*Oregon Wilderness*, 1990      **A Sagebrush Heritage** Lorena Edwards Meadows, 1972      **History of Nevada** Russell R. Elliott, 1987-01-01 Maintaining the same high standards of the first edition published in 1973 this new revised edition is still the most comprehensive one volume history of a state that was once thought of as a bridge to somewhere else In revising Elliott summarizes the state's economic political and social history since 1973 and strengthens a major point he made then that Nevada's acceptance of liberal marriage and divorce laws and of legalized gambling brought economic stability to a state singularly devoid of stable economic resources from Book Jacket      **Blazing Heritage** Hal K. Rothman, 2007-04-12

National parks played a unique role in the development of wildfire management on American public lands With a different mission and powerful meaning to the public the national parks were a psychic battleground for the contests between fire suppression and its use as a management tool Blazing Heritage tells how the national parks shaped federal fire management

**Recreation Area Management Final Plan for the Steens Mountain Recreation Lands, Oregon**, 1985      Ordinary Women, Extraordinary Lives Kriste Lindenmeyer, 2000-06 This collection of seventeen minibiographies sheds light on the often neglected herstory of U S history from the revolutionary era through the late twentieth century In addition this volume suggests the complexity of studying the past when gender race class region age and ethnicity are included in the analysis This book is unique in that it focuses on the lives of ordinary women The names of the vast majority of those whose stories are included here will likely be unfamiliar even to serious students of American women's history The varied experiences of such women help to create a more complete picture of the past by revealing the influence general historical trends have had on the lives of ordinary individuals But ordinary does not mean lesser nor does it denote class race ethnicity or age The individual women's stories that are told in the following pages show that even people who are not featured in mainstream history texts led lives that deserve the attention of those interested in understanding the past The authors of these chapters have found support for generalizations commonly held by American women's historians Nonetheless their research has also led to unexpected findings that ask students of women's history to examine assumptions about the past more closely

Oregon State Office, 1980      **Oregon Wilderness: Includes Appendices for all WSAs beginning with OR-1, OR-5, OR-11, and OR-12** United States. histories of fifteen pioneer women all born before 1900 who traveled Nevada Territory in unstable wagons on temperamental mules and in early Motor Cars to leave a legacy of courage and celebration as they broke records hearts and rules while conquering uncharted ground Meet Ferminia Sarras a Nicaraguan immigrant with four young daughters who arrived in Nevada in the early 1800s determined to seek her fortune as a miner and succeeded Dat so la lee a Washoe Indian renowned for her basket weaving artistry whose work is today preserved in museums and Anne Henrietta Martin a lifelong suffragette who fought for women's rights and was instrumental in securing the passage of the Nineteenth Amendment giving women the right to vote
