The Metamorphosis of Leadership in a

Democratic Mexico Roderic Ai Camp, 2010-11-11 The Metamorphosis of Leadership in a Democratic Mexico is a broad analysis of Mexico's changing leadership over the past eight decades stretching from its pre democratic era 1935-1988 to its democratic transition 1988-2000 to its democratic period 2000 the present In it Roderic Camp one of the most distinguished scholars of Mexican politics seeks to answer two questions 1 how has Mexican political leadership evolved since the 1930s and in what ways beyond ideology has the shift from a semi authoritarian one party system to a democratic electoral system altered the country's leadership and 2 which aspects of Mexican leadership have been most affected by this shift in political models and when and why did the changes in leadership occur Rather than viewing Mexico's current government as a true democracy Camp sees it as undergoing a process of consolidation under which the competitive electoral process has resulted in a system of governing institutions supported by the majority of citizens and significant strides toward plurality Accordingly he looks at the relationship between the decentralization of political power and the changing characteristics experiences and paths to power of national leaders The book which represents four decades of Camp's work is based upon a detailed study of 3000 politicians from the 1930s through the present incorporating regional media accounts and Camp's own interviews with Mexican presidents cabinet members assistant secretaries senators governors and party presidents **Myths of**

Demilitarization in Postrevolutionary Mexico, 1920-1960 Thomas Rath, 2013-04-22 At the end of the Mexican Revolution in 1920 Mexico's large rebellious army dominated national politics By the 1940s Mexico's Institutional Revolutionary Party PRI was led by a civilian president and claimed to have depoliticized the army and achieved the bloodless pacification of the Mexican countryside through land reform schooling and indigenismo However historian Thomas Rath argues Mexico's celebrated demilitarization was more protracted conflict ridden and incomplete than most accounts assume Civilian governments deployed troops as a police force often aimed at political suppression while officers meddled in provincial politics engaged in corruption and crafted official history all against a backdrop of sustained popular protest and debate Using newly available materials from military intelligence and diplomatic archives Rath weaves together an analysis of national and regional politics military education conscription veteran policy and popular protest In doing so he challenges dominant interpretations of successful top down demilitarization and questions the image of the post 1940 PRI regime as strong stable and legitimate Rath also shows how the army's suppression of students and guerrillas in the 1960s and 1970s and the more recent militarization of policing have long roots in Mexican history The Oxford Handbook of Mexican

Politics Roderic Ai Camp, 2012-02-16 A comprehensive view of the remarkable transformation of Mexico's political system to a democratic model The contributors to this volume assess the most influential institutions actors policies and issues in the country's current evolution toward democratic consolidation **Political Intelligence and the Creation of Modern**

Mexico, 1938-1954 Aaron W. Navarro, 2010-01-01 Analyzes the impact of the opposition candidacies in the Mexican presidential elections of 1940 1946 and 1952 on the internal discipline and electoral dominance of the ruling Partido de la

Revoluci n Mexicana PRM and its successor the Partido Revolucionario Institucional PRI Provided by publisher **Mexico's**

 Ballinas Valdés,2011-06-30 Argues that autonomous agencies are not the result of a systematic design but are produced by
 the interactions of political and bureaucratic forces The case studies illustrate how political struggles between politicians and
 bureaucrats can create a muddle of agencies that lack coherence and are subject to conflicting levels of political control
Policing on Drugs Aileen Teague,Assistant Professor of International Affairs Bush School of Government and Public
 Service Aileen Teague,2025-10-20 Internationally although the war on drugs is widely considered a failure it continues to be
 deeply entrenched in US diplomacy with partner nations through counternarcotics agreements continued DEA presence
 overseas and the levels of antidrug aid directed abroad Policing on Drugs writes the history of the drug war from the
 Mexican perspective examining how the punitive prohibitive policies that have been enacted by the US government have
 impacted Mexico and its institutions over time This bilateral study helps explain how militarized policing came to be the
 primary approach to policing people and drugs in the second half of the twentieth century **Soldiers of Democracy?**
 Sharan Grewal,2023 Using detailed case studies of Egypt and Tunisia and drawing on over 140 interviews with civilian and
 military leaders and three surveys of military personnel this scholarly volume examines why some militaries support and
 others thwart transitions to democracy Strategic Forum ,1994 **A Tale of Two Eagles** Craig A. Deare,2017-03-13 The
 United States and Mexico share a history shaped in the 19th century by numerous US forces interventions into Mexican
 territory and US expropriation of considerable swaths of Mexican territory However in spite of structural impediments and a
 history of resentment by Mexico of US intervention into its affairs and territory the levels of cooperation and understanding
 slowly began to improve following a series of international and domestic factors The decline of the former Soviet Union and
 the fall of the Berlin Wall at a global level coupled with major political and economic challenges and reforms within Mexico
 are a starting point from which to assess the evolution of the bilateral defense relationship between the United States and
 Mexico The American and Mexican militaries have evolved differently over the past 100 years and they each have very
 different responsibilities mission sets orientations and capabilities Yet in recent years the Mexican armed forces have
 cooperated more closely with their US counterparts This may be due to explicit direction coming from senior levels of the
 Mexican government and to operational requirements of the armed forces themselves as they seek to increase their
 capability and capacity to confront the growing levels in drug trafficking related violence Today both countries are dealing

with the effects of this increased violence and insecurity in Mexico Relying primarily on one on one interviews with senior practitioners and analysts on both sides of the border the text examines the evolution of the U S Mexican bilateral defense relationship to better understand how and why this unique relationship has improved in fits and starts over the past 25 years It offers a new understanding of how defense policymakers from each respective country perceive the other as well as how the lack of trust and understanding between the two neighbors has delayed greater cooperation **Comparative Latin**

