Saga Of Kosovo Focus On Serbian Albanian Relations:

The saga of Kosovo Alex N. DRAGNICH,1984 *The Saga of Kosovo. Focus on Serbian-Albanian Relations* Alex N.; Todorovich Dragnich (Slavko P.),1984 Kosovo, A Documentary History Robert Elsie,Bejtullah D. Destani,2018-01-30 The question of Kosovan sovereignty and independence has a history which stretches far back beyond the outbreak of war in 1998 This volume is a compilation of key documents on Kosovo from the first half of the twentieth century These texts including numerous diplomatic despatches from the British Foreign Office deal initially with the Albanian uprising against Ottoman rule in the spring of 1912 and in particular with the period of the Serbian invasion of Kosovo in late 1912 and the repercussions of the conquest for the Albanian population The documents from 1918 to the early 1920s focus mainly on endeavours by Albanian leaders including those of the so called Kosovo Committee in exile to bring the plight of their people to the attention of the outside world endeavours which largely failed Further documents reflect the situation in Kosovo up to the outbreak of World War II This collection provides new perspectives on the Kosovo question and includes many documents which have been largely unavailable up to now It sheds new light on many of the major and minor episodes that channelled and determined subsequent events including the Kosovo War of 1998 1999 and the declaration of independence in February 2008 Beyond Yugoslavia Sabrina Petra Ramet,2019-02-22 The fruit of a landmark international collaboration this book focuses on the final years of socialist Yugoslavia and on the beginning of the country s breakup With chapters devoted to each of erstwhile Yugoslavia s six republics the book also offers a unique blend of thematic essays on political cultural economic environmental religious and foreign policy issues Bringing together renowned scholars from the United States Great Britain Serbia and Croatia the book shows how disintegrative tendencies penetrated and affected all spheres of life in Yugoslavia The resultant war has therefore been fought not only on military and diplomatic fronts but also at the level of economics through literature and film and in the spheres of religion and gender relations Rebels, Believers, Survivors Noel Malcolm,2020-07-10 Thanks to its half century under Communism as well as its little known language Albania has suffered from neglect and a sense of isolation Yet as this study helps to show the Albanian lands have a long history of interaction with others They have been a meeting ground of Christianity and Islam a channel through which Venice connected with the Ottoman Balkans a place of interest to the Habsburgs and a focus for the ambitions of neighbouring powers in the late Ottoman period Albanians themselves could have many different identities The studies in this volume by one of the world s leading experts on Albanian history range from the fifteenth century to the twentieth taking in politics social history religion and diplomacy Each is based on original research the longest on Ali Pasha uses a wealth of manuscript material to tell for the first time the full story of the vital role he played in the international politics of the Napoleonic Wars Other studies bring to life ordinary individuals hitherto unknown to history women hauled before the Inquisition for example or the author of the first Albanian autobiography Some of these studies have been printed before several in hard to find

publications and one only in Albanian but the greater part of this book appears here for the first time This is not only a landmark publication for readers interested in south east European history It also engages with many broader issues including religious conversion crypto Christianity among Muslims methods of enslavement within the Ottoman Empire and the nature of modern myth making about national identity Peace and Security in the Postmodern World Dennis J.D. Sandole,2007-01-24 This book analyzes how postmodern conflict such as the recent Balkan Wars and the post 9 11 new terrorism can be prevented and or otherwise dealt with in the future **The Balkans Beyond Nationalism and Identity** Pavlos Hatzopoulos,2007-12-19 For decades we have come to accept that nationalism formed the basis of the modern history of the Balkans In this bold and controversial study Pavlos Hatzopoulos turns this assumption on its head Through a ground breaking examination of the non nationalist ideologies in the Balkans during the interwar period Hatzopoulos calls into question the supposedly inherent connection between the Balkans and nationalism and argues that nationalism does not form the sole ordering principle of the modern history of the Balkan region Focusing on the ideologies of communism liberal internationalism and agrarianism Hatzopoulos examines how these interact with nationalist ideology He demonstrates how non nationalist theories challenge the nationalist view of the Balkans as the sum of several national spaces He even questions the nationalist understanding of the very term the Balkans The Balkans Beyond Nationalism and Identity revisits contemporary debates on a region that is still a European crisis point and challenges the nation centric understanding that permeates it In proposing a description of the Balkans as a contested political concept the book argues for a completely fresh interpretation of the region s composition **Balkan Historiographical Wars** Diana Mishkova,Roumen Daskalov,2025-09-13 The studies in this volume present some of the major historiographical wars over the medieval Balkan past fought by the historians of competing nation states in the region thnic origins and national makeup of medieval states and disputed regions ownership of the historical heritage located in or associated with that territory provenance or national consciousness of important historical personalities the boundaries of a certain medieval state and its political religious and cultural influence on others these are some of the issues around which major clashes between the modern Balkan historiographies recurred The book is valuable to all those interested in how the medieval past becomes instrumentalized by the national historians in the service of constructing the national canons of history *Capturing the Complexity of Conflict* Dennis J. D. Sandole,2013-09-13 The study reported in this volume is an attempt to develop a multilevel theory of violent conflict and war As such the study involves a pretheory for identifying concepts operative at each level and for explaining how the concepts relate to violent conflict and war Advances in Reversal Theory M.J. Apter,J.H. Kerr,S. Murgatroyd,1993-01-01 Explores some of the recent thinking in psychology along the lines that people are inherently inconsistent over time and that the differences within an individual are as important as the differences among individuals The 26 papers most presented at conferences since 1988 and many researchers hav
