## **Mexico Way:**

Mexico Don M. Coerver, Suzanne B. Pasztor, Robert Buffington, 2004-09-22 A concise overview of 20th and 21st century Mexico this volume explores the political economic social and cultural history of the world's largest Spanish speaking country From NAFTA to narcotics from immigration to energy the ties that bind our nation and Mexico are varied and strong Mexico uncovers the real Mexico that lies behind the stereotypes of tacos tequila and tourist hotels Compiled by leading scholars of Mexican history and society its more than 150 entries examine the nation in all its fascinating contradictions and complexity This concise yet thorough study covering the last 100 years of Mexican history is the only one volume A Z reference work available to students scholars and readers curious about one of the world's most diverse and dynamic societies What was the Mexican Revolution all about Who are the Zapatistas And why do Mexicans celebrate Cinco de Mayo Mexicans are America's largest immigrant group and Mexico is America's favorite tourist destination Yet we need to learn more and understand better our fascinating neighbor to the south Mexico comprehensive and accessible is the best place to start *Public Cowboy No. 1* Holly George-Warren, 2009-02-05 George Warren offers the first serious biography in which Gene Autry the legend becomes a flesh and blood man with all the passions triumphs and tragedies of a flawed icon *Mexico's Economy* Robert E. Looney, 2019-03-04 In the spring of 1976 I had the privilege of serving on a Stanford Research Institute team engaged in examining various facets of the Mexican economy That study provided the opportunity to visit many government ministries and talk with some of Mexico's leading economists These professional experiences stimulated me to undertake full scale research on the growth potential of the Mexican economy a subject in which I had long been interested and on which I had written from time to time beginning with my book *Income Distribution Policies and Economic Growth in Semi Industrialized Countries A Comparative Study of Iran Mexico Brazil and South Korea* 1 The present volume might be regarded as the culmination of this endeavor The methodological approach here is partly descriptive and partly empirical illustrative formal models are built on both qualitative and theoretical foundations To sharpen the issue and put the Mexican economy in perspective international comparisons are made throughout Kudzu Jack Herrick, Doug Marlette, Bland Simpson, 1999 Kudzu is the story of a boy who comes of age against the changing face of the American South Publisher

**The Hungry World** Nick Cullather, 2011-04-01 Food was a critical front in the Cold War battle for Asia Where Communism goes hunger follows was the slogan of American nation builders who fanned out into the countryside to divert rivers remodel villages and introduce tractors chemicals and genes to multiply the crops consumed by millions This green revolution has been credited with averting Malthusian famines saving billions of lives and jump starting Asia's economic revival Bono and Bill Gates hail it as a model for revitalizing Africa's economy But this tale of science triumphant conceals a half century of political struggle from the Afghan highlands to the rice paddies of the Mekong Delta a campaign to transform rural societies by changing the way people eat and grow food The ambition to lead Asia into an age of plenty grew alongside

development theories that targeted hunger as a root cause of war Scientific agriculture was an instrument for molding peasants into citizens with modern attitudes loyalties and reproductive habits But food policies were as contested then as they are today While Kennedy and Johnson envisioned Kansas style agribusiness guarded by strategic hamlets Indira Gandhi Marcos and Suharto inscribed their own visions of progress onto the land Out of this campaign the costliest and most sustained effort for development ever undertaken emerged the struggles for resources and identity that define the region today As Obama revives the lost arts of Keynesianism and counter insurgency the history of these colossal projects reveals bitter and important lessons for today s missions to feed a hungry world      *Mexican Workers and American Dreams* Camille Guerin-Gonzales,1994 Earlier in this century over one million Mexican immigrants moved to the United States attracted by the prospect of work in California s fields The Mexican farmworkers were tolerated by Americans as long as there was enough work to go around During the Great Depression though white Americans demanded that Mexican workers and their families return to Mexico In the 1930s the federal government and county relief agencies forced the repatriation of half a million Mexicans and some Mexican Americans as well Camille Guerin Gonzales tells the story of their migration their years here and of the repatriation program one of the largest mass removal operations ever sanctioned by the U S government She exposes the powers arrayed against Mexicans as well as the patterns of Mexican resistance and she maps out constructions of national and ethnic identity across the contested terrain of the American Dream      **Airlines of the Jet Age** R.E.G. Davies,2016-08-24 Airlines of the Jet Age provides the first comprehensive history of the world s airlines from the early 1960s to the present day It begins with an informative introductory chapter on the infancy of flight and the development of air transport craft used during the First and Second World Wars and then wings into the first Jet Age the advent of jet airlines It continues through the second Jet Age of wide bodied aircraft such as the Boeing 747 and DC 10 and closes with the introduction of the third Jet Age which begins with the giant double decked Airbus A380 This reference book is an unparalleled reference for aviation buffs covering airlines around the globe and throughout the modern eras of human flight The last book written by renowned airline historian R E G Davies Airlines of the Jet Age is the ultimate resource for information and insight on modern air transport      *New York Magazine* ,1987-10-05 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      **America's 'Special Relationships'** John Dumbrell,Axel Schäfer,2009-09-10 This unique volume seeks to offer an original collection of essays on the theme of America s special relationships The essays vary in their focus some are primarily historical some are more contemporary All consider the quality of specialness in the context of America s relationship with particular countries including the United Kingdom

