**Tracking dogs** Roland Berger,2022-04-15 Tracking or Mantrailing in a slightly different form is a useful activity for your dog Actually you do not have to teach him much here because your dog can sniff quite certainly and he also does day after day with every walk So why do you need to train your dog in tracking Well tracking work is a bit more profound You yourself or another person lay a track for your dog to follow But of course not somehow because there are rules for this You can even take certain exams to be able to lead your dog as a recognized tracking or rescue dog For mantrailing similar rules apply but here no artificially laid track is followed by your four legged friend but the dog is trained so that he can follow the scent of a very specific person and thus for example find a missing person The contents of the book are The
