Mexico And The United States The Fragile Relationship:

Mexico and the United States Lester D. Langley,1991 U S and Mexican political social and economic relationships

Mexico-United States Relations Arturo Santa-Cruz,2012-09-10 Sovereignty is a key factor to consider when studying the Mexico United States relationship During most of the twentieth century as a result of the new character of the Mexican post revolutionary regime there was a decoupling between the state s maximalist discourse on sovereignty and its practice Sovereignty as an undifferentiated whole does not exist it should instead be disaggregated into the myriad issue areas in which it is constantly negotiated Focusing on a tripartite classification relating to the construction of Mexico s sovereignty towards its northern neighbor since 1920 this volume illustrates how Mexico s sovereignty has varied not only according to the times but also according to the issues at stake In doing so Arturo Santa Cruz comprehensively covers a variety of issues in the bilateral agenda such as drug trafficking electoral observation human rights investment migration security and trade as well as some defining moments in the relationship such as the 1923 US granting of recognition to the Mexican post revolutionary regime the 1938 oil nationalization the 1982 debt crisis and the 1995 financial bailout These diverse cases analyzed through an original analytical approach capture sovereignty s multifocal meaning **A Latino Heritage, Series V** Isabel Schon,1995 An aid for librarians and teachers interested in exposing students in kindergarten through high school with an understanding and appreciation of the people history and art and political social and economic problems of Central and South American countries and Latino heritage people in the United States *Handbook Of Research On The International Relations Of Latin America And The Caribbean* G. Pope Atkins,2018-02-12 The study of Latin American and Caribbean international relations has a long evolution both within the development of international relations as a general academic undertaking and in terms of the particular characteristics that distinguish the approaches taken by scholars in the field This handbook provides a thorough multidisciplinary reference guide to the literature on the various elements of the international relations of Latin America and the Caribbean Citing over 1600 sources that date from the nineteenth century to the present with emphasis on recent decades the volume s analytic essays trace the evolution of research in terms of concepts issues and themes The Handbook is a companion volume to Atkins Latin America and the Caribbean in the International System Fourth Edition but also serves as an invaluable stand alone reference volume for students scholars researchers journalists and practitioners both official and private *Mexico* Don M. Coerver,Suzanne B. Pasztor,Robert Buffington,2004-09-22 A concise overview of 20th and 21st century Mexico this volume explores the political economic social and cultural history of the world s largest Spanish speaking country From NAFTA to narcotics from immigration to energy the ties that bind our nation and Mexico are varied and strong Mexico uncovers the real Mexico that lies behind the stereotypes of tacos tequila and tourist hotels Compiled by leading scholars of Mexican history and society its more than 150 entries examine the nation in all its fascinating contradictions and complexity This concise yet thorough study covering the

last 100 years of Mexican history is the only one volume A Z reference work available to students scholars and readers curious about one of the world s most diverse and dynamic societies What was the Mexican Revolution all about Who are the Zapatistas And why do Mexicans celebrate Cinco de Mayo Mexicans are America s largest immigrant group and Mexico is America s favorite tourist destination Yet we need to learn more and understand better our fascinating neighbor to the south Mexico comprehensive and accessible is the best place to start **The Third Century** Mark T. Gilderhus,David C.

LaFevor,Michael J. LaRosa,2017-01-05 This text focuses on U S relations with Latin America from the advent of the New Diplomacy late in the nineteenth century to the present Providing a balanced perspective it presents both the United States view that the Western Hemisphere needed to unite under a common democratic capitalistic society and the Latin American countries response to U S attempts to impose these goals on its southern neighbors The authors examine the reciprocal interactions between the two regions each with distinctive purposes outlooks interests and cultures They also place U S Latin American relations within the larger global political and economic context *America and the Americas* Lester D.

Langley,2010 In this completely revised and updated edition of *America and the Americas* Lester D Langley covers the long period from the colonial era into the twenty first century providing an interpretive introduction to the history of U S relations with Latin America the Caribbean and Canada Langley draws on the other books in the series to provide a more richly detailed and informed account of the role and place of the United States in the hemisphere In the process he explains how the United States in appropriating the values and symbolism identified with America has attained a special place in the minds and estimation of other hemispheric peoples Discussing the formal structures and diplomatic postures underlying U S policy making Langley examines the political economic and cultural currents that often have frustrated inter American progress and accord Most important the greater attention given to U S relations with Canada in this edition provides a broader and deeper understanding of the often controversial role of the nation in the hemisphere and particularly in North America Commencing with the French British struggle for supremacy in North America in the French and Indian War Langley frames the story of the American experience in the Western Hemisphere through four distinct eras In the first era from the 1760s to the 1860s the fundamental character of U S policy in the hemisphere and American values about other nations and peoples of the Americas took form In the second era from the 1870s to the 1930s the United States fashioned a continental and then a Caribbean empire From the mid 1930s to the early 1960s the paramount issues of the inter American experience related to the global crisis In the final part of the book Langley details the efforts of the United States to carry out its political and economic agenda in the hemisphere from the early 1960s to the onset of the twenty first century only to be frustrated by governments determined to follow an independent course Over more than 250 years of encounter however the peoples of the Americas have created human bonds and cultural exchanges that stand in sharp contrast to the formal and often conflictive hemisphere crafted by governments The Second Century Mark T. Gilderhus,2000 *The Second Century* U S Latin

