Nativism Overseas:

Incorporations of Chineseness Serena Fusco, 2016-04-26 Divided into two parts the first a combination of historical introduction and theoretical analysis the second consisting of comprehensive in depth detailed close readings of representative literary works this book is a unique bridge connecting the fields of Comparative Literature Asian American Studies and Asian Studies Through a repositioning of the Chinese component of Asian America in relation to the transformations of Chinese identity in modern times it reads Asian American literature and Asian American literary studies in the context of the historical events and geopolitical changes that have informed the construction of Chineseness Drawing on feminist theory philosophy narratology and semiotics the book focuses on the body as a point of interchange between collectivity and individuality race and culture matter and discourse The body as argued here symbolically and narratively reflects in the texts the encounter between Chineseness and Americanness revealing it as a matter germane to the construction of American multiculturalism but simultaneously informed by the broader politics of the Chinese diaspora This book historicizes Chineseness from an ex centric perspective thus contributing to the understanding of its present and re focalizes Asian American literature from a non US perspective thus exploring the Asian American field with a comparative outlook Overall this work illuminates an aspect of the topical and inevitably contemporary dialogue of two major Pacific superpowers the US and China

The Expanding Roles of Chinese Americans in U.S.-China Relations Peter Koehn, Xiao-Huang Yin, Xiao-huang Yin, 2015-02-12 This

book addresses the historical and contemporary involvement of Chinese Americans from diverse walks of life in U S China relations The contributors present new evidence and fresh perspectives on familiar and unfamiliar national and transnational networks including families businesspersons community newspapers students lobbyists philanthropists and scientists and consider the likely future impact of such contacts on the most important bilateral relationship at the start of the new millennium The volume makes a multidisciplinary contribution to understanding the extensive and vital roles and promise of Chinese Americans at this critical juncture in U S China relations and to revealing the importance of migrants as actors in contemporary global politics The assessments shared by the contributors suggest that the nature and scope of the Chinese American involvement particularly in global civil society networks increasingly will determine the outcome of state to state relations between the United States and the PRC Adapted for the Screen Hsiu-Chuang Deppman,2010-04-30
