Mexicos Pivotal Democratic Election Candidates Voters Campaign Effects And The Presidential Campaign Of :

Mexico's Pivotal Democratic Election Jorge I. Domínguez, Chappell H. Lawson, 2004 The 2000 Mexican presidential race culminated in the election of opposition candidate Vicente Fox and the end of seven decades of one party rule This book which traces changes in public opinion and voter preferences over the course of the race represents the most comprehensive treatment of campaigning and voting behavior in an emerging democracy It challenges the modest effects paradigm of national election campaigns that has dominated scholarly research in the field Chapters cover authoritarian mobilization of voters turnout patterns electoral cleavages party strategies television news coverage candidate debates negative campaigning strategic voting issue based voting and the role of the 2000 election in Mexico's political transition Theoretically oriented introductory and concluding chapters situate Mexico's 2000 election in the larger context of Mexican politics and of cross national research on campaigns Collectively these contributions provide crucial insights into Mexico's new politics with important implications for elections in other countries

Mexico's Pivotal Democratic Election Jorge I. Domínguez, Chappell H. Lawson, 2022 The 2000 Mexican presidential race culminated in the election of opposition candidate Vicente Fox and the end of seven decades of one party rule This book which traces changes in public opinion and voter preferences over the course of the race represents the most comprehensive treatment of campaigning and voting behavior in an emerging democracy It challenges the modest effects paradigm of national election campaigns that has dominated scholarly research in the field Chapters cover authoritarian mobilization of voters turnout patterns electoral cleavages party strategies television news coverage candidate debates negative campaigning strategic voting issue based voting and the role of the 2000 election in Mexico's political transition Theoretically oriented introductory and concluding chapters situate Mexico's 2000 election in the larger context of Mexican politics and of cross national research on campaigns Collectively these contributions provide crucial insights into Mexico's new politics with important implications for elections in other countries

New Perspectives on Negative Campaigning Alessandro Nai, Annemarie Walter, 2016-10-14 Have you ever seen a politician fiercely attacking his opponent Sure you have Election campaigns without attacks on the rival candidate's performance policy propositions and traits simply do not exist Negative campaigning makes up a substantial part of election campaigns around the world Though heavily covered in election news the practice is strongly disliked by political pundits journalists and voters Some are even concerned that negative campaigning damages democracy itself Negative campaigning has inspired numerous scholars in recent decades But much of the existing research examines the phenomenon only in the United States and scholars disagree on how the practice should be defined and measured which has resulted in open ended conclusions about its causes and effects This unique volume presents for the first time work examining negative campaigning in the US Europe and beyond It presents systematic literature overviews and new work that touches upon three fundamental questions What is negative campaigning and can we measure it What causes negative campaigning And what are its effects

The Oxford Handbook of Mexican Politics Roderic Ai Camp, 2012-02-16 A comprehensive view of the remarkable transformation of Mexico's political system to a democratic model The contributors to this volume assess the most influential institutions actors policies and issues in the country's current evolution toward democratic consolidation **Outsourcing Welfare** Roy Germano, 2018 Remittances and the politics of austerity Outsourcing social welfare how migrants replaced the state during Mexico's market transition How remittances prevent social unrest evidence from the Mexican countryside Optimism in times of crisis remittances and economic security in Africa the Caribbean Latin America and the Middle East They came banging pots and pans remittances and government approval in Sub Saharan Africa during the food crisis No left turn remittances and incumbent support in Mexico's closely contested 2006 presidential election Conclusion The Handbook of Election News Coverage Around the World Jesper Strömbäck, Lynda Lee Kaid, 2009-09-10 The Handbook of Election Coverage Around the World focuses on the news coverage of national elections in democracies around the globe It brings together and compares election news coverage within a single framework offering a systematic consideration of various factors Considering the prominence and power of the press in the election process this volume will offer unique breadth in its global consideration of the topic The volume will appeal to scholars in political communication political science mass media and society and others studying elections and media coverage around the world *Elections in Latin America* Kevin Pallister, 2024-02-27 Even as several Latin American countries have regressed to authoritarian rule in the first two decades of the twenty first century elections remain permanent and vital features of the region's political life Kevin Pallister provides an accessible overview of elections throughout Latin America including formal electoral institutions informal practices and the behavior of voters and candidates Through a wide ranging synthesis of scholarly literature and sources it offers a descriptive and analytical look at how elections in the region work from the legal rules of the game to the final counting of the votes and provides an even handed discussion of its complexities such as electoral integrity gender quotas the role of social media corruption in campaign finance and how elections can be instruments of both democracy and autocracy This comprehensive narrative from Mexico to Argentina is complemented with illustrative examples case studies and data By understanding how elections in Latin America work as flawed but indispensable institutions of democracy students and other readers will enhance their knowledge of contemporary Latin American politics and the important process of democratization in the region *Mexico's Evolving Democracy* Jorge I. Domínguez, Kenneth F. Greene, Chappell H. Lawson, Alejandro Moreno, 2015-01-05 Democracy worked in Mexico's 2012 elections just not as democrats would have liked In 2012 the Institutional Revolutionary Party PRI which had governed Mexico with an iron grip for 71 years before being ousted in 2000 was surprisingly returned to power In Mexico's Evolving Democracy a team of distinguished political scientists delivers an exceptional analysis of the remarkable 2012 Mexican elections Extending the scholarship that the editors generated in their panel studies of the 2000 and 2006 elections the book assesses all three elections from both traditional and nontraditional

