Native Society and Disease in Colonial Ecuador Suzanne Austin Alchon,1991 **The Cambridge History of the Native Peoples of the Americas** Bruce G. Trigger,Wilcomb E. Washburn,Richard E. W. Adams, Frank Salomon,Murdo J. MacLeod,Stuart B. Schwartz,1996 Library holds volume 2 part 2 only **The Colonizer's Model of the World** J. M. Blaut,2012-07-23 This influential book challenges one of the most pervasive and powerful beliefs of our time that Europe rose to modernity and world dominance due to unique qualities of race environment culture mind or spirit and that progress for the rest of the world resulted from the diffusion of European civilization J M Blaut persuasively argues that this doctrine is not grounded in the facts of history and geography but in the ideology of colonialism Blaut traces the colonizer s model of the world from its 16th century origins to its present form in theories of economic development modernization and new world order The People Of Quito, 1690-1810 Martin Minchom,2019-07-11 This book describes the established pattern of regional studies of colonial Spanish America with a study of the social history of colonial Quito rooted in the experience of its lower strata It shows what the James Orton described as a colonial history as lifeless as the history of Sahara The Oxford Handbook of Latin American History Jose C. Moya,2011 This Oxford Handbook comprehensively examines the field of Latin American history **A Pest in the Land** Suzanne Austin Alchon,2003-03 In this timely study of all the reasons for extreme declines in native populations in the New World after colonization by Europeans the author questions prevalent theories that exposure to Old World diseases was the sole cause of the devastation **Latin America 2013** Robert T. Buckman,2013-08-28 A comprehensive timely and entertaining account of the political cultural and economic dynamics of more than 30 discrete countries of the Western Hemisphere this book is updated each year providing students with the most recent information possible **Women's Lives in Colonial Quito** Kimberly Gauderman,2003-12-01 Undermines the long accepted patriarchal model of colonial society by uncovering the active participation of indigenous mestiza and Spanish women of all social classes in many aspects of civil life in seventeenth century Quito **Andean Worlds** Kenneth J. Andrien,2001 Examines the Spanish invasion of the Inca Empire in 1532 and how European and indigenous life ways became intertwined producing a new and constantly evolving hybrid colonial order in the Andes **The Economic History of Latin America since Independence** Victor Bulmer-Thomas,2014-02-10 This study now in a revised and updated third edition covers the economic history of Latin America from independence in the 1820s to the present It stresses the differences between Latin American countries while recognizing the external influences to which the whole region has been subject Victor Bulmer Thomas notes the failure of the region to close the gap in living standards between it and the United States and explores the reasons He also examines the new paradigm taking shape in Latin America since the debt crisis of the 1980s and asks whether this new economic model will be able to bring the growth and improvement in equity that the region desperately needs This third edition contains a wealth of new material that draws on the new research in the area in the past
