Nationality Group Survival In Multi Ethnic States Shifting Support Patterns In The Soviet Baltic Region:

Nationality Group Survival in Multi-ethnic States Edward Allworth, 1977 **Soviet Nationalities in Strategic Perspective** S. Enders Wimbush, 2021-01-26 This book first published in 1985 examines the problem of nationality in the Soviet empire Nationality issues affect many of the critical domestic and foreign policy questions that faced the Soviet leadership Nationality trends in the 1980s conduced to make the relationship between Soviet domestic nationality concerns and Soviet foreign policy clearer the problem both affected and was affected by its strategic environment This book analyses this environment and the forces at work within it Problems of Communism , 1981 **The Soviet Union 1917-1991** Martin Mccauley, 2014-02-04 A second edition of this famous survey has been eagerly awaited When the first edition appeared Brezhnev was still in power Gorbachev did not make it to the index and the USSR was a superpower Today the Soviet experiment is over and the USSR no longer exists How Why Martin McCauley has reworked and greatly expanded his book to answer these questions and to provide a complete account of the Soviet years Essential reading to an appreciation of recent history and to a better understanding of whatever happens next Latvia in Transition Juris Dreifelds, 1996-02-23 During its post Soviet reconstruction Latvia has become a role model in macroeconomic stabilization and democratization Latvia in Transition provides the material necessary to understand present day Latvia The author examines the main events processes and problems of this country during the period of transition from a dependent and Moscow dominated Soviet Republic to an independent and also interdependent state The book presents the most relevant and essential aspects of Latvia s history politics economics and society **The Baltic World 1772-1993** David Kirby, 2014-07-15 This eagerly awaited sequel shares the characteristics of its distinguished predecessor wide geographical and chronological span expert mingling of political social and economic history and Dr Kirby s ability to keep the separate national threads of his account from tangling as he weaves them into the broad regional picture that is his main concern Here he tackles the contrasting experiences of Europe s northern periphery affluence and democracy in the north stagnation and authoritarianism in the south from the French Revolution to the collapse of the USSR and beyond This is a masterly study of a region that is far from peripheral politically to the post Soviet world **The Baltic States, Years of Dependence, 1940-1990** Romuald J. Misiunas, Rein Taagepera, 1993 In this updated edition of their renowned *The Baltic States* Romuald Misiunas and Rein Taagepera bring the story of Lithuania Latvia and Estonia up to the 1990s The authors describe and analyze how the Baltic nations survived fifty years of social disruption language discrimination and Russian colonialism The nations histories are fully integrated and compared and some notable differences between them are pointed out With two new chapters a revised preface and an appendix on the end of Soviet domination this expanded study covers a tumultuous period of political economic cultural and ecological reform *Russian Minority Politics in Post-Soviet Latvia and Kyrgyzstan* Michele E. Commercio, 2011-06-06 The collapse of the Soviet Union suddenly rendered ethnic Russians living in non Russian successor

states like Latvia and Kyrgyzstan new minorities subject to dramatic political economic and social upheaval As elites in these new states implemented formal policies and condoned informal practices that privileged non Russians ethnic Russians had to react In Russian Minority Politics in Post Soviet Latvia and Kyrgyzstan Michele E Commercio draws on extensive field research including hundreds of personal interviews to analyze the responses of minority Russians to such policies and practices In particular she focuses on the role played by formal and informal institutions in the crystallization of Russian attitudes preferences and behaviors in these states Commercio asks why there is more out migration and less political mobilization among Russians in Kyrgyzstan a state that adopts policies that placate both Kyrgyz and Russians and less out migration and more political mobilization among Russians in Latvia a state that adopts policies that favor Latvians at the expense of Russians Challenging current thinking she suggests that the answer to this question lies in the power of informal networks After the fall of the Soviet Union the Communist party Komsomol youth organization and KGB networks were transformed into informal networks Russians in Kyrgyzstan were for various reasons isolated from such networks and this isolation restricted their access to the country s private sector making it difficult for them to create effective associations capable of representing their interests This resulted in a high level of Russian exit and the silencing of Russian voices In contrast Russians in Latvia were well connected to such networks which provided them with access to the country s private sector and facilitated the establishment of political parties and nongovernmental organizations that represented their interests This led to a low level of Russian exit and high level of Russian voice Commercio concludes that informal networks have a stronger influence on minority politics than formal institutions

Immigrants and Nationalists Gershon Shafir,1995-10-06 In this empirical and theoretical study of nationalism ethnicity and immigration the author compares the reception of large numbers of immigrants in Catalonia the Basque country Latvia and Estonia developed regions that possess distinct cultures and nationalist movements

Terrorism and Militancy in Central Asia Jatin Kumar Mohanty,2006 The book is basically an account of the problem of terrorism and militancy in the five newly independent countries viz Kazakhstan Uzbekistan Tajikistan Kirgystan and Turkmenistan or called central Asia It thoroughly discusses important issues like financing of terrorist activities the possible causes behind the growth of terrorism in that region their objectives etc
