FAIRY TALES OF HANS CHRISTIAN ANDERSEN

A CHEERFUL TEMPER Hans Christian Andersen, 2017-04-23 Here rests a happy man that is to say a man of high birth and position which was very lucky for him otherwise he would have been scarcely worth notice It is beautiful to observe how wisely nature orders these things He walked about in a coat embroidered all over and in the drawing rooms of society looked just like one of those rich pearl embroidered bell pulls which are only made for show and behind them always hangs a good thick cord for use This man also had a stout useful substitute behind him who did duty for him and performed all his dirty work And there are still even now these serviceable cords behind other embroidered bell ropes It is all so wisely arranged that a man may well be in a good humor

GermLine Nelson Erlick, 2003-11-17 In gene therapy the damaged or defective chromosomes of an individual patient are corrected by the addition of new genes introduced into the patient's DNA This is a dangerous and controversial technique on the cutting edge of medical science GermLine gene therapy is even more radical By altering the reproductive cells the germ cells of a single individual you can forever change the genetic makeup of that person and all of his or her future descendants But who should control such an awesome power The government The medical establishment Or a hidden conspiracy of the rich and powerful Dr Kevin Kincaid a brilliant scientist whose life has been scarred by personal tragedy is on the verge of a major breakthrough After years of research and experimentation he has developed a biological vector capable of introducing new genes into the germ cells of unborn children while they are still in

their mothers wombs With this vector doctors will be able to eradicate genetic diseases such as cystic fibrosis and Down syndrome for all generations to come But Kincaid s discovery also raises the specter of wholesale genetic engineering of changing the very nature of humanity itself which attracts the attention of dangerous forces including a ruthless government agency an international conspiracy of wealthy industrialists and radical terrorists who will stop at nothing including murder to keep Kincaid s breakthrough from transforming the world as we know it Soon the targeted scientist finds himself at the center of a covert war to control the future of human evolution Betrayed and deceived by those closest to him he can trust no one not even a mysterious woman who bears an uncanny resemblance to his long dead wife At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied
