MUSICAGE John Cage,Joan Retallack,2015-01-06 The pioneering composer and music theorist makes his final on the totality of his work and thought in these three wide ranging dialogues I was obliged to find a radical way to work to get at the real at the root of the matter John Cage says in this trio of dialogues completed just days before his death This quest led him beyond the bounds of convention in all his musical written and visual pieces The resulting expansion of the definition of art earned him a reputation as one of America s most influential contemporary artists Joan Retallack s conversations with Cage explore his artistic production in its entirety Cage s comments range from his theories of chance and indeterminate composition to his long time collaboration with Merce Cunningham to the aesthetics of his multimedia works In her comprehensive introduction Retallack describes Cage s lifelong project as dislodging cultural authoritarianism and gridlock by inviting surprising conjunctions within

carefully delimited frameworks and processes Consummate performer to the end Cage delivers here just such a conjunction a tour de force that provides new insights into the man and a clearer view of the status of art in the twentieth century

Bolivia and the Making of the Global Indigenous Movement Juanita Roca-Sánchez, 2024-10-30 This book investigates how western anthropological trends development discourse and transnational activism came to create and define the global indigenous movement Using Bolivia as a case study the author demonstrates through a historical research how international ideas of what it means and does not mean to be indigenous have played out at the national level Tracing these trends from pre revolutionary Bolivia the Inter American indigenismo in the 1940s up to Evo Morales downfall the book reflects on Bolivia s national level policy discourse and constitutional changes but also asks to what extent these principles have been transmitted to the country s grassroots organisations and movements such as Indianismo Katarismo CSUTCB and CIDOB Overall the book argues that indigeneity can only be adequately understood as a *longue durée* anthropological political and legal construction crafted within broader geopolitical contexts Within this context the classical dichotomy between indigenous and whites should be challenged in favour of a more nuanced understanding of plural indigeneities This book will be of interest to researchers from across the fields of global studies political anthropology history of anthropology international development socio legal studies Latin American history and indigenous studies

La Llorona's Children Luis D. León, 2023-09-01 Luis D Le n s compelling innovative exploration of religion in the U S Mexican borderlands issues a fundamental challenge to current scholarship in the field and recharts the landscape of Chicano faith La Llorona s Children constructs genealogies of the major traditions spanning Mexico City East Los Angeles and the southwestern United States Guadalupe devotion curanderismo espiritismo and evangelical Pentecostal traditions Le n theorizes a religious poetics that functions as an effective and subversive survival tactic akin to crossing the U S Mexican border He claims that when examined in terms of broad categorical religious forms and intentions these traditions are remarkably alike and resonate religious ideas and practices developed in the ancient Mesoamerican world Le n proposes what he calls a borderlands reading of La Virgen de Guadalupe as a transgressive border crossing goddess in her own right a mestiza deity who displaces Jesus and God for believers on both sides of the border His energetic discussion of curanderismo shows how this indigenous religious practice links cognition and sensation in a fresh and powerful technology of the body one where sensual erotic and sexualized ways of knowing emphasize personal and communal healing La Llorona s Children ends with a fascinating study of the rich and complex world of Chicano a Pentecostalism in Los Angeles a tradition that Le n maintains allows Chicano men to reimagine their bodies into a unified social body through ritual performance Throughout the narrative the connections among sacred spaces saints healers writers ideas and movements are woven with skill inspiration and insight Luis D Le n s compelling innovative exploration of religion in the U S Mexican borderlands issues a fundamental challenge to current scholarship in the field and recharts the landscape of Chicano faith La Llorona s Children constructs genealogi

Healthy Eating, Healthy World J. Morris Hicks, 2011-10-04 Imagine that the New York Times tomorrow released some amazing news A health treatment has been discovered that literally cures most forms of heart disease But not just that This treatment has a dramatic impact on most of the diseases Westerners face including cancer obesity autoimmune diseases diabetes osteoporosis Alzheimer s and many many others And this treatment is so inexpensive to administer that two thirds of the medical establishment can be shut down as no longer serving any useful function It s really too much to believe isn t it But there s more This treatment has miraculous implications for the environment By applying this treatment we can eliminate the largest source of global warming and dramatically reduce the waste that is polluting our water supply We ll also dramatically