Adams,1997-04-22 Banking and investment in Mexico have changed radically over the past decade and the economic events that prompted these changes will have a significant impact on Mexico's role in regional and world financial markets Adams traces the evolution of Mexico's banking and investment activities reviews current conditions and their implications for future investment opportunities in Mexico and makes clear that what happens to Mexico's economy and political stability will have major implications for what happens elsewhere in the world One of the first books to look at banking and investment in Mexico after the peso crash of 1994 1995 with a highly detailed bibliography and notes Adams's study will be important reading for international business finance and investment professionals and for their colleagues with similar interests throughout the academic community The fate of both Mexico and the United States is that the two countries are forever tied by geography The historical evolution of the dual interaction between the peoples of these two nations is and will be significant for the future of both countries With this in mind the book is divided into chapters reviewing such themes as the interaction and historical financial events that transpired during the advent of the North American Free Trade Agreement NAFTA and the expansion of cross border financial and investment services as well as a framework and background review of the events leading up to and resulting from the devaluations of the 1970s and 1980s and more recently the evolution of the peso crisis of 1994 1995 The imperceptible yet gradual economic integration of the two economies has required time in developing while not always being seamless in its implementation and transition American macroeconomic policy has long had a direct impact on the economy of Mexico as is evidenced by the impact of U S interest rates on the financial underpinnings of the Mexican treasury and the banking system to assist with the overall economic growth of the nation An appreciation for the historically sensitive issues and perspectives be they nationalization of the oil industry immigration or market access for foreign financial services is paramount to a fuller understanding of doing business on both sides of the border      **Mission Improbable:Vietnam** Nancy Nau Sullivan,2022-06-28 It's 2003 nearly 30 years after the Vietnam War Blanche Bang Murningham is sitting on the dock of the Peel n Eat Pier on Santa Maria Island

sipping an excellent draft and wiggling her fishing pole after an elusive sheepshead It s hot out and the sun is shining She doesn t see the woman eyeing her from the fishing hut not until she appears at Blanche s side and forever disrupts Blanche s peaceful idyll in this quiet Gulf coast town The woman is Jean McMahon and she needs Blanche s help her amateur sleuthing skills have become local legend after she helped solve the murder of a friend and dodge some drug dealing land developers Jean needs a good dose of that Blanche determination and doggedness It s not a simple favor Jean asks Will Blanche go to Vietnam with her and look for Jean s mother It s as if Jean has ripped a new hole in Blanche s heart Her father was killed in Vietnam and she s never gotten much history from her beloved grandmother and mother on the subject Jean s request grows on her Blanche wants the truth Blanche and Jean don t stop once they land in Saigon now Ho Chi Minh City and ex pat Stick Dahlkamp makes sure of that They pick up the search together The three cross the rice paddies on Stick s Honda Dream to Ben Tre and My Tho old stomping grounds for Stick a former Ninth Infantry Division Riverine and now bar owner of the popular The Follies He s got friends in jungle towns who might help and indeed they do And don t Blanche begins to wonder if he s running them off the road They trace Jean s mother s steps around South Vietnam to where she met Hank McMahon an infantry scout with the old Americal division They meet more than one shady character who thinks it better to let things lie deep and peaceful just the way that they were after the horror of war passed But Blanche s stubbornness beats down the door She is looking for Jean s mother and following her father s trail He left without a trace Or did he Does anyone
