In this enlightening book the eminent Brahms scholar Michael Musgrave presents a comprehensive and original account of the composer's private and professional lives. Drawing on an array of documentary materials, Musgrave weaves together diverse strands to illuminate Brahms's character and personality, his outlook as a composer, his attitudes toward other composers, his activities as pianist and conductor, his scholarly and cultural interests, his friendships with Robert and Clara Schumann and others, his social life and travel, and critical attitudes toward his music from his own time to the present. The book quotes extensively from Brahms's own words and those of his circle. Musgrave mines the composer's letters, reminiscences of his contemporaries, early biographies, reviews, and commentary by friends, critics, and scholars to create an unparalleled source of information about Brahms. The author sets the materials in context, identifies sources in detail, includes a glossary of information on principal individuals, and notes recent research on the composer. This engaging biographical work, with a gallery of illustrations, will appeal to general music lovers as well as to scholars with a special interest in Brahms.

The Disappointed Bridge Richard Pine, 2014-06-02 This original study is the first major critical appraisal of Ireland's post-colonial experience in relation to that of other emergent nations. The parallels between Ireland, India, Latin America, Africa, and Europe establish bridges in literary and musical contexts which offer a unique insight into independence and freedom and the ways in which they are articulated by emergent nations. They explore the master-servant relationship, the functions of narrative, and the concepts of nationalism, map-making, exile, schizophrenia, hybridity, magical realism, and disillusion. The author offers many incisive answers to the question: What happens to an emerging nation after it has emerged?

Ferruccio Busoni and His Legacy Erinn E. Knyt, 2017-05-22 An analysis of the composer's unconventional teaching style and philosophy, his relationship with his students, and his effect on twentieth-century music. Many students of renowned composer, conductor, and teacher Ferruccio Busoni had illustrious careers of their own, yet the extent to which their mentor's influence helped shape their success was largely unexplored until now. Through rich archival research, including correspondence, essays, and scores, Erinn E. Knyt presents an evocative account of Busoni's idiosyncratic pedagogy focused on aesthetic ideals rather than methodologies or techniques, and how this teaching style and philosophy can be seen and heard in the Nordic-inspired musical works of Sibelius, the unusual soundscapes of Varèse, the polystylistic meldings of music and technology in Louis Gruenberg's radio operas and film scores, the electronic music of Otto Luening, and the experimentalism of Philip Jarnach. Equal parts critical biography and interpretive analysis, Knyt's work compels a reconsideration of Busoni's legacy and puts forth the notion of a Busoni School as one that shaped the trajectory of twentieth-century music. Erinn Knyt's *Ferruccio Busoni and His Legacy* is a most welcome addition to the literature on Busoni as a fine example of research based on primary sources. *Bach* *The Rest Is Noise* Alex Ross, 2007-10-16 Winner of the 2007 National Book Critics Circle Award for Criticism, A New York Times Book Review Top Ten Book of the Year, Time magazine Top Ten Nonfiction Book of 2007, Newsweek Favorite Books of 2007, A Washington Post Book World Best Book of 2007.
