Modern Israel:

A History of Modern Israel Colin Shindler, 2013-03-25 Colin Shindler's remarkable history begins in 1948 as waves of immigrants arrived in Israel from war torn Europe to establish new cities new institutions and a new culture founded on the Hebrew language Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours internal ideological differences and ongoing confrontation with the Palestinians In this updated edition Shindler covers the significant developments of the last decade including the rise of the Israeli far right Hamas's takeover and the political rivalry between Gaza and the West Bank Israel's uneasy dealings with the new administration in the United States political Islam and the potential impact of the Arab Spring on the region as a whole This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light

What is Modern Israel? Yakov M. Rabkin, 2016-05-20 Few countries provoke as much passion and controversy as Israel What is Modern Israel convincingly demonstrates that its founding ideology Zionism is anything but a simple reaction to antisemitism Dispelling the notion that every Jew is a Zionist and therefore a natural advocate for the state of Israel Yakov Rabkin points to the Protestant roots of Zionism in order to explain the particular support Israel musters in the United States Drawing on many overlooked pages of history including English French Hebrew Yiddish and Russian sources Yakov Rabkin shows that Zionism was conceived as a sharp break with Judaism and Jewish continuity Israel's past and present must be seen in the context of European ethnic nationalism colonial expansion and geopolitical interests rather than as an incarnation of Biblical prophecies or a culmination of Jewish history

Ancient and Modern Israel Ira Sharkansky, 2012-02-01 This book identifies and examines those parallels between ancient and modern Israel that help to clarify the conflicts apparent in modern Israel It discusses such contemporary issues as the Arab uprising and the Israeli government's ambivalence in dealing with it the government's inability to come to a permanent solution concerning the territories occupied in 1967 and the lack of a clear cut consensus in the 1988 elections By comparing these and other modern issues to those of ancient Israel Sharkansky shows that Israel's deeply rooted problems as a nation are likely to continue occasionally punctuated by violent outbursts

Drama and Ideology in Modern Israel Glenda Abramson, 1998-09-10 A large number of political plays have been written in Israel over the past fifty years and they are perceived by audiences and critics alike as major interventions in the country's ongoing political debates the result is that Israeli drama is at the centre of many public controversies In this first full length study of Israeli political drama Glenda Abramson shows that during the early years of the State of Israel most of its intellectuals were identified with the official state interpretation of Zionism After the Six Day War in 1967 an influential group of playwrights concerned with the evolution of Zionist ideology in the modern nation state began to question the ethical basis of Zionism Hanokh Levin Yehoshua Sobol Yosef Mundi Miriam Kainy Amos Kenan and others have gone on to examine Zionism as it affects

Crouse, 2014-10-28 The dominant political theme of the State of Israel is the perpetual quest for security In its first 25 years Israel experienced five wars with Arab states declaring their goal to destroy Israel In *American Christian Support for Israel Standing with the Chosen People 1948-1975* Eric R Crouse examines how American Christians responded to Israel's wars and the persistent threats to its security While some were quick to condemn Israel as it made difficult and unpopular decisions in its fight for survival in a hostile region conservative Christians were trustworthy supporters routinely voicing uplifting reports Crouse argues that Israel's embodiment of western ideals and its remarkable economic development gave conservative Christians good reasons to favor Israel in a troubled Middle East but the main reason for their unconditional support was the key biblical text of Christian Zionism I will bless those who bless you Abraham and his descendants and I will curse him who curses you Genesis 12:3 *Routledge Handbook on Contemporary Israel* Guy Ben-Porat, Yariv Feniger, Dani Filc, Paula Kabalo, Julia Mirsky, 2022-07-29 This Handbook provides a comprehensive overview of contemporary Israel accounting for changes developments and contemporary debates The different chapters offer both a historical background and an updated analysis of politics economy society and culture Across five sections a multidisciplinary group of experts including sociologists political scientists historians and social scientists engage in a wide variety of topics through different perspectives and insights The book opens with a historical section outlining the formation of Israel and Jewish nationalism The second section examines contemporary institutions in Israel their developments and the contemporary challenges they face in light of social economic political and cultural changes The third section explores geopolitics and Israel's foreign relations exploring conflicts alliances and foreign policy with neighbors and powers The fourth section engages with Israel's internal divisions and schisms highlighting questions of identity and inequality while also outlining processes of integration and marginalization between groups The final section explores matters of culture through the social and demographic shifts in contemporary music poetry and cuisine along with the struggles for inclusion and the impact of globalization on Israeli culture The *Routledge Handbook on Contemporary Israel* is designed for academics along with undergraduate and postgraduate students taking courses on Israel Israeli politics and culture and society in modern Israel **Victimhood Discourse in Contemporary Israel** Ilan Peleg, 2019-04-24 This book deals comprehensively with different aspects of collective victimhood in contemporary Israel but also with the wider implications of this important concept for many other societies including the Palestinian one The eight highly diverse scholarly chapters included in this volume offer analysis of the politics of victimhood viewing it as increasingly dominant within contemporary Israel assess victimhood as a focal point of the Jewish historical legacy trace the evolution and changes of Zionist thought as it relates to a sense of national victimhood study the possibility of the political transformation of victimhood through changing perceptions and policies by top Israeli