American Politics Ronald M. Schneider,2018-05-04 Latin America is a region of great diversity and a rich laboratory for understanding the processes of political development and their interaction with economic growth social modernization and cultural influences Highlighting crucial periods of dynamic socioeconomic and political change Comparative Latin American Politics provides a balanced concise overview of select Latin American countries without underestimating the complexities of a region noted for its striking differences The book focuses on the dominant dyad of Mexico and Brazil while also considering in detail Argentina Chile Peru Columbia and Venezuela seven countries that contain four fifths of the region s inhabitants as well as an even higher proportion of its economy Recognizing that political institutions and cultures are built over generations author Ronald M Schneider divides his analysis into two parts Part one examines the period from independence to 1930 when countries were coping with an array of post independence problems and challenges of national consolidation Part two concentrates on 1930 to the present day and fleshes out current political practices and structures Each part devotes chapters to specific country coverage as well as meaningful comparative perspectives that illuminate the political evolution of the region and offer salient lessons for other developing parts of the world *Modern Mexico* James D. Huck

Jr.,2017-12-01 This single volume reference resource offers students scholars and general readers alike an in depth background on Mexico from the complexity of its pre Columbian civilizations to its social and political development in the context of Western civilization How did modern Mexico become a nation of multicultural diversity and rich indigenous traditions What key roles do Mexico s non Western pre Columbian indigenous heritage and subsequent development as a major center in the Spanish colonial empire play the country s identity today How is Mexico today both Western and non Western part Native American and part European simultaneously traditional and modern Modern Mexico is a thematic encyclopedia that broadly covers the nation s history both ancient and modern its government politics and economics as well as its culture religion traditions philosophy arts and social structures Additional topics include industry labor social classes and ethnicity women education language food leisure and sport and popular culture Sidebars images and a Day in the Life feature round out the coverage in this accessible engaging volume Readers will come to understand how Mexico and the Mexican people today are the result of the processes of transculturation globalization and civilizational contact

Democracies at War Against Drugs Anaís Medeiros Passos,2022-09-03 This book provides an in depth account of military operations against drug gangs and organizations in two of the biggest countries in Latin America Brazil and Mexico Recent

studies on drug wars have detailed case studies on the war on drugs but do not focus on the role of the army in such policies. Publications that do drive attention to the military in such situations are usually from human rights organizations or the press and are therefore not scholarly works. There are therefore no recent academic books dealing with the role of the military in the fight against drugs in Latin America. This book aims to fill this gap. It also offers an empirical and theoretical examination of the issue of the role of the military rather than the police on national soil, the army being generally devoted to interventions abroad and the police to law enforcement on the national ground. The book is also the first work to look at high level negotiations between military and civilian elites that define the conditions for the use of force during military operations. It provides a theoretically informed understanding of contemporary security politics in Brazil and Mexico. *Military Operation and Engagement in the Domestic Jurisdiction* Pauline Therese Collins, Rosalie Arcala Hall, 2022-06-08. This book scrutinises the call out of the military in the domestic domain in a selection of 13 countries. Nation states vary in their political legal structures and all have their own history in the use of military personnel in domestic matters. Three recent events have resulted in increased domestic military deployment and have been experienced in most countries. In the security domain there is the rise of Islamic State and increasing acts of terrorism resulting in military involvement in policing. The other two have been increased humanitarian needs, the COVID 19 pandemic and the widespread flooding and fires following the changes in climate. These have brought increasing military activity domestically even in established democracies. This comparative analysis incorporates historical developments and provides a rich multidisciplinary approach from political and social scientists to lawyers and military personnel.

Over 40 Publications Combined: Implications Of Narco-Terrorism And Human Trafficking In Mexico and Central America On United States National Security, 2018-12-11. Over 3 100 total pages.

Falletti, Adam Sheingate, 2016-03-17 The Oxford Handbook of Historical Institutionalism offers an authoritative and accessible state of the art analysis of the historical institutionalism research tradition in Political Science Devoted to the study of how temporal processes and events influence the origin and transformation of institutions that govern political and economic relations historical institutionalism has grown considerably in the last two decades With its attention to past present and potential future contributions to the research tradition the volume represents an essential reference point for those interested in historical institutionalism Written in accessible style by leading scholars thirty eight chapters detail the contributions of historical institutionalism to an expanding array of topics in the study of comparative American European and international politics *Votes, Drugs, and Violence* Guillermo Trejo, Sandra Ley, 2020-09-03 When widespread state criminal collusion persists in transitions from autocracy to democracy electoral competition becomes a catalyst of large scale criminal violence

Mexicos Military On The Democratic Stage: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Mexicos Military On The Democratic Stage : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
