DIY Football Peter Kennedy, David Kennedy, 2018-10-11 The intention of the book is to highlight the development of a type of football organisation that falls outside of the well-documented elite professional game, the most recognizable face of the sport. Specifically, the focus here will fall upon community-based football clubs which have grown out of the grassroots game. Well-known examples of these clubs in Britain are the Bristol organisation Easton Cowboys and Cowgirls and the Leeds-based Republica Internationale. Both of these clubs have forged links with similarly motivated organisations in other countries who regularly come together in tournaments to express solidarity. Collectively, these clubs have sometimes been referred to as forming a DIY culture in football. Their defining characteristics being variously described as anti-commercial, democratically constituted, advocating social responsibility and inclusiveness and holding an outlook of solidarity that in some cases involves political education. This book was originally published as a special issue of *Sport in Society*.

Modern Britain 1700-1983 Geoffrey Alderman, 2023-01-20 First Published in 1986, *Modern Britain 1700-1983* presents an interpretation of major trends in the domestic history of the United Kingdom since the beginning of the eighteenth century. It is not intended to offer a comprehensive history of Britain and in particular foreign and colonial policies are not considered; the focus is on the recreation and analysis of what it felt like to live in Britain throughout the period in question. Many features of present-day Britain have their roots in the eighteenth century: industrialization, urbanisation, mass communications, constitutional monarchy, the rule of parliamentary law. To examine British history since 1700 is to approach directly an understanding of our own world. The period sees the development of a predominantly agricultural country into the first industrial nation, the progression from still high infant mortality and early death to sophistication of modern medicine, from the dominance of the traditional landed ruling class to the rise of the Liberals and of the Labour Party and of a New Conservatism. Dr Alderman's history will illuminate our past for a new generation of students.
