**Essays and Interviews on Contemporary American Poets, Poetry, and Pedagogy** Daniel Morris, 2024-09-10

In sixteen chapters devoted to avant-garde contemporary American poets including Kenneth Goldsmith, Adeena Karasick, Tyrone Williams, Hannah Weiner, and Barrett Watten, prolific scholar and Purdue University professor Daniel Morris engages in a form of cultural repurposing by learning twice about how to attend to writers whose aesthetic contributions were not part of his education as a student in Boston and Chicago in the 1980s and 1990s, when new formalism and post-confessional modes reigned supreme. Morris's study demonstrates his interest in moving beyond formalism to offer what Stephen Fredman calls a wider cultural interpretation of literature that emphasizes the new historicist concerns with hybridity, ethnicity, power, relations, material culture, politics, and religion. Essays address multiple perspectives: prophetic, diasporic, ethical, the vexing problems, and sublime potential of disseminating lyrics; the ancient form of transmission and preservation of the singular, private human voice across time and space to an individual reader in an environment in which e-poetry and digitalized poetics pose a crisis understood as both opportunity and threat to traditional page poetry.

**Modern Love and Poems of the English Roadside, with Poems and Ballads** George Meredith, 2013-01-08

Modern Love and Poems of the English Roadside occupies a distinctive and somewhat notorious place within George Meredith's already unique body of work. Modern Love is now best known for the emotionally intense sonnet cycle which Meredith's own contemporaries dismissed as scandalously confessional and indiscreet. While individual sonnets from the work have been anthologized, the complete cycle is rarely included, and the original edition has not been reprinted since its first appearance in 1862. This edition restores the original publication and supplements it with a range of accompanying materials that will reintroduce Meredith's astonishing collection of poetry to a new generation of readers.

*An Introduction to Chinese Poetry* Michael Fuller, 2020-10-26

as possible to the texture of the poems in their original language The first two chapters introduce the features of classical Chinese that are important for poetry and then survey the formal and rhetorical conventions of classical poetry The core chapters present the major poets and poems of the Chinese poetic tradition from earliest times to the lyrics of the Song Dynasty 960-1279 Each chapter begins with an overview of the historical context for the poetry of a particular period and provides a brief biography for each poet Each of the poems appears in the original Chinese with a word by word translation followed by Michael A Fuller's unadorned translation and a more polished version by modern translators A question based study guide highlights the important issues in reading and understanding each particular text Designed for classroom use and for self study the textbook's goal is to help the reader appreciate both the distinctive voices of the major writers in the Chinese poetic tradition and the grand contours of the development of that tradition **New Voices** Marguerite Ogden
