Mary Lee Settles Beulah Quintet The Price Of Freedom:

Mary Lee Settle's Beulah Quintet Brian C. Rosenberg, 1991-10-01 In the mid 1950s when Mary Lee Settle published *The Love Eaters* and *The Kiss of Kin* critics hailed her as a sharp and acidic writer However when in subsequent novels the focus of her work shifted from contemporary social realism to historical fiction the same critics who previously had praised her work lost enthusiasm In *Mary Lee Settle's Beulah Quintet The Price of Freedom* Brian Rosenberg examines Settle's work especially *Prisons O Beulah Land Know Nothing The Scapegoat* and *The Killing Ground* to show the magnitude and artistic merit in a single continuous fiction a fiction of major importance According to Rosenberg the Beulah quintet is one of the few grandly ambitious works of historical fiction written by an American woman In the novels Settle attempts to apply a European tradition of historical re creation to American experience and in so doing to adapt a largely conservative form to the demands of a revolutionary history and ideology Although the immediate subject is the history of a region in West Virginia the deeper subject is nothing less than the history of America the beliefs conflicts and illusions that gave rise to and continue to distinguish American culture Rosenberg also treats the reaction to the Beulah quintet among literary critics He looks at the neglect and misjudgment the novels have suffered by being labeled historical fiction a genre often thought to consist largely of romance novels and explains why the quintet should be placed among the canonical works of contemporary American literature Rosenberg includes in his book the transcript of an interview he conducted with Settle in which she reflects on both her intentions as a writer and the reception of her work Mary Lee Settle's fiction has for too long been misperceived Brian Rosenberg's thorough analysis of the Beulah quintet will allow a larger audience to understand the nature and scope of her achievement *An American Vein* Danny Miller, Sharon Hatfield, Gurney Norman, 2005 *An American Vein* is an anthology of literary criticism of Appalachian novelists poets and playwrights The book reprises critical writing of influential authors such as Joyce Carol Oates Cratis Williams and Jim Wayne Miller It introduces new writing by Rodger Cunningham Elizabeth Engelhardt and others *Encyclopedia of the American Novel* Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this

Writing West Virginia Boyd Creasman, 2024-01-12 With their stirring depictions of a proud people striving for fulfillment in a land of natural beauty and economic hardship West Virginia authors have produced a body of work that is worthy of study and of celebration In *Writing West Virginia* Boyd Creasman examines the fiction and poetry of eight accomplished writers Davis Grubb Mary Lee Settle Breece D J Pancake Denise Giardina Irene McKinney Ann Pancake Jayne Anne Phillips and Pinckney Benedict who exemplify the rich but often overlooked literary heritage of the Mountain State Creasman identifies the varied ways in which these writers have grappled with the dynamics of place socioeconomic class and gender For Settle this expression has taken the form of historical novels chronicling the development of the state from its British settlement to the rise of the coal industry and the creation of a wealthy industrial class For other authors the struggle against

poverty and lack of opportunity has been a central concern From the male protagonists of Grubb and Breece Pancake searching for ways to assert their masculinity when they cannot find gainful employment to the strong independent women of McKinney Giardina and Ann Pancake the characters in West Virginia literature have fought to transcend the challenges and limitations of living in the most Appalachian of states In the recent fiction of Phillips and Benedict elements of magical realism and fantasy are employed to create the possibility of transcendence for their characters shifting the focus from landscape to dreamscape and thereby suggesting exciting new directions for Appalachian literature Despite the remarkable talent of these writers only a handful of book length critical studies have focused on them and none have considered them as a group Writing West Virginia helps fill this gap in literary scholarship while opening up new paths for further exploration Boyd Creasman is a professor of English and vice president for academic affairs at West Virginia Wesleyan College where he won a number of teaching awards and taught Appalachian literature for fifteen years He has published scholarly articles in journals such as Studies in Humanities Studies in Short Fiction and Appalachian Journal

Writers and Miners David C. Duke, 2021-10-21 Coal miners evoke admiration and sympathy from the public and writers some seeking a muse others a cause traditionally champion them David C Duke explores more than one hundred years of this tradition in literature poetry drama and film Duke argues that as most writers spoke about rather than to the mining community miners became stock characters in an industrial morality play robbed of individuality or humanity He discusses activist writers such as John Reed Theodore Dreiser and Denise Giardina who assisted striking workers and looks at the writing of miners themselves He examines portrayals of miners from The Trail of the Lonesome Pine to Matewan and The Kentucky Cycle The most comprehensive study on the subject to date Writers and Miners investigates the vexed political and creative relationship between activists and artists and those they seek to represent
