Modern French Literature And Language:

Modern French Literature and Language : a Bibliography of Homage Studies Herbert Hershel Golden, Seymour Oliver Simches, 1953 A History of Modern French Literature Christopher Prendergast, 2025-06-17 An accessible and authoritative new history of French literature written by a highly distinguished transatlantic group of scholars This book provides an engaging accessible and exciting new history of French literature from the Renaissance through the twentieth century from Rabelais and Marguerite de Navarre to Samuel Beckett and Assia Djebar Christopher Prendergast one of today's most distinguished authorities on French literature has gathered a transatlantic group of more than thirty leading scholars who provide original essays on carefully selected writers works and topics that open a window onto key chapters of French literary history The book begins in the sixteenth century with the formation of a modern national literary consciousness and ends in the late twentieth century with the idea of the national coming increasingly into question as inherited meanings of French and Frenchness expand beyond the geographical limits of mainland France Provides an exciting new account of French literary history from the Renaissance to the end of the twentieth century Features more than thirty original essays on key writers works and topics written by a distinguished transatlantic group of scholars Includes an introduction and index The contributors include Etienne Beaulieu Christopher Braider Peter Brooks Mary Ann Caws David Coward Nicholas Cronk Edwin M Duval Mary Gallagher Raymond Geuss Timothy Hampton Nicholas Harrison Katherine Ibbett Michael Lucey Susan Maslan Eric M choulan Hassan Melehy Larry F Norman Nicholas Paige Roger Pearson Christopher Prendergast Jean Michel Rabat Timothy J Reiss Sarah Rocheville Pierre Saint Amand Clive Scott Catriona Seth Judith Sribnai Joanna Stalnaker Aleksandar Stevi Kate E Tunstall Steven Ungar and Wes Williams Modern French Literature and Language: a Bibliography of Homage Studies Herbert Hershel GOLDEN (and SIMCHES (Seymour Oliver)), Seymour Oliver SIMCHES, 1953 Evil: A History in Modern French Literature and Thought Damian Catani, 2013-02-14 In this original interdisciplinary approach to evil in French literature Damian Catani links literary depictions of evil with cultural events to chart a history of the concept in some of the most important texts in modern literature Beginning with Balzac and Baudelaire Catani covers the restoration and the Second Empire before interpreting how Catholic stereotypes of the evil feminine and new scientific theories impacted the work of Lautr amont and Zola Moving into the twentieth century evil is then explored in terms of the Self power knowledge and politics through readings of Proust C line Sartre and Foucault By seamlessly bringing together aesthetic philosophical historical and ideological concerns to read key French writers from the 18th to the 21st century this study argues why a broader treatment of literary evils is vital to understanding our contemporary moral and political climate **Paths to Contemporary French Literature, Volume 1** John Taylor, 2005-04-27 Although the great French novelists of the last two centuries are widely read in America there is a widespread notion that little of importance has happened in French literature since the heyday of Sartre Camus and the nouveau roman Some might argue that even

well read Americans are ignorant about what is happening in European literature generally Certainly there has never been so few translations of foreign books in the United States or so little coverage of foreign writers Curious American readers need new up to date information and analyses about what is happening elsewhere *Paths to Contemporary French Literature* is a stimulating and much needed guide to the major currents of one of the world s great literatures This critical panorama of contemporary French literature introduces English language readers to over fifty important writers and poets many of whom are still little known outside of France Emphasizing authors who are admired by their peers as opposed to those with overnight reputations John Taylor offers a compelling insider s view The pioneering essays included in this book offer incisive analyses of the ideas motivating current writing and delve into a writer s or poet s entire output Although some names may be familiar Marguerite Duras Hulne Cixous Philippe Jaccottet Henri Michaux the reader obtains fresh reappraisals of their seminal work Especially noteworthy however are Taylor s lively introductions to many other key writers who either have not yet crossed the English Channel let alone the Atlantic Combating the notion that French literature is overtly intellectual inaccessible or interested only in formal experimentation Taylor shows that many French writers are instead acutely inquisitive about the outside world shrewd observers of reality even very funny Although not conceived as a reference book the volume possesses some qualities of a reference work a good bibliography reliable dates and biographical facts *Paths to Contemporary French Literature* will be of interest to students of French literature and culture literary scholars and readers of contemporary fiction and poetry

Fictions of Race in Contemporary French Literature Étienne Achille, Oana Panaïté, 2025-05-19 Contemporary French writers have embarked on various quests for new sources of thematic and formal inspiration which are increasingly tied to issues of postcolonial legacies However French literature has never been consistently examined through the lens of race ethnicity and its relation to post coloniality *Fictions of Race in Contemporary French Literature* is the first scholarly study to engage with the figure of the White writer and explore the White literary gaze in contemporary France The book highlights the inherent postcoloniality of White Hexagonal literature in a context marked by institutionalized colour blindness and offers a reflection on responsible writing in and about postcolonial France The book identifies a set of formal features functions and aesthetic dispositions which reveal the ways in which White writers grapple with postcolonial subjects It focuses on seven case studies featuring texts by Marie Darrieussecq Virginie Despentes Annie Ernaux Nicolas Fargues Pierre Lemaitre douard Louis and Nicolas Mathieu Achille and Pana t argue that it is imperative to recast the enduring boundedness of race and empire as a matter of equal concern to White and non White writers

Paths to Contemporary French Literature John Taylor, 2017-07-05 Praised for his independence curiosity intimate knowledge of French literature and sharp reader s eye John Taylor is a writer critic who is naturally skeptical of literary fashions overnight reputations and readymade academic categories Here he examines various genres of politically committed literature such as Jean Hatzfeld s narratives about Rwanda or Tchicaya U Tam si s verse some overlooked fiction and several provocative

experiments with literary form ranging from the poetry of Jean Paul Michel and Marie etienne to the three line novels of Felix Feneon Taylor continues to reveal the remarkable resourcefulness of French writing Besides drawing attention to authors like Dai Sijie or Albert Cossery who have come to French from other languages he has added younger novelists to his critical panorama Challenging persistent cliches and recovering deserving voices from unjust neglect Taylor s vision of French literature conjures up the image of a vital nexus Poetry crisscrosses with prose writers from one generation meet up with those from the next or the previous one while the philosophical ideas underlying French writing are scrutinized This is an essential guide to the realities of French culture today **Paths to Contemporary French Literature, Volume 2** John Taylor,2004 Although the great French novelists of the last two centuries are widely read in America there is a widespread notion that little of importance has happened in French literature since the heyday of Sartre Camus and the nouveau roman Curious American readers seeking new up to date information and analyses will find in Paths to Contemporary French Literature a stimulating and much needed guide to the major currents of one of the worldas great literatures This critical panorama of contemporary French literature introduces English language readers to over fifty important writers and poets Emphasizing authors who are admired by their peers as opposed to those with overnight reputations John Taylor offers a compelling insideras view Library of Congress Subject Headings Library of Congress,Library of Congress.
