Methuselahs Gang:

Methuselah's Gang Puts'u,1980 A group of children befriend an old man with a very long beard and together they have many adventures in which the beard plays an important part The Methuselah Project Chris Petersen,2010-08-18 Dr Hank Rison has discovered a way to stop the aging process in humans He knows this because he has tried it and it is working The entities who fund his research suspect he is holding back on the results and Hank is convinced they are watching his every move Somebody wants the drug and they are willing to employ desperate measures to get what they want When Hank dies mysteriously his best friend Franklin Stone vows to discover why and how Hank died Was it murder or an accident At first there are too many suspects and too few answers As Stone slowly unravels the twists and turns it becomes apparent that there are more bad guys and more twists to the mystery than anyone imagined **Methuselah's Hidden Antediluvian**

Abridgement James Hendershot,2014-10-14 Too much of humanity s history might have been lost through the great flood which mercifully rendered humankind another chance to dwell on the Earth This fictional account through Methuselah begins with the creation of the two Earths and follows Adam through his multiple wives torn by sons who murder each other His remaining sons divide into tribes separated by their relationship with the creator Nonetheless wickedness rose in Seth s tribe while righteousness comes forth from Cain s seed Eve rewards Irad after he avenges the murder of his mother who was a favored stepdaughter of Eve Eve rewards Irad with three of her cherished daughters They launch a new homeland beyond the two established borders and through their faith in the God of Adam find favor with the Ancient One who reestablishes his covenant with a descendant of Habil Cain Lilith and several of her daughter s bond with Duci one of Irad s wives exploring the wild unsettled bulk of Pangaea lands beyond the invisible border which protects humanity from the hungry dinosaurs living in the open wilderness Duci with help from the Nephilim build the foundations for their two new cities and multiple temples Irad s tribe sails on secret ships to the southern hemisphere and build a Holy nation serving the Ancient One Enoch settles his small family on a mountaintop protected by angels as humanity falls into the final stage of wickedness Irad and his wives end their long fruitful lives nevertheless they watch from heaven as the vast majority of their family chose to follow their own gods and disown the Ancient One Just three young men who must sail to a distant island with their wives remain servants of the Ancient One Noah builds a giant rectangle ship boarding his sons and many wild animals saving them through a large flood Avram sails through the flood with his small group while watching death consume the lands **The Lost**

Explorers Alexader MacDonald,1906 *The Methuselah Project* Rick Barry,2015-09-24 Nazi scientists started many experiments One never ended Roger Greene is a war hero Raised in an orphanage the only birthright he knows is the feeling that he was born to fly Flying against the Axis Powers in World War II is everything he always dreamed until the day he s shot down and lands in the hands of the enemy When Allied bombs destroy both his prison and the mad genius experimenting on POWs Roger survives Within hours his wounds miraculously heal thanks to those experiments The Methuselah Project is a

success but this ace is still not free Seventy years later Roger hasn't aged a day but he has nearly gone insane This isn't Captain America just a lousy existence only made passable by a newfound faith The Bible provides the only reliable anchor for Roger's sanity and his soul When he finally escapes there's no angelic promise or personal prophecy of deliverance just confusion It's 2015 and the world has become an unrecognizable place Katherine Mueller crack shot genius and real Southern Belle offers to help him find his way home Can he convince her of the truth of his crazy story Can he continue to trust her when he finds out she works for the very organization he's trying to flee Thrown right into pulse pounding action from the first page readers will find themselves transported back in time to a believable full colored past and then catapulted into the present once more The historical back and forth adds a constantly moving element of suspense to keep readers on the edge of their seats

The Methuselah Tree Sefton Edwards, 2024-12-06 Life in the quiet village of Magen in rural Surrey is turned upside down when a new motorway bypass is proposed that will cut through ancient woodland Callum Kemble's decision to make a stand to protect this woodland sets off a chain of events that has major implications for the small village Mysterious unexplainable phenomena start happening and the village is inundated with people trying to find an explanation for a glowing sceptre like object that suddenly appears close to a two thousand year old yew tree growing out of a granite mound by the woodland Is it some type of weapon or a portal key to another world The military want to contain it and then study it the scientists want to back engineer it and then there are the collectors of such antiquities that will do anything to get their hands on such artefacts for their own reasons None of them know where this is going to lead and just how much their lives would be changed forever all started off by a small protest to protect an ancient woodland and a two thousand year old yew tree
