Michael Bakunin Und Die Anarchie:

Michael Bakunins Beichte Aus Der Peter-Pauls-festung an Zar Nikolaus I Mikhail Aleksandrovich Bakunin, 1926

Mikhail Bakunin Paul McLaughlin, 2002 McLaughlin is concerned not so much with an explication of Bakunin's anarchist position as such as with the basic philosophy which underpins it. He focuses on two central components: a negative dialectic or revolutionary logic and a naturalist ontology, a naturalistic account of the structure of being or reality. Bakunin scholarship he notes falls into two camps: Marxist and liberal. Both he says tend to be hostile. McLaughlin discredits one by one the analyses published usually as part of a work on Marx et al. by Francis Wheen: schoolboy wit, idiocy of tone, poverty of content. George Lichtheim completely misreads Bakunin and Oxbridge scholar Aileen Kelly's personality assassination is perverse slanderous while upholding Eric Voegelin. Perhaps this book will spark a small revolution of its own. Scholars interested in Bakunin have had few resources available in English and none of them until now presented a credible study of the man's philosophy.

The Trauma of Defeat James Martin Skidmore, 2005 This is the first book-length study to consider Ricarda Huch's historical political thought and assess Huch's place within the lively historiographical discourses of the 1920s. One of the most famous writers of her day, Huch (1864-1947) was known for her poetry, fiction, and histories of German Romanticism and the Thirty Years War. Like many of her generation, Huch was shaken by Germany's defeat in the First World War, and this shock motivated her to use her historiography to address Germany's post-war situation. Convinced that the German nation possessed an identity best expressed by the ideals of Romanticism, Huch attributed Germany's decline to the westernization of German political culture: absolutism and centralization had replaced the theoretical perfection of the decentralized early Holy Roman Empire of the German Nation. Her Weimar histories of medieval and nineteenth-century Germany urged a defeated and traumatized nation to return to a path that had been abandoned during the Wilhelmine Empire. Topics explored include Huch's use of Nietzschean monumentalism, a comparison with popular historians of the period (e.g. E. Kantorowicz), the echoes of her political thought in her poetry and fiction, and her complex relationship to German nationalism.

Marx Against Marxism Julius Lowenstein, 2014-02-04 This volume traces the origins, contradictions, and consequences of Marx's teaching on his followers. He uses Marx to speak against the rigid dogmatism inherent in much of Marxism and concentrates on the interpretations of Marx's work by Max Weber.

The Invention of Terrorism in Europe, Russia, and the United States Carola Dietze, 2021-07-27 Terrorism's roots in Western Europe and the USA. This book examines key cases of terrorist violence to show that the invention of terrorism was linked to the birth of modernity in Europe, Russia, and the United States rather than to Tsarist despotism in 19th-century Russia or to Islam sects in Medieval Persia. Combining a highly readable historical narrative with analysis of larger issues in social and political history, the author argues that the dissemination of news about terrorist violence was at the core of a strategy that aimed for political impact on rulers as well as the general public. Dietze's lucid account also reveals how the spread of knowledge about terrorist acts was from the outset a

transatlantic process Two incidents form the book's centerpiece The first is the failed attempt to assassinate French Emperor Napoleon III by Felice Orsini in 1858 in an act intended to achieve Italian unity and democracy The second case study offers a new reading of John Brown's raid on the arsenal at Harper's Ferry in 1859 as a decisive moment in the abolitionist struggle and occurrences leading to the American Civil War Three further examples from Germany Russia and the US are scrutinized to trace the development of the tactic by first imitators With their acts of violence the invention of terrorism was completed Terrorism has existed as a tactic since then and has essentially only been adapted through the use of new technologies and methods **Geschichte der Anarchie: Der Anarchismus von Proudhon zu Kropotkin** Max Nettlau, 1927

