Historical Dictionary of Nepal Nanda R. Rehearsing for Life Monica Mottin, 2018-03-09 This work examines the production and performance of theatrical activities aimed at bringing about social change in both development and political intervention in Nepal If everyday social problems can be both represented and challenged through drama based performances then what differentiates street theatre performed in planned developments from street theatre performed within social and political movements This multi-sited ethnography attempts to answer this question by following the works of Aarohan Theatre a Kathmandu based professional company performing both loktantrik natak theatre for democracy in the context of the 2005-06 popular movement and kachahari natak forum theatre for development projects The analysis then extends to the forum theatre produced by one of Aarohan's partner groups the Kamlari Natak Samuha a Tharu grassroots activist organization based in Deukhuri Valley West Nepal campaigning against indentured child labour

Alignment and Ergativity in New Indo-Aryan Languages Saartje Verbeke, 2013-03-22 The volume investigates the different alignment patterns in Indo-Aryan and shows that the variation of alignment patterns in Indo-Aryan goes beyond the opposition between accusativity and ergativity The book includes a thorough discussion of the concepts and terminology relating to alignment patterns The study draws extensively on new language data from Indo-Aryan It includes discussions of examples taken from Hindi Sanskrit Apabhramsa Asamiya Bangla Oriya the Bihari languages Nepali Kashmiri Sindhi Siraiki Poguli Gujarati Punjabi Marwari Harauti the Hindi varieties and Shina The volume offers a comprehensive overview of various alignment patterns in Indo-Aryan based on a wide range of data By focusing on lesser known Indo-Aryan languages the study questions the central position of Hindi Urdu in the research on ergativity Each language is treated in its own right with a focus on language specific data and analyses rather than relying on a notional format that starts with pre-established linguistic concepts In accordance with this methodology much attention is paid to indirect connections between ergative constructions and other syntactic and semantic patterns in the various languages

Darjeeling Dinesh Chandra Ray, Srikanta Roy Chowdhury, 2022-12-22 History has always dealt with people yet often gazing at the people from the perspectives of the non-people colonizers intruders outsiders and the privileged elite insiders who seem to have internalized the mainstream perspective framed by the outsiders In this context a group of scholars working on Darjeeling felt that there was a need for an inclusive people's history of the Darjeeling hills The present volume tries to fill this gap of the missing voices of the people of the Darjeeling hills and their cultures through re-writing inclusive history of society and culture from below not only by decoding the elements that are treated as tradition but also the transformations in the realms of arts and ecology For the tribal scape of the Darjeeling hills is not a static frozen zone and the people hence the geo-space are in continuous transition from traditional beings towards becoming neo-traditional Accepting history as constantly extra-mural the objectives of the book are to focus on undocumented histories related to harmony intimacy belongingness and environmental care and thereby

interact the living with what is often projected as dead by rejecting to abide by any given set of references as the final scientific authentic and thereby opening up with other kinds of historical dialogue with the understated historical items that are accessible in Darjeeling Taylor Francis does not sell or distribute the print version of this book in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Wandering with Sadhus* Sondra L. Hausner, 2007 Intimate portraits of the life of Hindu Sadhus
