Looking Where The Lost Things Are:

Where the Lost Things Are Rudy Rucker, Terry Bisson, 2014-11-05 It's the only alternate universe just the one. Thanks to bluegene life is long. But out Route 42 near Goshen it's also kind of dull. Just the thing to encourage an expedition into the only actual other universe, the place where but that would be telling. The Luster of Lost Things Sophie Chen Keller, 2017-08-08 In this story for readers of *The Curious Incident of the Dog in the Night-Time* and *A Man Called Ove*, when all seems lost, he finds what matters most. Walter Lavender Jr. is a master of finding: A wearer of high tops, A maker of croissants, A son keeping vigil twelve years counting. But he wouldn't be able to tell you. Silenced by his motor speech disorder, Walter's life gets lonely. Fortunately, he has The Lavenders, his mother's enchanted dessert shop where marzipan dragons breathe actual fire. He also has a knack for tracking down any missing thing except for his lost father. So when the Book at the root of the bakery's magic vanishes, Walter, accompanied by his overweight golden retriever, journeys through New York City to find it, along the way encountering an unforgettable cast of lost souls. Steeped in nostalgic wonder, *The Luster of Lost Things* explores the depths of our capacity for kindness and our ability to heal. A lyrical meditation on why we become lost and how we are found from the bright, broken heart of a boy who knows where to look for everyone but himself.

The Land of Lost Things John Connolly, 2023-09-19 Phoebe, an eight-year-old girl, lies comatose following a car accident, a body without a spirit. Ceres, her mother, can only sit by her bedside and read aloud the fairy stories Phoebe loves in the hope they might summon her back to this world. But an old house on the hospital grounds, a property connected to a book written by a vanished author, is calling to Ceres. Something wants her to enter, to journey to a land colored by the memories of childhood and the folklore beloved of her father: a land of witches and dryads, giants and mandrakes, a land where old enemies are watching and waiting.

Critical Multimodal Studies of Popular Discourse Emilia Djonov, Sumin Zhao, 2013-09-23 Studies of multimodality have significantly advanced our understanding of the potential of different semiotic resources: verbal, visual, aural, and kinetic, to make meaning and allow people to achieve various social purposes such as persuading, entertaining, and explaining. Yet little is known about the role that individual nonverbal resources and their interaction with language and with each other play in concealing and supporting or drawing attention to and subverting social boundaries and inequality, political or commercial agendas. This volume brings together contributions by prominent and emerging scholars that address this gap through the critical analysis of multimodality in popular culture texts and semiotic practices. It connects multimodal analysis to critical discourse analysis, demonstrating the value of different approaches to multimodality for building a better understanding of critical issues of central interest to discourse analysis: semiotics, applied linguistics, education, cultural and media studies.