Metaphysics of the Profane Eric Jacobson, 2003 Walter Benjamin and Gershom Scholem are regarded as two of the foremost Jewish thinkers of the 20th century yet much of their early work remains obscure and under appreciated This volume concentrates on the period 1918-1923 when Benjamin and Scholem produced a dynamic body of ideas *Geschichte der Anarchie* Max Nettlau, 1927 A Companion to Twentieth-Century German Literature Raymond Furness, Malcolm Humble, 2003-09-02 Containing entries on over four hundred authors of fiction poetry and drama from Germany Austria and Switzerland this invaluable work of reference presents material of a range and depth that no other book on the subject in English attains For the second edition the entries have been updated to include the most recent works of German literature A number of new entries have been added dealing in particular with the East German literary scene and the changing literary landscape after reunification In addition to basic biographical facts the Companion offers summaries information on involvement in literary groups and political developments schools and movements critical terms and aspects of the other arts including film **I Will Bear Witness, Volume 2** Victor Klemperer, 2016-02-17 Destined to take its place alongside The Diary of Anne Frank and Elie Wiesel's Night as one of the great classics of the Holocaust I Will Bear Witness is a timeless work of literature the most eloquent and acute testament to have emerged from Hitler's Germany Volume Two begins in 1942 the year the Final Solution was formally proposed and carries us through to the Allied bombing of Dresden and Germany's defeat **China, Kropotkin und der Anarchismus** Gotelind Müller, 2001 Während der chinesische Anarchismus bislang vornehmlich unter rein politisch-ideologischen Gesichtspunkten Beachtung gefunden hat, speziell als früherer Konkurrent des chinesischen Kommunismus, nähert sich diese Studie dem Phänomen unter dem Gesichtspunkt einer Kulturbewegung Entsprechend werden nicht nur mögliche bzw. in der damaligen gesellschaftlichen Diskussion aufgegriffene Anknüpfungspunkte an die chinesische Tradition erörtert, sondern auch die diversen Einflüsse von westlicher, besonders französischer und japanischer Seite. Ferner finden zahlreiche Nebenaspekte wie Sprachfragen, primär das Esperanto und die Sprachreform, Diskussion oder Bildungs- und Kommuneexperimente im Rahmen der sogenannten Neuen Lebensstile, die sich mit der Wahrnehmung des Anarchismus in China und Japan verbanden, Beachtung. Da die Gedanken und Werke von Petr A. Kropotkin die zentrale Rolle in der chinesischen und japanischen Anarchismus-Rezeption spielten und auch über eigentlich

anarchistische Kreise hinaus Bedeutung erlangten wird der Kropotkin Rezeption in China und Japan besonderes Augenmerk geschenkt

A Half-century of Greatness Frederic Ewen, 2007-09 A Half Century of Greatness paints a vivid and dramatic picture of the creative thought of mid to late nineteenth century Europe and the influence of the unsuccessful Revolutions of 1848 It reveals often unexpected links between novelists poets and philosophers from England Germany Austria Hungary Russia and Ukraine especially Dickens Carlyle Mill the Bront s and George Eliot Hegel Strauss Feuerbach Marx Engels Wagner and several German poets the Hungarian poet Sndor Petfi Gogol Dostoevsky Bakunin and Herzen in Russia and the great Ukrainian poet Shevchenko The book was reconstructed and edited by Dr Jeffrey Wollock from Ewen s final manuscript It includes the author s own reference citations throughout a reconstructed bibliography and an updated further reading list This is Ewen s last work the long lost companion to his Heroic Imagination Together these books present a panorama of the social political and artistic aspects of European Romanticism especially foreshadowing and complementing recent work on the relation of Marxism to romanticism Anyone interested in what Lukacs called Romantic anticapitalism who appreciates such books as Marshall Berman s Adventures in Marxism 1999 Lwy Sayre s Romanticism against the Tide of Modernity 2001 or E P Thompson s The Romantics 1997 will find the Ewen volumes a welcome addition

