social political analyses for it has the potential to reveal the role of power in the construction of what is known and provide a lens for the political values at work in knowledge practices

Creolizing the Nation Kris F. Sealey, 2020-09-15 Winner 2022 Nicol s Crist bal Guill n Batista Outstanding Book Award Creolizing the Nation identifies the nation form as a powerful resource for political struggles against colonialism racism and other manifestations of Western hegemony in the Global South even as it acknowledges the homogenizing effects of the politics of nationalism Drawing on Caribbean decolonial and Latina feminist resources Kris F Sealey argues that creolization provides a rich theoretical ground for rethinking the nation and deploying its political and cultural apparatus to imagine more just humane communities Analyzing the work of thinkers such as douard Glissant Frantz Fanon Gloria Anzald a Mar a Lugones and Mariana Ortega Sealey shows that a properly creolizing account of the nation provides an alternative imaginary out of which collective political life might be understood Creolizing practices are always constitutive of anticolonial resistance and their ongoing negotiations with power should be understood as everyday acts of sabotage Sealey demonstrates that the conceptual frame of the nation is not fated to re create colonial instantiations of nationalism but rather can support new possibilities for liberation and justice
