The Works of Aristotle Translated Into English Aristotle,1910 The Works of Aristotle Translated Into English Under the Editorship of W. D. Ross ... Aristotle,1910 Translating Chinese Culture Valerie Pellatt,Eric T. Liu,Yalta Ya-Yun Chen,2014-04-16 Translating Chinese Culture is an innovative and comprehensive coursebook which addresses the issue of translating concepts of culture Based on the framework of schema building the course offers helpful guidance on how to get inside the mind of the Chinese author how to understand what he or she is telling the Chinese speaking audience and how to convey this to an English speaking audience A wide range of authentic texts relating to different aspects of Chinese culture and aesthetics are presented throughout followed by close reading discussions of how these practices are executed and how the aesthetics are perceived among Chinese artists writers and readers Also taken into consideration are the mode audience and destination of the texts Ideas are applied from linguistics and translation studies and each discussion is reinforced with a wide variety of practical and engaging exercises Thought provoking yet highly accessible Translating Chinese Culture will be essential reading for advanced undergraduates and postgraduate students of Translation and Chinese Studies It will also appeal to a wide range of language studies and tutors through its stimulating discussion of the principles and purposes of translation **Female Desire in Chaucer's Legend of Good Women and Middle English Romance** Lucy M. Allen-Goss,2020 An examination of female same sex desire in Chaucer and medieval romance *The Medical Works of Paulus Aegineta ... Translated Into English, with a Copious Commentary ... by F. Adams* ,1834 *Imposed Morality* Dr Alena Rada, PhD,2021-06-01 The book Imposed Morality is written from a multidisciplinary perspective and in this sense is totally different from other books dealing with human sexuality and particularly homosexuality While other books usually present only one point of view such as medical psychiatric psychological social or legal this book present a total and multidisciplinary view It also includes a discussion of the present views of homosexuality both in the western countries as compared to some non western societies which do not seem to take the many important aspects of this practice recently discussed and evaluated by western scientists in consideration and continue to criminalize homosexuality leading to death sentences and executions of gay people or them being stoned publicly to death *Same-Sex Desire in the English Renaissance* Kenneth Borris,2004-06 This anthology of key literary philosophical religious and scientific texts published during the English Renaissance addresses key issues in Renaissance thinking about sexual identity *Strangers in Blood* Jean E. Feerick,2010-10-02 Strangers in Blood explores in a range of early modern literature the association between migration to foreign lands and the moral and physical degeneration of individuals Arguing that in early modern discourse the concept of race was primarily linked with notions of bloodline lineage and genealogy rather than with skin colour and ethnicity Jean E Feerick establishes that the characterization of settler communities as subject to degenerative decline constituted a massive challenge to the fixed system of blood that had hitherto underpinned the English social hierarchy Considering contexts as

diverse as Ireland Virginia and the West Indies Strangers in Blood tracks the widespread cultural concern that moving out of England would adversely affect the temper and complexion of the displaced individual changes that could be fought only through willed acts of self discipline In emphasizing the decline of blood as found at the centre of colonial narratives Feerick illustrates the unwitting disassembling of one racial system and the creation of another **Isidore of Seville's**

Golightly,2012-02-01 This book explores the ways in which five female radical novelists of the 1790s Elizabeth Inchbald Eliza Fenwick Mary Hays Charlotte Smith and Mary Wollstonecraft attempted to use the components of private life to work toward widespread social reform These writers depict the conjugal family as the site for a potential reformation of the prejudices and flaws of the biological family The biological family in the radical novels of female writers is fraught with problems greed and selfishness pervert the relationships between siblings and neglect and ignorance characterize the parenting received by the heroines Additionally the radical novelists responding to representations of biological families as inherently restrictive for unmarried women develop the notion of marriage to a certain type of man as a social duty Marriage between two properly sensible people who have both cultivated their reason and understanding and who can live together as equals sharing domestic responsibilities is shown to be an ideal with the power to create social change Positioning their depictions of marriage in opposition to earlier feminist depictions of female utopian societies the female radical novelists of the 1790s strive to depict relationships between men and women that are characterized by cooperation individual autonomy and equality What is most important about these depictions is their ultimate failure Most of the female radical novelists find such marriages nearly impossible to conceptualize Marriage for many of the female radical novelists was an institution they perceived as inextricably related to male concerns about property and inescapably patriarchal under the marriage laws of late eighteenth century British society Unions between two worthy individuals outside the boundaries of marriage are shown in the female radical novels to be equally problematic sex inevitably is the basis for such unions yet sex leaves women vulnerable to exploitation by men Rather than the triumph therefore of what comes to be in these novels the male associated values of property and power through marriage the female radical novels end by suggesting an alternative community one that will shelter those members of society who are most frequently exploited in male attempts to accumulate this property and power women servants and children
