Mexican Caress:

Mexican Caress Linda Windsor, 1993 Gift local 8 5 98 4 50 *Natalie on the Street* Ann Nietzsche, 1994 An inspiring testimony of effecting change *Natalie on the Street* is a personal record of the writer's relationship with a schizophrenic elderly woman who lived on the streets of her central Los Angeles neighborhood Nietzsche courageously reveals Natalie's human face Publishers Weekly **A Mexican Girl** Frederick Thickett, 1888 **Anything But Mexican** Rodolfo F. Acuña, 2020-04-14 Mexicans and other Latinos comprise fifty percent of the population of Los Angeles and are the largest ethnic group in California In this completely revised and updated edition of a classic political and social history one of the foremost scholars of the Latino experience situates the US's largest immigrant community in a time of anti-immigrant fervor Originally published in 1996 this edition analyses the rise and rule of LA's first ever Mexican American mayor Antonio Villaraigosa as well as the harsh pressures facing Chicanos in an increasingly unequal and gentrifying city **The Mexican Mind!** Boye De Mente, 2011-12-10 Author Boy Lafayette De Mente known internationally known for his books on the business practices customs and languages of China Japan Korea and Mexico asserts that most people are ignorant of the amazing cultural heritage and character of the Mexican people He says that when most people think of great cultural accomplishments they think of Europe and when they think of the exotic and perhaps the erotic they think of the Orient while unknown to them they have overlooked one of the most unusual and fascinating countries on earth De Mente uses key words in the Mexican language to identify and explain the contradictions and paradoxes of Mexico the omnipresent trappings of Catholicism the macho cult of Mexican males the conflicting treatment of females the savage brutality of the criminal and the rogue cop the gentle humility of the poor farmer the warmth kindness and compassion of the average city dweller and the extreme sensuality of the Mexican mindset The book also explains why Mexicans are so attached to the culture and why so many foreigners find it so seductive and satisfying that they prefer to live in Mexico Louisiana Caress Terri Valentine, 1993 Terri Valentine offers an enchanting tale of a beautiful virgin a masked horseman and the legend that brings them together The only way to catch the elusive Unicorn is through the heart of an untouched maiden Little did the Louisiana innocent know that the golden haired god she'd seen in the convent garden was no celestial being but a seductive mortal leading a double life **Cosmopolitanism in Mexican Visual Culture** María Fernández, 2014-01-06 Since the colonial era Mexican art has emerged from an ongoing process of negotiation between the local and the global which frequently involves invention synthesis and transformation of diverse discursive and artistic traditions In this pathfinding book María Fernández uses the concept of cosmopolitanism to explore this important aspect of Mexican art in which visual culture and power relations unite the local and the global the national and the international the universal and the particular She argues that in Mexico as in other colonized regions colonization constructed power dynamics and forms of violence that persisted in the independent nation state Accordingly Fernández presents not only the visual qualities of objects but also the discourses ideas

desires and practices that are fundamental to the very existence of visual objects Fernandez organizes episodes in the history of Mexican art and architecture ranging from the seventeenth century to the end of the twentieth century around the consistent but unacknowledged historical theme of cosmopolitanism allowing readers to discern relationships among various historical periods and works that are new and yet simultaneously dependent on their predecessors She uses case studies of art and architecture produced in response to government commissions to demonstrate that established visual forms and meanings in Mexican art reflect and inform desires expectations memories and ways of being in the world in short that visual culture and cosmopolitanism are fundamental to processes of subjectification and identity *Southwest Review* ,1925
