

Salt Line

Russell James

Salt Line:

Gallant Haryana C.B. Singh Sheoran, 2019-06-17 The book contains a narrative of the events of the first Indian war of Independence 1857-60 in modern Haryana and surrounding areas in a chronological order derived from hitherto untouched sources such as original and first hand reports of the British commanding officers and accompanying magistrates available in the contemporary newspapers, archival files and government publications. Please note Taylor Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka. **After the end** David L.

Pike, 2024-04-09 After the End argues that the cultural imaginaries and practices of the Cold War continue to deeply shape the present in profound but largely unnoticed ways across the global North and in the global South. The argument draws examples from literature and literary criticism, film, music, the historical and social scientific record, and past and present physical sites to consider the bunker as a material form, an image, and as a fantasy that took shape in the global North in the 1960s and that spread globally into the twenty-first century. After the End reminds us not only that most of the world's peoples have lived with or died from apocalyptic conditions for centuries, but that the Cold War imaginaries that grew from and fed those conditions continue to survive as well. **Cheshire** Kate Simon, Suzanne King, 2018-06-08 This brand new title in Bradt's acclaimed UK regional Slow series is the only full guide to Cheshire, a county known for its abundance of black and white timbered buildings and which was put firmly on the map in the 1990s thanks to then resident stars Posh and Becks. Cheshire is a county that confounds expectations from the Cheshire Plain to the hills and moors of the Pennines and Peak District in the east, and surprisingly dramatic sandstone ridges in the west, not to mention the Wirral Peninsula flanked by the major estuaries of the Rivers Mersey and Dee flowing into the Irish Sea. Home to premier league footballers, it may be, but it is also a largely rural landscape and an area of farm shops, forests, and falconries, meres, marinas, and marshes. There is industrial and scientific heritage too, ranging from Bronze Age mining sites to the internationally important astronomical observatory and mighty Lovell Telescope at Jodrell Bank. With this new Bradt guide, discover all of this and more: the county town of Chester with its fascinating Roman history, unique double-decker medieval shopping arcades, and the most complete city walls in Britain; ruins of ancient castles and reminders of the salt and silk industries that have been so important in the past. For a truly slow experience, Cheshire also offers a network of canals, perfect for waterside strolls or pootling along in a narrowboat, while Bradt's Slow Cheshire details information for walkers and cyclists too. Also included in this guide are gardens and parks, grand stately homes, and structural legacies of the past, such as Port Sunlight, engaging museums, attractions, and events. Local food and drink is covered, along with all types of accommodation, from farm stays and self-catering cottages to guesthouses and hotels. *Mineral Resources of the United States* United States. Hard Rain Russell James, 2024-06-10 Welcome to the ghostpocalypse! Stuart Angelino is a former gang enforcer on his way through empty western Kansas, fresh out of prison and ready to get his life back on track. He stops at an isolated

convenience store for gas and a break While he s there a strange expanding storm blows in with purple black clouds and green lightning He and several others are trapped inside by this storm that doesn t slacken A nightgown clad woman wanders into the parking lot One of the men in the store goes out into the rain to help her and she viciously murders him before running off into the storm Soon others appear vengeful ghosts from many different times and places Something has opened a rift between the spirit world and ours and ghosts are returning in waves When it s clear no one outside the storm has entered it the group realizes they are the world s best bet to stop what one of them calls the ghostpocalypse But they will have to battle the weather mobs of crazed spirits as well as ghosts with specific grudges against those in the store And more dangers await because the rift is letting more than just ghosts into our reality Oscillometry and Conductometry E. Henry believed continues in a perfect circle unmarred by flaws of personality irrespective of blood and possessions and rank and separate from organized religion In Alabama until his final breath he would chase these high ideas But first Henry had to answer up for leaving Idaho Henry s dearest friend and intellectual sparring partner Pastor Will Webb and Henry s two adult sons Thomas and Harvey were baffled and angry that he would abandon them and move to the Deep South living in a barn there while he built a round house of handmade concrete blocks His new neighbors were perplexed by his eccentric behavior as well On the coldest day of winter he was barefoot a philosopher and poet with ideas and words to share with anyone who would listen And mysteriously his last few months became years He had gone looking for a place to learn lessons in dying and studiously advanced to claim a vigorous new life The Poet of Tolstoy Park is a moving and irresistible story a guidebook of the mind and spirit that lays hold of the heart Henry Stuart points the way through life s puzzles for all of us becoming in this timeless tale a character of such dimension that he seems more alive now than ever *SHADOWS OF CREEK HOLLOW*
