Prostate Tales:

Prostate Tales Ross E. Gray, 2003 Prostate Tales reveals through story and drama the crises struggles sorrows challenges and triumphs of men living with prostate cancer and those who care about them Tales of a Country Obstetrician Daniel M. Avery, 2012-12-13 Daniel M Avery has been fascinated with the human body ever since he was young so it was natural that he should grow up to become a successful doctor As a funeral director he had his first opportunity to learn about anatomy disease processes and trauma He even witnessed the medical examiner performing autopsies in the morgue Once he became a doctor his adventures were more interesting although there are decisions he regrets For instance he would have never called the university to tow away an illegally parked recreation vehicle if he had known it belonged to the dean of the medical school In spite of the seriousness of the medical profession he enjoyed his share of light moments as well When a female resident delivered a baby and got blood all over her she asked if she could borrow a pair of underwear We wear different sizes and I only have one pair Dr Avery replied All physicians have at one time or another wished they had written down the highlights of their careers Dr Avery does so with no regrets examining the challenges adventures and funny moments that have defined his life as an Alabama doctor in Tales of a Country Obstetrician Men's Health Alex Broom, Philip Tovey, 2009-02-24 This book explores the social political and theoretical underpinnings of the men's health field Written by experts in the field it provides a comprehensive understanding of the relationships between cultural understandings and health related issues It looks at important issues such as prostate cancer chest pain and heart disease and how men experience such problems It examines sexuality mental illness and ethnicity as well as the role that sport can play in men's health outcomes Life Begins at 65 Matthew E. McLaren, 2008-10-09 The words prostate cancer overheard in casual conversation are enough to cause the average male to cringe To actually be diagnosed with this condition is to many a devastating blow from which they never recover neither emotionally nor physically Matthew McLaren received the blow and turned it into a twofold opportunity First he overcame his own cancer Secondly he gave us detailed roadmaps so that others in the same situation can find their way out of it or better yet to bypass the quagmire entirely by taking simple preventative measures This book is must reading both for anyone who has prostate cancer or wishes to prevent it and for anyone who treats this condition or dispenses information about it Within these covers Matthew has created a virtual encyclopedia of the etiology anatomy physiology biochemistry and treatments of prostate cancer written in a style that is easy to understand by lay people and thorough enough for practitioners He interweaves science and personal experience in a delightful way The theme of this book is self empowerment Our body comes with its own innate healing power It can cure itself of any condition provided we give it the conditions it needs to do so and in a timely manner Matthew details what those conditions are Much of the wisdom he expresses herein applies not only to prostate cancer but also to other forms of cancer and to disease in general **The Real Story of Risk** Glenn E. Croston, 2012 A biologist examines the many facets of the hazardous modern

environment that people only dimly perceive He explains why people let their guard down for a beautiful face why slow moving risks are hard to stop how a story can be more persuasive than dry statistics and many other intriguing quirks

Social Work Artfully Christina Sinding, Hazel Barnes, 2015-04-20 The past two decades have witnessed a vigorous challenge to social work A growing global convergence between the market and the public sector means that private sector values priorities and forms of work organization increasingly permeate social and community services As challenges facing people and communities become more layered and complex our means of responding become more time bound and reductionist This book is premised on the belief in the revitalizing power of arts informed approaches to social justice work it affirms and invites creative responses to personal community and political struggles and aspirations The projects described in the book address themes of colonization displacement and forced migration sexual violence ableism and vicarious trauma Each chapter shows how art can facilitate transformation by supporting processes of conscientization and enabling re-storying of selves and identities by contributing to community and cultural healing sustainability and resilience by helping us understand and challenge oppressive social relations and by deepening experiences images and practices of care **Social Work Artfully Beyond Borders and Boundaries** emerges from collaboration between researchers educators and practitioners in Canada and South Africa It offers examples of arts informed interventions that are attentive to diversity attuned to various forms of personal and communal expression and cognizant of contemporary economic and political conditions

Tales of a Woman's Struggle Josephine Rose Newton, 2010-11 **Tales of a Woman's Struggle** Josephine Rose Newton Trials and tribulations come in all shapes and sizes Whether you are dealing with unexpected pregnancy divorce or the death of a family member you will find solace in Josephine Rose Newton's book **Tales of a Woman's Struggle** Her fabulous characters are well crafted and really speak to the distresses women encounter in their lives Women face unique struggles with which men do not relate While men feel pain during divorces or the deaths of loved ones they cannot understand exactly what women are going through in similar situations Newton's short stories are touching and every woman can find a little of herself in each character The characters are like ourselves our mothers our aunts and our best friends each calling out for understanding and empathy Newton's writing style is easy to read which makes it easy to open the heart You may be a Nora who has been faithful her entire life but is crippled by loss You could be a Jill who seems to face multiple trials and is unable to see where her life will lead You may even be a Lily who always thought her life would be something that never panned out Each character has her faith tested in different ways but in the end finds her strength in her walk with God Faith is tried over and over again when we think we are finally through we find there is another test waiting for us No matter what test of faith you are experiencing in **Tales of a Woman's Struggle** you will find one of these artfully crafted characters with whom you can identify We women understand how important it is to be strong for our families and Newton's book is the perfect place to strengthen and recharge your faith Whether you read the book to energize your own faith or give it to a woman you love you

will not be disappointed by Newton's short story collection Todd Rutherford AskthePublishingGuru.com **Handbook of Studies on Men and Masculinities** Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men's and boys' identities, conduct, and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines, theoretical perspectives, methodologies, and conceptualizations in relation to the topic of men Editors Michael S. Kimmel, Jeff Hearn, and Robert W. Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames: the social organization of masculinities in their global and regional iterations; the institutional reproduction and articulation of masculinities; the ways in which masculinities are organized and practiced within a context of gender relations; and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars, researchers, and students with the most current incisive scholarship available for the men's studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men, boys, and gender, as well as an excellent addition to any academic library *Bondage Tales* Sarah Pain, These 5 stories contain Very Naughty Erotica themes of BDSM, Bondage, Spanking, Humiliation, Punishment, Domination, and Submission, as well as the use of BDSM devices Included in this anthology are the following stories: A STRANGE TWIST OF FATE, SHIFTY CHARACTERS, THE MOST WONDERFUL TIME OF THE YEAR, T E H, THEIR CL N WHO NEEDS MEN Don't you dare miss out on this steamy bondage collection GENRE: Bondage, BDSM, Fetish WARNING: This Book contains mature language and content intended for 18+ readers only **Studying Her: A First Time with a Trans Girl Tale** Nikki Crescent, Kurt is a devoted scientist He just got a new gig doing a study that compares trans women with cis men physically, mentally, and intimately It's his job to run all of the tests and conduct all of the exams, measurements, fluid samples, stimulation, response, and more One of his duties is to hook the subjects up to a machine which logs all of the vitals as it stimulates the subject to a messy finale It's a straight forward gig until Kurt starts to see one of the study's trans girls as more than just a test subject This book contains feminization, sissification, mtf, m2f, transformation, transgender, trans girly, boy, effeminate, genderswap, gender swap, sissy, sissies, t girl, transition, steamy erotica, crossdressing, crossdresser, transsexual, emasculation *Tales from Kentucky Doctors* William Lynwood Montell, 2008-03-14 The book lets us see the human side of physicians, the