Writing with the Words of Others Alan J. Clayton, 2010 Hans Magnus Enzensberger is one of the most widely read and respected writers in post war Germany In the present study a considerable number of his most important poems are closely analyzed including the texts that make up his major poetic cycles Mausoleum 1975 and Der Untergang der Titanic 1978 Central to any discussion of this highly diverse corpus is the way in which Enzensberger creates strikingly original poems on the basis of borrowed material Der Untergang der Titanic for example is closely based on the famous bestseller A Night to Remember 1955 by the American writer Walter Lord and on the film of the same name by Roy Baker 1958 Enzensberger s Versepous is simply unimaginable without Lord s book and certain episodes represented in the poem can be fully understood only by readers who have seen the film The appropriation of documentary material also plays an important role in the series of poems devoted to nature or science many of which present themselves as riddles An entire chapter is devoted to the analysis of these fascinating riddle poems The various personages portrayed in Mausoleum comprise not only scientists inventors explorers and thinkers who were responsible for truly world changing discoveries Gutenberg Humboldt and Darwin for example but also a whole series of historical figures whose admission to this oddball pantheon is best explained by the bizarreness of their often utopian projects or by their compulsive or megalomaniacal personalities The playful and provocative Enzensberger clearly chose several of these latter for their shock value Raimondo di Sangro V M Molotov Ernesto Guevara de la Serna Our reading of this collection demonstrates Enzensberger s willingness to undermine seriousness with irony and humor hence the presence of Dante and Marilyn Monroe on board the sinking Titanic The final chapter examines the relation between poetry and politics and examines the notorious essay Gemeinpl tze die Neueste

Literatur betreffend 1968 as well as the disturbing interview with the Weimarer Beiträge 1971 in which the poet expresses his thankfully short lived rejection of literature as art and his desire to break out of the Ghetto des Kulturlebens This chapter also discusses the influence of Bertolt Brecht Other chapters focus on the poet's taste for anachronism his asynchronous sensibility and the recurrent theme of disappearance

Spinoza: Ein Umriss seines Lebens und Wirkens (Biografie)

Fritz Mauthner, 2024-01-04 In Spinoza Ein Umriss seines Lebens und Wirkens bietet Fritz Mauthner eine umfassende Biografie des einflussreichen Philosophen Baruch Spinoza der im 17. Jahrhundert lebte Mauthners literarischer Stil ist prägnant und analytisch und er zieht Parallelen zwischen Spinozas Denken und den zeitgenössischen philosophischen Strömungen Durch eine detaillierte Untersuchung von Spinozas Leben seiner Philosophie und den historischen Kontext in dem er wirkte gelingt es Mauthner die tiefgreifenden Implikationen von Spinozas Ideen für die moderne Philosophie zu vermitteln Die Strukturen und Themen seines Werks spiegeln das Streben nach intellektueller Klarheit wider und lassen sich in den großen Diskurs der Aufklärung einordnen Fritz Mauthner ein bedeutender deutscher Philosoph und Sprachtheoretiker war stark von der Aufklärung geprägt Sein Interesse an Spinoza kam aus seiner eigenen Auseinandersetzung mit den Themen der Ethik der Idee des Determinismus und der Rolle der Sprache in der Philosophie resultieren Mauthners weitreichende Kenntnisse über die Geschichte der Philosophie und sein eigener kritischer Ansatz machen ihn zu einem geeigneten Autor um Spinozas komplexes Leben und Denken zu beleuchten Dieses Buch ist für jeden Leser empfehlenswert der ein tieferes Verständnis für die Ursprünge der modernen Philosophie anstrebt Mauthners gut recherchierte und anschauliche Darstellung bietet nicht nur Einblicke in Spinozas Leben sondern zeigt auch die Relevanz seiner Ideen in der heutigen Zeit auf Für Philosophiestudenten und Liebhaber ist es ein unverzichtbares Werk das die Brücke zwischen Vergangenheit und Gegenwart schlägt
