Michelangelo and The Pope's Ceiling Ross King, 2006-05-08 In 1508 Pope Julius II commissioned Michelangelo to paint the ceiling of the Sistine Chapel The thirty three year old Michelangelo had very little experience of the physically and technically taxing art of fresco and at twelve thousand square feet the ceiling represented one of the largest such projects ever attempted Nevertheless for the next four years he and a hand picked team of assistants laboured over the vast ceiling making thousands of drawings and spending back breaking hours on a scaffold fifty feet above the floor The result was one of the greatest masterpieces of all time This fascinating book tells the story of those four extraordinary years and paints a magnificent picture of day to day life on the Sistine scaffolding and outside in the upheaval of early sixteenth century Rome

Michelangelo and the Pope's Ceiling Ross King, 2014-10-14 From the acclaimed author of Brunelleschi's Dome and Leonardo and the Last Supper the riveting story of how Michelangelo against all odds created the masterpiece that has ever since adorned the ceiling of the Sistine Chapel In 1508 despite strong advice to the contrary the powerful Pope Julius II commissioned Michelangelo Buonarroti to paint the ceiling of the newly restored Sistine Chapel in Rome Despite having completed his masterful statue David four years earlier he had little experience as a painter even less working in the delicate medium of fresco and none with challenging curved surfaces such as the Sistine ceiling's vaults The temperamental Michelangelo was himself reluctant He stormed away from Rome incurring Julius's wrath before he was eventually persuaded to begin Michelangelo and the Pope's Ceiling recounts the fascinating story of the four extraordinary

years he spent laboring over the twelve thousand square feet of the vast ceiling while war and the power politics and personal rivalries that abounded in Rome swirled around him A panorama of illustrious figures intersected during this time the brilliant young painter Raphael with whom Michelangelo formed a rivalry the fiery preacher Girolamo Savonarola and the great Dutch scholar Desiderius Erasmus a youthful Martin Luther who made his only trip to Rome at this time and was disgusted by the corruption all around him Ross King blends these figures into a magnificent tapestry of day to day life on the ingenious Sistine scaffolding and outside in the upheaval of early sixteenth century Italy while also offering uncommon insight into the connection between art and history Michelangelo and the Popes Ceiling(Signed) Ross King,2002-10-01

Michelangelo and the Sistine Chapel Andrew Graham-Dixon,2009-02-02 You cannot stand underneath the masterwork that is the Sistine Chapel without considering the genius and painstaking work that went into its creation Michelangelo Buonarroti never wanted to paint the Sistine Chapel though Appointed by the temperamental Julius II Michelangelo believed the suspiciously large scale project to be a plot for failure conspired by his rivals and the Warrior Pope After all Michelangelo was not a painter he was a sculptor The noble artist reluctantly took on the daunting task that would damage his neck back and eyes if you have ever strained to admire the real thing you know Andrew Graham Dixon tells the story behind the famous painted ceiling over which the great artist painfully toiled for four long years Linking Michelangelo s personal life to his work on the Sistine Chapel Graham Dixon describes Michelangelo s unique depiction of the Book of Genesis tackles ambiguities in the work and details the painstaking work that went into Michelangelo s magnificent creation Complete with rich full color illustrations and Graham Dixon s articulate narrative Michelangelo and the Sistine Chapel is an indispensable and significant piece of art criticism It humanizes this heavenly masterpiece in a way that every art enthusiast student and professional can understand and appreciate *Michelangelo & the Creation of the Sistine Chapel* Robin Richmond,1992 This is a

An introductory essay by the editor Documents and literary sources Critical essays from the art historical literature Modeled on the highly successful Norton Critical Editions this series offers illuminating introductions to major monuments of painting sculpture and architecture **Michelangelo** Jane Bingham, Michelangelo Buonarroti, 2009-07-01 Designed to reinforce literacy skills and arts knowledge with easy to follow activities *Michelangelo and the English Martyrs* Anne Dillon, 2016-12-05 In May 1555 a broadsheet was produced in Rome depicting the torture and execution in London and York of the Carthusians of the Charterhouses of London Axeholme Beauvale and Sheen during the reign of Henry VIII This single page martyrology provides the basis for an in depth exploration of several interconnected artistic scientific and scholarly communities active in Rome in 1555 which are identified as having being involved in its production Their work and concerns which reflect their time and intellectual environment are deeply embedded in the broadsheet especially those occupying the groups and individuals who came to be known as Spirituali and in particular those associated with Cardinal Reginald Pole who is shown to have played a key role in its production Following an examination of the text and a discussion of the narrative intentions of its producers a systematic analysis is made of the images This reveals that the structure content and intention of what at first sight seems to be nothing more than a confessionally charged Catholic image of the English Carthusian martyrs typical of the genre of propaganda produced during the Reformation is astonishingly dominated by the most celebrated name of the Italian Renaissance the artist Michelangelo Buonarroti Not only are there direct borrowings from two works by Michelangelo which had just been completed in Rome The Conversion of St Paul and The Crucifixion of St Peter in the Pauline Chapel but many other of his works are deliberately cited by the broadsheet s producers Through the use of a variety of artistic scientific and historical approaches the author makes a compelling case for the reasons for Michelangelo s presence in the broadsheet and his influence on its design and production The book not only demonstrates Michelangelo s close relationship with notable Catholic reformers but shows him to have been at the heart of the English Counter Reformation at its inception This detailed analysis of the broadsheet also throws fresh light on the Marian religious policy in England in 1555 the influence of Spain and the broader preoccupations of the Counter Reformation papacy while at the same time enriching our understanding of martyrology across the confessional divide of the Reformation

Michelangelo Miles J. Unger, 2015-07-21 Among the immortals Leonardo Rembrandt Picasso Michelangelo stands alone as a master of painting sculpture and architecture He was not only the greatest artist in an age of giants but a man who reinvented the practice of art itself Throughout his long career he clashed with patrons by insisting that he had no master but his own demanding muse and promoting the novel idea that it was the artist rather than the lord who paid for it who was creative force behind the work This is the life of perhaps the most famous most revolutionary artist in history told through the stories of six of his magnificent masterpieces *Michelangelo, Selected Scholarship in English: The Sistine Chapel* William E. Wallace, 1995 Accessible to readers useful to specialists Much as has been written on Michelangelo By 1970 the number of scholarly books and articles exceeded 4 000 approximately a tenth in English In the past 25 years the literature has grown exponentially with a notable increase in English language publications The five volume series reproduces some 100 articles in English selected from a broad range of books and journals The collection is both accessible to the general reader and useful to the specialist offering a representative sample of old and new commentary on the artist and his work The career of a genius Articles are arranged chronologically with separate volumes covering the artist's early life and works the Sistine Chapel ceiling commission associated with San Lorenzo the tomb of Julius II and other Roman projects and a final volume devoted to drawings poetry and miscellaneous studies Spanning his entire 89 year life the articles explore Michelangelo's prodigious creativity as an artist thinker and poet The sheer quantity of what has been written on Michelangelo can be intimidating most students have little sense of how to approach or effectively utilize the vast literature By presenting a varied introduction to a great artist this collection is a handy reference tool for a wide array of topics problems and literature