American Relations since 1889 focuses on U S relations with Latin America during the second century a period bounded by the advent of the New Diplomacy late in the nineteenth century and the end of the Cold War about one hundred years later This text provides a balanced perspective as it presents both the United States s view that the Western Hemisphere needed to unite under a common democratic capitalistic society and the Latin American countries response to U S attempts to impose these goals on their southern neighbors This book examines the reciprocal interactions between the two regions each with distinctive purposes outlooks interests and cultures It also places U S Latin American relations within the larger context of global politics and economics The Second Century is an excellent text for courses in Latin American history and diplomatic history

Atlas of American Military History James C. Bradford,2003 From the Battle of Bunker Hill to the Battle of Midway from Vietnam to the Persian Gulf from George Washington to Douglas MacArthur The Atlas of American Military History covers the full span of America at war exploring the personalities methods strategies and historical contexts of each conflict Following a loose chronological framework this book examines every significant military campaign and war in which the United States has been engaged both domestically and internationally from the Revolutionary War to the present Written by trusted military historians each section combines analysis with a strong narrative account and an assessment of major campaigns and battle taking up the American viewpoint as well as those of its allies and opponents Military method weaponry and communication technology receive detailed treatment in the text and in the maps The center point of the book is its stunning color maps including historical military cartography specially commissioned maps and graphic reconstructions These maps show troop ship and aircraft movements of major campaigns and battles the theaters of fighting the balance of forces and the wider strategic picture It also features hundreds of illustrations appendixes and a glossary and information on military commanders events treaties code names and civilian personalities Edited by noted historian James Bradford The Atlas of American Military History is a beautiful and informative volume for history buff and general reader alike

The Diplomatic Record 1991-1992 Hans Binnendijk,Mary Locke,Alan Wm Wolff,Flora Lewis,2019-07-11 This volume reveals to readers the impact of recent events on diplomacy a year or so into the post Cold War world describing disintegration in the East integration in the West new relations with old allies changes in the Third World and multilateral diplomacy

Border Oasis Evan R. Ward,2016-12-15 The environmental history of the Colorado River delta during the past century is one of the most important and most neglected stories of the U S Mexico Borderlands Thanks to entrepreneurs such as William E Smythe the surrounding desert in Arizona California Sonora and Baja California has been transformed into an agricultural oasis but not without significant ecological political economic and social consequences Evan Ward explores the rapid development of this region examining the ways in which regional politics and international relations created a garden in the Mexicali Yuma and Imperial Valleys while simultaneously threatening the life of the Colorado River Tracing the transformation of the delta by irrigated agribusiness through the twentieth century he draws on untapped archival resources

from both sides of the border to offer a new look at one of the world's most contested landscapes Border Oasis tells how two very different nations developed the delta into an agricultural oasis at enormous environmental cost Focusing on the years 1940 to 1975 including the disastrous salinity crisis of the 1960s and 1970s it combines Mexican Native American and U S perspectives to demonstrate that the political and diplomatic influences on the delta played as much a part in the region's transformation as did irrigation Ward reveals how mistrust among political and economic participants has been fueled by conflict between national and local officials on both sides of the border by Mexican nationalism and by a mutual recognition that water is the critical ingredient for regional economic development With overemphasis on development in both nations leading to an ecological breaking point Ward demonstrates that conflicting interests have made sound binational management of the delta nearly impossible By weaving together all of these threads that have produced the fabric of today's lower Colorado his study shows that the environmental history of the delta must be understood as a whole not from the standpoint of only one of many competing interests

America in the World Michael J. Hogan, 1995 A survey of the historical literature on intelligence and national security during the Cold War

Rethinking Anti-Americanism Max Paul Friedman, 2012-08-27 This book reveals how the concept of anti Americanism has been misused for over 200 years to stifle domestic dissent and dismiss foreign criticism