vantage points seeking fuller answers to the lingering question of why this maturing democracy returned the party associated with Mexico's old regime to office To evaluate the PRI's rehabilitation and eventual electoral success the authors explore Mexico's electoral institutions parties candidates campaign strategies public opinion surveys and media coverage They also delve into issues of clientelism corruption drugs violence and the rise of new protest movements in the run up to and aftermath of the elections Not only does the book provide rich detail for Latin American electoral and democratization scholars but its coherent narrative will also appeal to those unfamiliar with Mexican politics Parts one and two offer an excellent recap of the state of play in 2012 part three analyzes why Mexicans voted as they did and part four considers the election's implications for Mexico's political system more broadly

Split-Ticket Voting in Mixed-Member Electoral Systems Carolina Plescia, 2024-08-22 Why do voters support different parties at elections when given the opportunity of casting two votes to elect the same representative body This book relaxes common assumptions in the voting behaviour literature to provide an in depth study of split ticket voting across ten established and non established democracies It proposes an original framework and combines a theoretical investigation with a purely methodological analysis to test the reliability of the predictive models The broader picture that emerges is the one of a simple voter with sophisticated preferences Parties still function as the principal cue for voting but voters appear sophisticated in that they often like more than one party or choose candidates regardless of their party affiliation Despite mixed member systems being one of the most complicated electoral systems of all there is no evidence supporting the conclusion that voters are not able to cope with the complexity of the electoral rules

Routledge Handbook of Latin American Politics Peter Kingstone, Deborah J. Yashar, 2013-03-05 Latin America has been one of the critical areas in the study of comparative politics The region's experiments with installing and deepening democracy and promoting alternative modes of economic development have generated intriguing and enduring empirical puzzles In turn Latin America's challenges continue to spawn original and vital work on central questions in comparative politics about the origins of democracy about the relationship between state and society about the nature of citizenship about the balance between state and market The richness and diversity of the study of Latin American politics makes it hard to stay abreast of the developments in the many sub literatures of the field The Routledge Handbook of Latin American Politics offers an intellectually rigorous overview of the state of the field and a thoughtful guide to the direction of future scholarship Kingstone and Yashar bring together the leading figures in the study of Latin America to present extensive empirical coverage new original research and a cutting edge examination of the central areas of inquiry in the region

Routledge International Handbook on Electoral Debates Julio Juárez-Gámiz, Christina Holtz-Bacha, Alan Schroeder, 2020-04-29 This Handbook is the first major work to comprehensively map state of the art scholarship on electoral debates in comparative perspective Leading scholars and practitioners from around the world introduce a core theoretical and conceptual framework to understand this phenomenon and point to promising directions for

new research on the evolution of electoral debates and the practical considerations that different country level experiences can offer Three indicators to help analyze electoral debates inform this Handbook the level of experience of each country in the realization of electoral debates geopolitical characteristics linked to political influence and democratic stability and electoral competitiveness Chapters with examples from the Americas Europe Africa and the Middle East Asia and Oceania add richness to the volume Each chapter Traces local historical constitutive relationships between traditional forms of electoral debates and contexts of their emergence Compares and critiques different perspectives regarding the function of debates on democracy Probes discusses and evaluates recent and emergent theoretical resources related to campaign debates in light of a particular local experience Explores and assesses new or neglected local approaches to electoral debates in a changing media landscape where television is no longer the dominant form of political communication Provides a prospective analysis regarding the future challengers for electoral debates The Routledge International Handbook on Electoral Debates will set the agenda for scholarship on the political communication for years to come

