments in Britain to the changing situation in China especially the rise of nationalism and the Guomindang and argues that contrary to what many people think the reassertion of China s national rights was begun successfully in this period rather than after the Communist takeover in 1949