The A to Z of U.S. Diplomacy from World War I through World War II Martin Folly, Niall Palmer, 2010-04-20 The period from the outset of World War I to the end of World War II was among the most significant in the history of the United States Twice it was drawn into foreign entanglements wars it initially thought were no concern of its own and of which it tried to steer clear only to realize that it could not stand aside With each one it geared up in record time entered the fray massively and was crucial to the outcome Each war tested the American people and their leaders and in each case the country came out of the conflagration stronger than before and even more important yet stronger relative to other countries than it had ever been This was the period when the United States became a world leader The A to Z of U S Diplomacy from World War I through World War II relates the events of this crucial period in U S history through a chronology an introductory essay and over 600 cross referenced dictionary entries on key persons places events institutions and organizations

The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then

offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

Modern American Diplomacy John Martin Carroll, George C. Herring, 1996 Reflects various advances in scholarship

Militarizing the Border Miguel Antonio Levario, 2012-09-01 As historian Miguel Antonio Levario explains in this timely book current tensions and controversy over immigration and law enforcement issues centered on the US Mexico border are only the latest evidence of a long standing atmosphere of uncertainty and mistrust plaguing this region *Militarizing the Border* When Mexicans Became the Enemy focusing on El Paso and its environs examines the history of the relationship among law enforcement military civil and political institutions and local communities In the years between 1895 and 1940 West Texas experienced intense militarization efforts by local state and federal authorities responding to both local and international circumstances El Paso s Mexicanization in the early decades of the twentieth century contributed to strong racial tensions between the region s Anglo population and newly arrived Mexicans Anglos and Mexicans alike turned to violence in order to deal with a racial situation rapidly spinning out of control Highlighting a binational focus that sheds light on other US Mexico border zones in the late nineteenth and early twentieth centuries *Militarizing the Border* establishes historical precedent for current border issues such as undocumented immigration violence and racial antagonism on both sides of the boundary line This important evaluation of early US border militarization and its effect on racial and social relations among Anglos Mexicans and Mexican Americans will afford scholars policymakers and community leaders a better understanding of current policy and its potential failure

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

Empire and Revolution John Mason Hart, 2002-04-11 The deep relationship between the United States and Mexico has had repercussions felt around the world This sweeping and unprecedented chronicle of the economic and social connections between the two nations opens a new window onto history from the Civil War to today and brilliantly illuminates the course of events that made the United States a global empire The Mexican Revolution Manifest Destiny World War II and NAFTA are

all part of the story but John Mason Hart's narrative transcends these moments of economic and political drama resonating with the themes of wealth and power. Combining economic and historical analysis with personal memoirs and vivid descriptions of key episodes and players, *Empire and Revolution* is based on substantial amounts of previously unexplored source material. Hart excavated recently declassified documents in the archives of the United States government and traveled extensively in rural Mexico to uncover the rich sources for this gripping story of 135 years of intervention, cooperation, and corruption. Beginning just after the American Civil War, Hart traces the activities of an elite group of financiers and industrialists who, sensing opportunities for wealth to the south, began to develop Mexico's infrastructure. He charts their activities through the pivotal regime of Porfirio Díaz when Americans began to gain ownership of Mexico's natural resources and through the Mexican Revolution when Americans lost many of their holdings in Mexico. Hart concentrates less on traditional political history in the twentieth century and more on the hidden interactions between Americans and Mexicans, especially the unfolding story of industrial production in Mexico for export to the United States. Throughout this masterful narrative, he illuminates the development and expansion of the American railroad, oil, mining, and banking industries. Hart also shows how the export of the American Dream has shaped such areas as religion and work attitudes in Mexico. *Empire and Revolution* reveals much about the American psyche, especially the compulsion of American elites toward wealth, global power, and contact with other peoples, often in order to save them. These characteristics were first expressed internationally in Mexico, and Hart shows that the Mexican experience was and continues to be a prototype for U.S. expansion around the world. His work demonstrates the often inconspicuous yet profoundly damaging impact of American investment in the underdeveloped countries of Latin America, Asia, and Africa. *Empire and Revolution* will be the definitive book on U.S.-Mexico relations and their local and global ramifications.

American Presidential Elections in a Comparative Perspective Jesús Velasco, 2019-06-04. This book studies the views from countries in Asia, Europe, and Latin America of the United States and the 2016 presidential election. Twelve keen observers of the American political scene from three continents evaluate how these perspectives were modified or reinforced as a result of the campaign and election of Donald Trump. This is a book about how foreigners view American politics and will be of interest to students of foreign policy, international studies, history, and political science.