improve the health and animal population of our oceans and seas And there s more By applying this treatment we ll dramatically increase the supply of arable land lowering the cost food and allowing us to feed everyone on this planet Starvation can become a thing of the past And one last thing This treatment also has enormous moral implications allowing us to eliminate almost all of the pain and suffering we are inflicting on the animals most of which is hidden away from view but is morally repulsive to anyone exposed to this suffering Now what if I told you that we don t have to wait for tomorrow s New York Times that this treatment has been found and that the amount of scientific data supporting the claims I just made is overwhelming The miracle treatment is simple It s eating a whole grain plant based diet Skeptical I m not surprised But by the end of this book you ll be exposed to the overwhelming amount of evidence that supports every claim made above You ll also get to hear the counterarguments made by skeptics and you ll get to decide for yourself whether these claims are true It s my hope that by the end of this book you ll be convinced and join our movement You may just save your life and the planet in the bargain This revolutionary book is *Healthy Eating Healthy World Unleashing the Power of Plant based Nutrition* by J Morris Hicks and it is the book that finally tackles all compelling reasons for adopting a plant based diet from the environment to solving the world s hunger crisis Additionally T Colin Campbell acclaimed author of the bestselling book *The China Study* provides a riveting foreword to *Healthy Eating Healthy World* After reading this book it ll be nearly impossible to ignore the truth people were not meant to eat animals or animal products and the time has come to stop Social Geography Series: Our world Frederick Kenneth Branom,1929 **Spatial Social Thought** Michael Kuhn,2014-04-15 This volume presents perspectives on spatially construed knowledge systems and their struggle to interrelate Western social sciences tend to be wrapped up in very specific exclusionary discourses and Northern and Southern knowledge systems are sidelined *Spatial Social Thought* reimagines the social sciences as a place of encounter between all spatially bound parochial knowledge systems **Cultrans** Arthur Engelbert,2005 What I Have Learned... Earle F. Zeigler,2012-09-05 *What I Have Learned* or *Nonagenarian Natterings* Trafford 2012 might be considered a sequel to my *Through the Eyes of a Concerned Liberal* published in 2004 This sequel explains what I believe about various aspects of life and living i e why I believe what I do and what I sought to do about it all It could prove interesting to anyone facing the same or similar life problems in this crazy world that is becoming more scary as I write these words What I say here should be easily intelligible if not agreeable to any reasonably intelligent concerned member of North American society My historical interpretation laced with philosophical under girding led me to a belief that human civilization must be accepted as an adventure How could it be regarded otherwise As a young adult I entered the realm of life assessment by seeking a purpose for my life I accepted the philosophical stance known as pragmatism at this point while seeking to solidify my acceptance of political and social liberalism as guidance throughout my life I soon discovered the ever present need to make defensible ethical decisions based on a wise choice of values This matter was confounded by what I gradually saw as the ever increasing need to counteract

Americas value orientation as the world moves along in the 21st century To do this I had to be sure that I was on the right track I did this by finding myself once again through self evaluation of my philosophic and socio political stances Hence I encourage all North Americans to re examine their values while embracing a modified form of postmodernism Finally I can only hope that America will come to its senses America must somehow live up to the values it so glibly espouses **Valuing Other Voices** Festus E. Obiakor,2020-03-01 How can we build an organization or institution that treats people equitably How do we develop conscientious communities where people s voices are heard and not silenced How can we go from half truths and alternative facts to real truths How can we reduce or eliminate societal ills such as racism ethnocentrism xenophobia religious dogmatism sexism homophobia tribalism colonial mentality slave mentality Messiah Complex and terrorism How can we get into the mind s eyes of others and treat them as we would like to be treated How do we create environments that stimulate fearless or hearty conversations between peoples How do we learn from history or other people s experiences to make functional goal directed decisions And how can we inspire people to value their differences and similarities as they think and talk in our global village These are questions that deserve answers in our respective communities states nations and world This book Valuing Other Voices Discourses That Matter in Education Social Justice and Multiculturalism opens doors of communication for all people willing to create a community state nation or world of harmony

The Future Knowledge Compendium Peter Ellyard,2023-03-03 THRIVING IN THE 21ST CENTURY Humans have a unique capability to both understand their situation in the world and to envision and act to realise their aspirations in the emerging world And most of us would welcome knowing how we can become ever more skilful at both understanding and shaping the future of our emerging world so that we can thrive in it The 21st century is very different from the 20th century Globalisation the greatest economic prosperity uplifting machine humanity has ever invented and mass education are combining to sweep humanity into an emerging interdependent global village It is creating a global educated middle class that will number 5 billion in 2030 In this emerging world a world where our future prosperity will be increasingly based on metaphysical wealth on what we know 20th century nation first competitive win lose mindsets and agendas can no longer work These now yesteryear mindsets will instead undermine our best endeavours including making our future ever more climate and pandemic safe Humanity is now beginning to learn that it now has no option but to adopt planet first collaborative win win values and mindsets if it wishes to shape our emerging global village so that it can become liveable for all ever more prosperous harmonious inclusive sustainable healthy and secure Meeting these challenges successfully will require that humanity innovates for itself a new future knowledge curriculum so that it can economically thrive in a sustainable and humane manner Peter Ellyard has asked the question what would be the contents of such a curriculum In The Future Knowledge Compendium A Curriculum for Thriving in the 21st Century he has sought to answer this question

The World is a Ball John Doyle,2010-05-11 Globe and Mail columnist John Doyle explores the international phenomenon

of soccer In *A Great Feast of Light* John Doyle viewed his childhood in Ireland through the television screen Now he turns his eye to the most popular sport on the planet soccer It s a journey that begins with the first game John saw in 1960s era Ireland through soccer in the 21st century the World Cups in 02 and 06 the European Championships in 04 and 08 And Doyle has traveled the globe during the build up to next year s World Cup 2010 In between the drunken fans crazed taxi drivers leprechauns and lederhosen Doyle muses on the evolution of soccer as a global phenomenon He shows a sport where for 90 minutes on the pitch anything seems possible A game where colonized nations can tackle the power of their colonizers where oppressed immigrant groups can thoroughly trounce their host countries This book examines soccer from a new angle John Doyle offers a compelling social history of the ultimate sport each country and team competing in the historic 2010 World Cup and how the game has kept pace as the global village has sprung up around the playing field
