Saint Thomas Platonism A Study Of The:

Saint Thomas and Platonism. A Study of the Plato and Platonic Texts in the Writings of Saint Thomas. [With the Texts.]. Robert John HENLE, 1956 **Saint Thomas and Platonism** R.J. Henle, 2012-12-06 The present work is substantially a dissertation presented to the Faculty of the Graduate School of the University of Toronto While aware of the numerous imperfections of the work I have decided on the urging of many colleagues to publish it at this time because of the current relevance of the subject matter and especially of the collection of texts I am happy to acknowledge my indebtedness to the faculty of the Pontifical Mediaeval Institute of Toronto and especially to the Reverend Ignatius Eschmann O P who first suggested the idea of this study and whose encouragement and assistance brought it to completion My thanks are due also to the Reverend George Klubertanz S J and Mr Paul Mathews both of the Department of Philosophy of Saint Louis University and for invaluable secretarial assistance to Mrs Savina Tonella and Miss Agnes Kutz R J HENLE S J Saint Louis December 1954 TABLE OF CONTENTS GENERAL INTRODUCTION XIII *Saint Thomas and Platonism, a Study of the Plato and Platonic Texts in the Writings of Saint Thomas, By... R. J. Henle,...* R. J. Henle (S.J., le P.), 1956 **Saint Thomas Aquinas: The person and his work** Jean-Pierre Torrell, 2005 Highly acclaimed as the most reliable thorough and accessible introduction to Thomas Aquinas this first volume in Jean Pierre Torrell's set of books on the great Dominican theologian has been revised to include a new appendix The appendix consists of additions to the text the catalog of Aquinas's works and the chronology Each item in the appendix is called out in the original part of the book with an asterisk in the margin This is the introduction to Thomas presenting all the known facts of his life and work tracing the themes of his writing out of his juvenilia and following the influence of his thought in the years immediately after his death First Things The most up to date biography available Choice **Saint Thomas and Platonism** Robert John Henle, 1954 **Saint Thomas and Platonism** Robert J. Henle (SI.), 1956 **The Platonic Tradition in the Middle Ages** Stephen Gersh, Maarten J.F.M. Hoenen, 2013-02-06 This collection of essays delineates the history of the rather disparate intellectual tradition usually labeled as Platonic or Neoplatonic In chronological order the book covers the most eminent philosophic schools of thought within that tradition The most important terms of the Platonic tradition are studied together with a discussion of their semantic implications the philosophical and theological claims associated with the terms the sources that furnish the terms and the intellectual traditions aligned with or opposed to them The contributors thereby provide a vivid intellectual map of the Middle Ages and the Early Modern period Contributions are written in English or German *The Philosophy of Saint Thomas Aquinas* Brock Stephen L, 2016-12-29 If Saint Thomas Aquinas was a great theologian it is in no small part because he was a great philosopher And he was a great philosopher because he was a great metaphysician In the twentieth century metaphysics was not much in vogue among either theologians or even philosophers but now it is making a comeback and once the contours of Thomas's metaphysical vision are glimpsed it looks like anything but a museum piece It only needs some

dusting off Many are studying Thomas now for the answers that he might be able to give to current questions but he is perhaps even more interesting for the questions that he can raise regarding current answers about the physical world about human life and knowledge and needless to say about God This book is aimed at helping those who are not experts in medieval thought to begin to enter into Thomas s philosophical point of view Along the way it brings out some aspects of his thought that are not often emphasised in the current literature and it offers a reading of his teaching on the divine nature that goes rather against the drift of some prominent recent interpretations *Ideas in God According to Saint Thomas Aquinas* Vivian Boland,2021-12-06 This work examines the role of the doctrine of divine ideas in the theology of Thomas Aquinas a question which remains controversial Aquinas received this doctrine in two distinct forms from Augustine and Dionysius The historical origins and development of this twofold tradition are traced from Plato and Aristotle through Hellenistic philosophy to the patristic and medieval periods In Aquinas account of God s knowledge of the Word of God of Creation and of Providence the doctrine of divine ideas plays a key role Various strands of neoplatonist thought are clearly important for him but it is Aristotle who is of greatest significance for Aquinas sustained and original re thinking of the doctrine A study of this question provides a fresh perspective on the nature of Aquinas unique synthesis *Saint Thomas Aquinas* Jean-Pierre Torrell, OP,Jean-Pierre Torrell,2022-08-26 The presentation of the life and work of any great thinker is a formidable task even for a renowned scholar This is all the more the case when such a historical figure is a saint and mystic such as Friar Thomas Aquinas In this volume Fr Jean Pierre Torrell OP masterfully takes up the strenuous task of presenting such a biography providing readers with a detailed scholarly and profound account of the thirteenth century theologian whose works have not ceased to draw the attention of both friend and foe In this volume Fr Torrell an internationally renowned expert on St Thomas speaks to neophytes and experts alike for those new to Thomas s works he paints an engaging human portrait of Friar Thomas in his historical context for specialists he provides a rigorous scholarly account of contemporary research concerning Thomas s life and work This new edition of Fr Torrell s widely lauded text involved significant revision expansion and bibliographical updates in light of the latest scholarship The Catholic University of America Press is pleased to present such an eminent specialist s mature synthesis concerning Friar Thomas Aquinas
