*Pioneers of Modern Spirituality* Jane Shaw, 2018-10-17 Distinguished Anglican theologian Jane Shaw presents four of the early 20th century Anglican innovators in spirituality and assesses how they might help us develop a renewed Anglican spirituality for our own spiritual but not religious age These four Anglicans Percy Deamer Evelyn Underhill Somerset Ward and Rose Macaulay are people who revived spirituality at a time like our own when people were questioning institutional religion *The Living Church*, 1946 *History, Religion and Identity in Modern Britain* Keith Robbins, 1993-01-01 They complement and elaborate themes developed in Keith Robbins books *Exploring the Glory of God* Adesola Joan Akala, 2020-11-24 With the aim of envisioning new horizons for a theology of glory *Exploring the Glory of God* New Horizons for a Theology of Glory offers fresh biblical theological and scientific perspectives on the subject of divine self revelation and human responses to the manifestations of divine presence The first three chapters explore the glorious encounter between Moses and God and the Christological dimensions of glory in Johannine and Pauline writings These chapters demonstrate how the biblical text inherently weaves aspects of covenant relationship revelation Christology ecclesiology and eschatology into a remarkable tapestry of divine glory Five theological chapters cover the role of the Holy Spirit and the worshipful response of believers to the glory of God as well as expositions on the glory themed writings of Jonathan Edwards Karl Barth Oscar Romero and Etty Hillesum These theological writers provoke challenging questions by emphasizing how the theme of glory paradoxically encompasses both otherworldly perfection and worldly imperfections The two concluding chapters focus on the natural and physical sciences revealing how God's glory is displayed in the heavens and on earth The entire volume demonstrates the significance of divine glory in the study of the words and works of the triune God **The Fellowship of St Alban and St Sergius** Dimitrios Filippou Salapatas, 2018-06-11 For centuries the Orthodox and the Anglican churches have been in dialogue however this association matured during the twentieth century also known as the Age of Ecumenism where both became members of the World Council of Churches and part of the Official Dialogue Nevertheless it is the work of individuals and ecumenical bodies who undertake an important role in educating people in both the West and the East An example of such a society is the Fellowship of St Alban and St Sergius an ecumenical body that promotes relations between various Christian denominations This book analyses the history theology and practice of the Fellowship Issues such as Church relations Orthodoxy Anglicanism iconography the role of women in the Church intercommunion and the role of Moscow within the Orthodox world are examined As such it will appeal to academics theologians hierarchs churches and anyone interested in modern and ecumenical Theology *Welcome to Anglican Spiritual Traditions* Vicki K. ### **A History of the Quests for the Historical Jesus, Volume 2**

Colin Brown,Craig A. Evans,2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today s biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer s famous Old Quest to today s ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of

World War II Volume Two covers the period from the post War era through contemporary debates **Christian Roots, Contemporary Spirituality** Lynda Barley, 2006 Time to Listen is a series of booklets that present current research messages for the Church today in an accessible way It is intended to help ordinary churches understand the changes in the world around them Christian roots contemporary spirituality the first title in the series looks at recent social trends and attitudes towards church God and belief Drawing on current research Lynda Barley addresses the question of how British society engages with church today and uncovers some surprising signs of encouragement Her analysis shows that the Christian faith still has a place at the heart of the nation on a personal and national level Combining analysis with real life stories she encourages the Church to take advantage of residual inherited faith in order to engage with the spiritual needs of those outside the Church *Secularization in the Long 1960s* Clive D. Field, 2017-03-16 Secularization in the Long 1960s Numerating Religion in Britain provides a major empirical contribution to the literature of secularization It moves beyond the now largely sterile and theoretical debates about the validity of the secularization thesis or paradigm Combining historical and social scientific perspectives Clive D Field uses a wide range of quantitative sources to probe the extent and pace of religious change in Britain during the long 1960s In most cases data is presented for the years 1955 80 with particular attention to the methodological and other challenges posed by each source type Following an introductory chapter which reviews the historiography introduces the sources and defines the chronological and other parameters Field provides evidence for all major facets of religious belonging behaving and believing as well as for institutional church measures The work engages with and largely refutes Callum G Brown's influential assertion that Britain experienced revolutionary secularization in the 1960s which was highly gendered in nature and with 1963 the major tipping point Instead a more nuanced picture emerges with some religious indicators in crisis others continuing on an existing downward trajectory and yet others remaining stable Building on previous research by the author and other scholars and rejecting recent proponents of counter secularization the long 1960s are ultimately located within the context of a longstanding gradualist and still ongoing process of secularization in Britain How to See the Holy Spirit, Angels, and Demons Gordon James Klingenschmitt, 2013-12-01 Are God angels and demons really invisible Or can the spirits be seen with human eyes through the lens of Church Ethics The gift of discerning of spirits is indispensable to the study of church ethics Ignatius of Loyola founder of the Society of Jesus Jesuits wrote two sets of Rules for Discerning of Spirits in his Spiritual Exercises in the early 1500s He taught how the church can receive from God the gift to see otherwise invisible angels demons and the Holy Spirit Ignatius' views were influenced by John Cassian Jacobus de Voragine Ludolph of Saxony and Thomas Kempis Ignatius' Rules are exegeted in dialogue with contemporary scholars Karl Rahner Hugo Rahner Piet Penning de Vries Jules Toner and Timothy Gallagher and applied to one study of ecclesial ethics in the narrative theology of Samuel Wells A four step Ignatian pneumatological ethical method is developed which any analyst can follow to see the spirits by consolation desolation consent