Challenges to Democracy in Latin America and the Caribbean Mitchell A. Seligson, 2008 Party Politics in New Democracies Paul D. Webb, Stephen White, 2007-09-20 This book is the sequel to *Political Parties in Advanced Industrial Democracies* Oxford 2002 It offers a systematic and rigorous analysis of parties in some of the world's major new democracies focusing on Latin America and postcommunist Eastern Europe

The Making of the Presidential Candidates 2004 William G. Mayer, 2004 Annotation This is the third in a series of books about the United States presidential nomination process and shares the same goals as its predecessors and Mayer political science Northeastern U presents nine papers exploring significant components of the nomination process including financing incumbency polling and the role of organized labor The only non academic contributing to the proceedings is an editor who provides a discussion of the role of the press Annotation 2004 Book News Inc Portland OR booknews.com

Mexico's New Politics David A. Shirk, 2005 Tracing the key themes and dynamics of a century of political development in Mexico David Shirk explores the evolution of the party that ultimately became the vehicle for Fox's success

Economic Voting Austin Hart, 2016-09-01 The conventional wisdom of economic voting theory argues that a nation's economic performance drives electoral outcomes Therefore voters will hold an administration accountable for its economic stewardship Austin Hart challenges the simplicity of this notion drawing on cognitive psychological research on priming to demonstrate that the intensity of voters exposure to economic campaign messages systematically conditions the strength of the economic vote However this study goes further than simply saying campaigns matter Here we learn that candidates who control the campaign narrative can capitalize on favorable economic conditions or contrary to the predictions of conventional theory overcome unfavorable conditions Although the aim is not to dismiss the importance of structural variables in the study of elections Hart shows that the choices candidates make about what to say and how often shape election outcomes in ways that cannot be explained by contextual or institutional forces alone

Crafting Policies to End

Poverty in Latin America Ana Lorena De La O, 2015-03-26 This book provides a theory and evidence to explain the initial decision of governments to adopt a conditional cash transfer program the most prominent type of anti poverty program currently in operation in Latin America and whether such programs are insulated from political manipulations or not Ana Lorena De La O shows that whether presidents limit their own discretion or not has consequences for the survival of policies their manipulation and how effective they are in improving the lives of the poor This book is the first of its kind to present evidence from all Latin American CCTs

The Political Logic of Poverty Relief Alberto Diaz-Cayeros, Federico Estévez, Beatriz Magaloni, 2016-02-26 The Political Logic of Poverty Relief places electoral politics and institutional design at the core of poverty alleviation The authors develop a theory with applications to Mexico about how elections shape social programs aimed at aiding the poor They also assess whether voters reward politicians for targeted poverty alleviation programs

Mexico's Middle Class in the Neoliberal Era Dennis Gilbert, 2022-07-12 Mexico's modern middle class emerged in the decades after World War II a period of spectacular economic growth and social change Though little studied the middle class now accounts for one in five Mexican households This path breaking book explores the changing fortunes and political transformation of the middle class especially during the last two decades as Mexico has adopted new market oriented economic policies and has abandoned one party rule Blending the personal narratives of middle class Mexicans with analyses of national surveys of households and voters Dennis Gilbert traces the development of the middle class since the 1940s He describes how middle class Mexicans were affected by the economic upheavals of the 1980s and 1990s and examines their shifting relations with the ruling Partido Revolucionario Institucional PRI Long faithful to the PRI the middle class gradually grew disenchanted Gilbert examines middle class reactions to the 1968 Tlatelolco massacre the 1982 debt crisis the government's feeble response to the 1985 Mexico City earthquake and its brazen manipulation of the vote count in the 1988 presidential election Drawing on detailed interviews with Mexican families he describes the effects of the 1994-95 peso crisis on middle class households and their economic and political responses to it His analysis of exit poll data from the 2000 elections shows that the lopsided middle class vote in favor of opposition candidate Vicente Fox played a critical role in the election that drove the PRI from power after seven decades The book closes with an epilogue on the middle class and the July 2006 presidential elections

Handbook on Social Protection and Social Development in the Global South Leila Patel, Sophie Plagerson, Isaac Chinyoka, 2023-09-06 This cutting edge Handbook argues for social protection to be situated in a wider system of social welfare and development programmes for low and middle income countries Focusing on the role of citizens and communities in enhancing human development it explores how welfare systems are unfolding in diverse contexts across the global South
