Because there are far too many stories that remain untold We had over 200 000 years of Black history to tell from the southern tip of Chile to the northernmost isles of Europe and you can't do that justice in a 300 page book So there are two parts each consisting of 360 pages of groundbreaking history digging deep into the story of all the world's original people Part One covers the Black origins of all the world's oldest cultures and societies spanning more than 200 000 years of human history Part Two tells the stories of the Black men and women who introduced urban civilization to the world over the last 20 000 years up to the time of European contact Each part has over 100 helpful maps graphs and photos an 8 page full color insert in the center and over 300 footnotes and references for further research In this book you'll learn about the history of Black people I don't mean the history you learned in school which most likely began with slavery and ended with the Civil Rights Movement I'm talking about Black history BEFORE that Long before that In this book we'll cover over 200 000 years of Black history For many of us that sounds strange We can't even imagine what the Black past was like before the slave trade much less imagine that such a history goes back 200 000 years or more Part Two covers history from 20 000 years ago to the point of European contact This is the time that prehistoric cultures grew into ancient urban civilizations a transition known to historians as the Neolithic Revolution **The Next Ten Minutes** Andrew Peterson, 2010-10-26 The Next Ten Minutes provides practical and entertaining ways to rethink the everyday and experience the transformative power of the present moment turning mundane activities into meditative opportunities for self-awareness and personal growth The desire to discover meaning in our lives is a powerful motivator for many people Some turn to psychotherapy and counseling for help some turn to spiritual teachings and many turn to both The Next Ten Minutes is the guide to help us discover the seeds of transformation and meaning in even the most ordinary routines The Next Ten Minutes consists of a collection of exercises originally created for use in Dr Peterson's successful counseling practice Rather than taking readers out of the everyday Dr Peterson invites them to move more deeply into the familiar tasks of ordinary life such as turning simple breathing eating physical love or throwing out the trash into meditative exercises that can transform your day Based on both Buddhist philosophy and proven psychology techniques these succinct and accessible meditations also offer simple and effective methods for therapeutic counseling and personal growth The power to seize the day is but a few simple steps away