manifestation and pneumatology ethics This method revolutionizes how we study ecclesiology soteriology missiology world religions liturgy worship Eucharist hermeneutics homiletics pastoral counseling church history and politics The spirits are not invisible at all They can be clearly discerned through the lens of ecclesial ethics      **Challenging Religion** James A. Beckford, James T. Richardson, 2003-09-02 Leading scholars examine the growth of new religious movements or cults in the US and Europe over the last 50 years and state attempts to monitor and control them debating the political practical and ethical issues which arise      *Foundations and Futures in the Sociology of Religion* Luke Doggett, Alp Arat, 2017-12-14 Since the sociology of religion became recognised as a distinct sub discipline over the last century the dominance of approaches taking their inspiration from the sociological classics has increasingly been challenged Empirical findings have brought the notion of secularisation into question and theorists have sought to deconstruct how we think of religion This collection appraises the continuing influence of the foundational approaches and places these in relation to newly emerging directions in the field The book is divided into four sections each section containing one foundational chapter written by an established academic followed by two futures chapters contributed by emerging scholars in the sub discipline These chapters complement one another by placing the overview of future directions in the context of a survey of the development of the sociology of religion over the last century Topics discussed in these chapters include lived religion sexuality ritual religion and the media Combining erudite examinations of the British Sociological Association Sociology of Religion Study Group s work so far with explorations of the future directions its research might take this book is vital reading for any scholar whose work combines religious studies and sociology      **Paperbound Books in Print** , 1992      **Mystic Bonfires** Kevin Goodrich OP, 2022-06-08 For centuries people have been drawn to the Christian mystics women and men who have known God in powerful and experiential ways Mystic Bonfires is for students scholars and practitioners of ministry theology and spiritual formation It explores theology and theory and shares insights for practice and prayer Readers will encounter classical concepts about the spiritual life and how to apply these concepts to their ministries in faithful and creative ways Mystic Bonfires includes questions for students in academic and formation settings as well as project ideas for congregations Mystic Bonfires explores the intersection of spiritual theology and practical theology Walter Hilton a 14th century English mystic and a contemporary of Julian of Norwich serves as a case study for the intersection of these fields called practical spiritual theology      **Transfiguration and Hope** D. Gregory Van Dussen, 2018-09-17 To read and visualize the transfiguration of Christ is to enter its mystery and encounter its hope Like the Gospel writers and the disciples who climbed the mountain with Jesus we struggle to tell the story and explain its meaning Yet this astounding event reveals God s ultimate purpose in sending his Son the complete restoration of humanity and all creation our transfiguration in Christ The light and glory of that moment reveal a destiny that is infinite and eternal made possible by the power of grace Transfiguration is the trajectory and goal of our spiritual journey Across time and space Christians have reflected on the mystery and hope epitomized in the

transfiguration yet their voices have been heard primarily within their own cultural and ecclesiastical contexts This study gathers many of those voices from the panorama of Scripture and church history and finds in them the common theme of radical transformation in Christ The point of this theological conversation is spiritual transfiguration and hope for each of us as we reach toward the future Christ has shown us in himself

**By One Spirit** Lorraine Cavanagh, 2009 This is a book for anyone seeking a way out of deadlock in Church conflict situations In employing a contemplative approach to the conflict in the Anglican Communion it shows how relationships can be rebuilt with affection leading to trust The author argues for reconciliation which comes with a renewed awareness of the dynamic activity of the Holy Spirit in the Church's life of communion The present conflict has blocked this activity stifling the Church's intellectual life by reducing it to a matter of issue driven politics which have seriously undermined its relationships The book offers the Anglican Communion the possibility of renewing its life together in a deeper and more apophatic encounter with God in which the certainties which divide it are set aside while the Church rediscovers the genuine bonds of affection which until now have held it together This it argues is the work which needs to be undertaken before a Covenant is put in place if the Anglican Communion is to continue to reveal the Gospel in ways which are meaningful for a constantly changing and fragmented world
