Dirty Jokes and Bawdy Songs Susan Davis, 2019-10-15 Collector of sexual folklore Cataloger of erotica Tireless social critic Gershon Legman s singular disreputable resume made him a counter cultural touchstone during his forty year exile in France Despite his obscurity today Legman s prescient work and passion for the prurient laid the groundwork for our contemporary study of the forbidden Susan G Davis follows the life and times of the figure driven to share what he found in civilization s secret libraries Self taught and fiercely unaffiliated Legman collected the risqu on street corners and in theaters and dug it out of little known archives If the sexual humor he uncovered often used laughter to disguise hostility and fear he still believed it indispensable to the human experience Davis reveals Legman in all his prickly provocative complexity as an outrageous nonconformist thundering at a wrong headed world while reveling in conflict violating laws and boundaries with equal abandon and pursuing love and improbable adventures Through it all he maintained a kaleidoscopic network of friends fellow intellectuals celebrity admirers and like minded obsessives **Cracking Jokes** Alan Dundes, 2017-01-19 *Sexual Humour in Africa* Ignatius Chukwumah, 2022-03-30 This book examines the types discourse modes and effects of sex jokes in different African contexts in a range of different cultural forms from the internet to music books films advertising and images thus filling the existing void in literature on the subject Arguing that sex jokes are used to perform a number of functions in African society the contributors show how they can be used to perpetuate violence against women construct spaces resist oppression create conformity build affiliations and subvert morality They consider jokes from Egypt Ghana Nigeria Kenya and Zambia in a range of forms including queer sex jokes rape jokes performed sex jokes gendered humour and resistance sex humour The book places particular emphasis on the impact of new media platforms and the anonymity they provide Providing an important analysis of this tabooed but culturally important facet of everyday life this book will be of interest to scholars of African culture and society from a range of disciplines including anthropology gender studies literary studies and

sociology **The Male Chauvinist Pig** Julie Willett, 2021-04-27 In the social upheavals of the 1960s and 1970s a series of stock characters emerged to define and bolster white masculinity. Alongside such caricatures as the Playboy and the Redneck came a new creation the Male Chauvinist Pig. Coined by second wave feminists as an insult the Male Chauvinist Pig was largely defined by an anti feminism that manifested in boorish sexist jokes. But the epithet backfired being a sexist pig quickly transformed into a badge of honor worn proudly by misogynists and in time it would come to define a strain of right wing politics. Historian Julie Willett tracks the ways in which the sexist pig was sanitized by racism popularized by consumer culture weaponized to demean feminists and politicized to mobilize libertine sexists to adopt reactionary politics. Mapping out a trajectory that links the sexist buffoonery of Bobby Riggs in the 1970s the popularity of Rush Limbaugh's screeds against Feminazis in the 1990s and the present day misogyny underpinning Trumpism Willett makes a case for the potency of this seemingly laughable cultural symbol showing what can happen when we neglect or trivialize the political power of humor.

This book is a must have for all leaders at every level of business.

In the Company of Men James Gruber, Phoebe Morgan, 2005 Despite over twenty years of discussion and study sexual harassment remains a significant problem in the workplace. Current research focusing on organizational policy and women's career development often ignores the reality of male dominance prevalent in areas such as the military the police and firefighting occupations that see not only more frequent but also more severe harassment even sexual assault. Meanwhile new evidence points to the fact that men are largely responsible not only for the harassment of women but for most harassment of other men as well. This landmark collection of original essays investigates the links between male dominance and sexual harassment in light of new research and more complex understandings of masculinity. Treated not merely as a matter of worker sex ratios but as an inherent element of workplace culture male dominance is observed from a variety of quantitative and qualitative approaches ranging from criminology and sociology to psychology and gender studies. Integrating both men's and women's viewpoints research across occupational groups and studies from both the United States and Europe the chapters provide an invaluable international perspective into two inextricably intertwined problems rooted in cultural constructions of gender and institutional roles and processes.

Red Feminism Kate Weigand, 2021-04-27 The untold history of feminist activism in the American Communist Party from the 1930s 50s and its influence on the women s liberation movement Publishers Weekly Drawing on substantial new research historian and archivist Kate Weigand disproved the conventional wisdom that the American Communist Party disregarded women s issues Weigand argues that despite the devastating effects of anti Communism and Stalinism on the progressive Left of the 1950s Communist feminists such as Susan B Anthony II Betty Millard and Eleanor Flexner managed to sustain many important elements of their work into the 1960s when a new generation took up their cause and built an effective movement for women s liberation Red Feminism provides a more complex view of the history of the modern women s movement showing how key Communist activists came to understand gender sexism and race as central components of culture economics and politics in American society

Loose Women, Lecherous Men Linda LeMoncheck, 1997 The author discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women s sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women s sexuality across a broad political spectrum