leaders focus on important events that have contributed to the evolvement of the victimhood discourse in Israel and beyond e g the 1967 Six Day and 1973 Yom Kippur wars in the Middle East examine the politics and ideology of victimhood within the Palestinian national movement and offer new ways of progressing beyond national victimhood and toward a better future for people in the Middle East and beyond The insights of the eight authors and their conceptualization of Israeli victimhood are of immediate relevance for numerous other national groups as well as for a variety of disciplines in the humanities and the social sciences This volume has been inspired by the universality of victimhood among humans reflected in King Lear s words I am a man more sinned against than sinning as well as by the words of the late Israeli prime minister Yitzhak Rabin telling the Knesset in Jerusalem No longer is it true that the whole world is against us While the book sums up the state of the field in regard to collective victimhood it invites the readers to engage in contemplating the far reaching implications of this important concept for our lives

Israel's story didn't start with a nation it began with one man named Abraham In this foundational chapter you'll discover the crucial Genesis account detailing God's unique promise Genesis 12:1-3 This promise became the foundation for everything that followed the birth and growth of the nation of Israel their role in God's redemptive plan and their significance in the coming of the Messiah Understanding Abraham and God's unbreakable covenant sets the stage for grasping Israel's entire historical and prophetic journey **Israel: the 51st State** Morris Glen Bowers,2005-06 One thing that people are slow to learn a thing that they must learn to correctly understand the Bible is that the whole Jewish religion ended at the cross of Christ and a new order became effective The total misunderstanding of Matthew chapter 24 is at the root of most of this confusion If the Messiah didn't come during the time of the Roman occupation of the land of promise then HE will never come It will never happen What the Palestinians feared would happen has clearly happened The killing and confusion in the Middle East is to be laid at the feet of the United Nations England France and the United States The false doctrine of premillennialism and those that teach this subject must take full responsibility for adding fuel to the fire of hatred among the State of Israel and Palestinians The current day denominational preachers that are guilty of teaching this evil doctrine are Billy Graham Garner Ted Armstrong Franklin Graham Jack Van Impe Pat Robertson John Hagee Jerry Falwell Benny Hinn David Cerullo Pat Robison Lou Shelton the Trinity Broadcasting Network and the thousands of less known denominational preachers in your own home towns across America The Bible contains the mind of God the state of man the way of salvation the doom of sinners and the happiness of believers Its histories are true its doctrines are holy its precepts are binding and its decisions are immutable Read it to be wise believe it to be safe and practice it to be holy **The Kingdom of Israel** J. P. Philpott,2024-02-28 Reprint of the original first published in 1883 Perspectives on Israel and the Church Chad Brand,2015-03-01 The relationship between Israel and the church is one of the most debated issues in the history of theology To advance the conversation *Perspectives on Israel and the Church* brings together respected theologians representing four positions **Arab Evangelicals in Israel** Azar Ajaj,Duane Alexander Miller,Philip Sumpter,2016-07-11 The essays contained in this book provide an introduction to the history challenges and hopes of contemporary evangelical Arab Christians in Israel and to a lesser degree in the West Bank After opening with a general overview of Arab Christianity in the Holy Land the following chapters treat different aspects of the evangelical Arab experience the founding of the Convention of Evangelical Churches in Israel CECI as well as a theological seminary for the training of church workers Nazareth Evangelical Theological Seminary NETS the self understanding of Arab Baptists in terms of their identity and relation to other groups in Israel an Arab perspective on the relationship between Arab evangelicals and Messianic Jews as well as the struggles hopes and fears of another evangelical community that is usually hidden from view namely that of Muslim converts to Christianity in Israel the West Bank and the Middle East in general The final chapter offers a detailed bibliography on
