no developer in history has been confronted with before Jason Lang recently graduated and newly hired at Sullivan is appointed project manager in charge of exploring the viability of Prank a seemingly benign career start that instead becomes his baptismal journey into chaos and mayhem In due course Jason teams up with Andrea Cole a stunningly beautiful social analyst hired to evaluate the impact of such a project on the Prank population Andrea and Jason find common ground and begin an intensely intimate and gripping relationship that endures many twists and ugly hardships If developers were to descend on Prank and disturb its anthills the peaceful calm of rural living would be forever disturbed But worse a thriving local operation would be severely threatened and that cannot be allowed to happen Macom Farm begins the chronicle as an intense standoff between the developer the townsfolk and an unknown force with evil ambitions a mixture of clever parry and thrust legal maneuvering cyber warfare flawed law brutal murders and perverse strategies
